JOURNAL OF PROCEEDINGS
BOARD OF SUPERVISORS

MONDAY, JANUARY 3, 1927, 10 A. M.

In Board of Supervisors, San Francisco, Monday, January 3, 1927, 10 a. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Stanton, Todd—13.

Absent — Supervisors Badaracco, Bath, Roncovieri, Schmidt, Shannon—5.

Supervisor Badaracco excused on account of being in Sacramento on official business.

Quorum present.

His Honor Mayor Rolph presidin. (At the hour of 11:05 a. m. excused himself and called Supervisor McSheehy to the chair.)

Mayor's Veto, Embarcadero Busses.

The following was presented, read by the Clerk and *laid over one week*:

December 31, 1926.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen:

I return to you herewith, without my approval, Resolution No. 26582 (New Series), finally adopted by your Honorable Board on December 20, 1926, for the following reasons:

1. Attached hereto is an opinion of the City Attorney which states that the power of choosing the particular make of automobile bus to be purchased for The Embarcadero service rests with the City Engineer and the Board of Public Works. The City Engineer having already made his recommendation and the Board of Public Works having acted upon it in accordance with a previous ordinance of your Honorable Board, the present legislation is both illegal and unnecessary.

Respectfully,
(Sgd.) JAMES ROLPH, JR.,
Mayor.

Resolution No. 26582 (New Series), as follows:

Resolved, That the sum of forty-seven thousand seven hundred and forty-two dollars is hereby appropriated from the Municipal Railway Depreciation Fund and authorized to be expended by the Board of Public Works for Embarcadero busses as follows:

For the purchase of six White chassis, complete, to meet City Engineer's specifications, $30,129.

For California Motor Coach bodies, $17,613.

Total, $47,742.

City Attorney's Opinion, Embarcadero Busses.

Dec. 30, 1926.

Subject: Right of Board of Supervisors to designate equipment to be used by public utility.

Dear Sir:

I am in receipt of your letter of December 28th, enclosing a copy of Resolution No. 26582 (New Series), which reads as follows:

"Resolution No. 26582 (New Series). Resolved, That the sum of forty-seven thousand seven hundred and forty-two dollars is hereby appropriated from the Municipal Railway Depreciation Fund and authorized to be expended by the Board of Public Works for Embarcadero busses, as follows:

For the purchase of six White chassis, complete, to meet City Engineer's specifications, $30,129.

For California Motor Coach bodies, $17,613.

Total, $47,472."

You ask that you be advised as to whether or not the Board of Supervisors has the right to designate the purchase of the special equipment mentioned in the resolution.

Opinion.

Section 9 of Chapter I, Article VI of the Charter provides:

"The Board of Public Works shall have charge, superintendence and control under such ordinances as may from time to time be adopted by the Supervisors:

Sub. 8. Of the construction, maintenance and operation of any and all public utilities, owned, controlled or operated by the City and County, or which may hereafter be so constructed, owned, controlled or operated. Full authority is vested in the Board of Public Works to carry out the powers granted in this paragraph, and it may, in accordance with such ordinances as the Supervisors may enact, contract for work to be performed, or materials or equipment to be furnished, or for expert, technical or professional services to be rendered, wherever such work, services, materials or equipment are certified by the City Engineer to be necessary in connection with the construction, maintenance or operation of such utilities."

Under the provisions of the subdivision quoted, it would appear that to some extent a dual control is exercised over public utilities owned and operated by the City, one by the Board of Public Works pursuant to the direct provisions of the section and the other by the Board of Supervisors under such ordinances as that Board may enact as provided in the section. It was undoubtedly the intention of the charter framers that the powers of each of the controlling authorities should be so exercised, that one would to some extent be a check upon the other, but that neither should so operate that the people should not receive the fullest benefit of their publicly-owned utilities.

I am of the opinion that it lies within the power of the Board of Supervisors, acting by ordinance, to regulate the method as to how the Board of Public Works shall acquire equipment for the particular utility, or, in other words, it may specify the manner of entering into contracts for the needed equipment, the class of service to be furnished and may specify to a very large degree the character of the equipment which may in its opinion be necessary for that particular service, and the Board of Public Works is bound by its ordinance in this regard. To illustrate: As the Board of Supervisors has authorized the operation of a bus line on The Embarcadero, it has the right to regulate the character of service which it wishes to furnish to the public, and would, therefore, have the right to specify the number of busses, their size, etc., and the Board of Public Works would not have the right to depart from the regulations.

Your attention is, however, directed to the power of the City Engineer over all equipment which may be purchased by the Board of Public Works. That official must certify to its necessity, and it is only when he does so that the Board of Public Works, even pursuant to the order of the Board of Supervisors, has the right to contract for it. This brings us, therefore, to the question as to the power of the Board of Supervisors over the specific type of the equipment. If the City Engineer should certify that a certain type of equipment (which would furnish the service demanded by the Board of Supervisors) was necessary for the particular utility, the Board of Supervisors would not have the right to compel the purchase of equipment of another type.

You are, therefore, advised that the Board of Supervisors has the right to regulate the method of entering into all contracts for public utility equipment and to specify its general character and the class of service to be installed, but not the independent power to compel the purchase of any particular type of equipment to give that service.

I note, however, that the resolution which you forwarded me states that a portion of the appropriation is made "for the purchase of six White chassis, complete, to meet City Engineer's specifications". If the City Engineer has approved the six White chassis, or certified to their necessity for the particular utility in question, the Board has the right to specify this particular type of chassis in its resolution appropriating the money for their purchase.

Sincerely yours,
(Sgd.) JNO. J. O'TOOLE,
City Attorney.

Police Telephone Number.

The following was presented and read:

The Pacific Telephone and Telegraph Company,
Northern California and Nevada.
San Francisco, Dec. 20, 1926.

Mr. Wm. P. Stanton, Chairman Telephone Committee, City and County of San Francisco, San Francisco, Cal.

Dear Sir:

Referring to a resolution pre-

PUBLIC LIBRARY

sented by Supervisor Andrew J. Gallagher under date of November 22, 1926, regarding telephone calls to the Police Department, in which Mr. Gallagher requested that citizens needing service shall merely have to call direct to the Police Department and be connected with that department.

I wish to advise that it is our present practice to accept calls by name for the Police Department, and all calls are connected to the Police Department's private branch exchange board and their operator routes the calls to the proper district police station.

It is my understanding that these calls are being handled very satisfactorily and that there is no delay in the citizens getting the Police Department at all times. I might also state that all operators entering the service of our company are impressed with the importance of the calls for the Police and Fire Department, also the Emergency Hospital. You will note that these numbers appear on the outside of our telephone directory and are easily accessible to the public.

Yours very truly,
T. F. DELURY,
Division Commercial Representative.

Referred to Telephone Committee.

Protest Against Employment of Lighting Survey Engineer.

Supervisor Colman presented:

Communication, from Adolph Uhl, protesting employment of Street Lighting Survey engineer.

Referred to Lighting Committee.

PRESENTATION OF PROPOSALS.

Bids were received for water towers and Monitor batteries for the Fire Deaprtment, for X-ray films for the San Francisco Hospital and for 200 galvanized iron garbage cans for the School Department and were *referred to the Supplies Committee.*

UNFINISHED BUSINESS.

Minority Report of Supervisor Deasy on Lease of 333 Kearny Street.

December 29, 1926.

Hon. Board of Supervisors, City Hall, City.

Gentlemen:

Your minority of the Building Committee beg leave to report to your Hononable Board a resolution passed unanimously by the Board of Supervisors July 17, 1926, No. 25899, requesting the Board of Public Works to confer with the Chief of Police to determine the amount of additional space required in the Hall of Justice for the growing needs of the Police Department and to report to the Board their findings.

On August 28, 1926, the Chief of Police advised the Board in the following letter:

"Please be advised that the Police Department can occupy all the rooms vacated by the District Attorney, Public Defender, Probation Officer and their respective staffs, which are located in the Hall of Justice, at Kearny and Washington streets.

"Said premises can be utilized and occupied immediately without any alterations for some time, therefore I would respectfully request that proper authorization be granted to this department for the occupancy of the above mentioned space."

I therefore recommend to the Board of Supervisors that the vacant space now existing in the Hall of Justice be assigned to the Police Department in accordance with their letter to the Board of August 28, 1926.

Yours truly,

C. J. DEASY.

Supervisor Deasy's Resolution.

Whereas, the certain rooms situate in the Hall of Justice heretofore occupied by the District Attorney, the Public Defender and the Adult Probation Officer have been vacant since the removal of the said offices and officials to premises at No. 333 Kearny street and are still vacant and unoccupied; and

Whereas, the Chief of the Police Department, by communication heretofore filed set forth that the said vacated premises if made available could be occupied and utilized by the Police Department without any alterations being made therein; therefore, be it

Resolved, That the said vacated rooms in the Hall of Justice, situ-

ated mainly on the third and fourth floors and to be more specifically specified by their respective numbers be and the same are hereby assigned to the Police Department for its use and purposes.

Majority Report.

San Francisco, December 27, 1926.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your majority Committee on Public Buildings and Lands, to which was referred the resolution terminating the lease by the City of premises known as 333 Kearny street, now occupied by the District Attorney, Public Defender, the Adult Probation Officer and the Grand Jury, on the 1st day of May, 1927, and directing the said herein named officials to be reinstated in the Hall of Justice, would respectfully report that careful consideration has been given to the subject matter expressed in the resolution, taking into consideration that the alterations heretofore ordered and now under progress in the Hall of Justice will be completed within a period of about 90 days, and will, in the opinion of your committee, more adequately accommodate the hereinbefore referred to officials of the City and County.

Your committee has realized the inconvenience to the public by reason of the removal of the said officials from the Hall of Justice, with the thought of remedying such conditions at the earliest opportunity.

Your committee feels that it is a necessity, by reason of the duties of the District Attorney, the Public Defender and the Adult Probation Officer, that such offices should be in the Hall of Justice, contiguous to the court located therein. With this aim in view your committee would respectfully report in favor of the passing of the resolution cancelling the present lease of the premises No. 333 Kearny street, to take effect the 1st day of May, 1927, and of directing the removal of the hereinbefore mentioned offices and respective officials to the Hall of Justice, and to occupy the certain rooms hereinafter to be designated and assigned to them by the Public Buildings and Lands Committee of your Board.

Very respectfully,
CHAS. J. POWERS.
LEWIS F. BYINGTON.

Supervisor Powers Presents:

Whereas, in the month of ——— a resolution was introduced by a Special Committee and passed by a majority vote of the Board of Supervisors, directing the District Attorney, Public Defender, Adult Probation Officer and the County Grand Jury to move from their rooms in the Hall of Justice to No. 333 Kearny street; and

Whereas, this committee recommended that a lease be entered into between the Board of Supervisors and Louis T. Samuels for said property at a rental of 15 cents per square foot, amounting to $74,081.25, for a term of five (5) years, with a stipulation that the lease can be cancelled by giving ninety (90) days' notice to said owner; and

Whereas, since entering into this lease alterations have been made in the Hall of Justice which will provide for 7591 square feet of floor space, together with 4870 square feet now unoccupied, making a total of 12,461 square feet, which is more than sufficient to take care of the needs of the Police Department and of the other departments now occupying temporary quarters at No. 333 Kearny street; and

Whereas, the service rendered to the public has been very inadequate, owing to the distance of several blocks between the Hall of Justice and No. 333 Kearny street, and numerous complaints have been made; and

Whereas, the expenditure of $74,081.25 for the rental of these offices is a direct wastage of public funds and should terminate as soon as possible; and

Whereas, these alterations will be completed in about ninety (90) days from date and far better offices and accommodations will be provided for the District Attorney, the Public Defender, the Adult Probation Officer and the County Grand Jury in the Hall of Justice than they now have at No. 333 Kearny street; therefore, be it

Resolved, That the cancellation clause in the lease between the City and County of San Francisco and the owner of the building known as No. 333 Kearny street, entered into on the 2d day of June, 1926, be terminated on the 1st day of May, 1927, and that the District Attorney, Public Defender, Adult Probation Officer and the County Grand Jury be directed to move from their offices at No. 333 Kearny street to the Hall of Justice and occupy rooms as designated by the

Public Buildings and Lands Committee of this Board, and that proper furnishings and equipment be placed in said rooms.

The following matters, on motion of Supervisor Todd, were *continued until* 11 *a. m., January* 24, 1927:

Statement of Supervisor Havenner.

The following statement was read into the record by Supervisor Havenner:

One year ago half of the members of this Board of Supervisors were inducted into office after a municipal election which resulted in a tremendous landslide of votes for economy in government and for definite progress towards the completion of San Francisco's program for municipal ownership of all public utilities. Six members of the preceding Board of Supervisors, who had banded themselves together in a campaign ticket, were swept out of office, and the leader of the successful candidates received approximately twice as many votes as did the high man on the defeated ticket. Incidentally, the total vote for the successful leader was far greater than had ever before been cast for a supervisorial candidate in San Francisco.

Economy and public utility progress were unquestionably the key notes of this unprecedented turnover in our municipal government. The people had rebelled against extravagance and high taxes and against mere lip service in the cause of municipal ownership. Their vote was a mandate to curb the mounting municipal expenses, reduce taxes and proceed without further delay to complete the municipal public utility program.

I know that the present majority of the Board of Supervisors have tried faithfully to carry out these expressed wishes of the people and I believe it to be proper to give at this time an accounting of the first year of our new stewardship.

Immediately after the Board was reorganized a year ago we found ourselves confronted with a deficit of $1,400,000 in the revenues required to finance the program of expenditures which had been authorized for the fiscal year 1925-26. This was due to an erroneous compilation of the budget and the tax rate by the Finance Committee of the preceding Board of Supervisors. By careful economy the present Board succeeded in wiping out this deficit during the first six months of the calendar year just ended. This was done without impeding the normal progress of our City or seriously interfering with the development of a single important civic project.

The budget for the present fiscal year, 1926-27, was fixed at $33,284,382, representing a reduction of more than $1,700,000 from the budget total of the preceding year. As a result of this budget, which was unanimously adopted and signed by the Mayor without the change of a single item, the tax rate for the current year was fixed at $3.66, which is 47 cents less than the $4.13 rate in effect last year. Today the property owners of San Francisco are enjoying an average reduction of 12 per cent in their tax bills as compared with last year. It is a matter of gratification to us to know that this is the first year in more than two decades when the annual budget total has been fixed below that of the previous year and that the present reduction of our tax rate is the greatest in our City's history.

I am also happy to report that, despite these unprecedented reductions, our present budget and tax rate will produce more money for schools, street repair and construction, and the maintenance of our parks and playgrounds than ever before.

One of the most important public undertakings initiated by this Board of Supervisors is a scientific reappraisal of the real property of the City and County for the purpose of equalizing the assessment rolls. It is a matter of common knowledge that, during a long period of years, inequalities in assessments have accumulated throughout the City, with the result that a large number of property owners have been and are now paying more than their just proportion of the taxes necessary to maintain our municipal government. When these inequalities are wiped out there is every reason to expect that the tax bills of a great majority of San Francisco property owners can again be reduced. The reappraisal has been in progress since the first of the fiscal year and is now well advanced toward completion. It has been made at public conferences and mass meetings of interested citizens in every section of San Francisco and the valuations placed upon property represent a concensus of opinions

of the property owners themselves. This democratic method of evaluing property for taxation—which is based upon the ideal of taxation with direct representation—has been successfully adopted in a number of other large cities. It has invariably resulted both in an increase of the assessment roll and a reduction of the tax rate, while commanding the almost unanimous support of the property owners who helped to put it into effect.

The principal excuse offered by our predecessors in office for their failure to make progress in municipal ownership of public utilities was that the charter limitation upon bonded indebtedness rendered it impossible for them to raise the necessary money. The present Board of Supervisors, at the very earliest legal opportunity, submitted a charter amendment, patterned after the laws of New York and other large cities, exempting water bonds from the municipal debt limit. This amendment was approved by the people, with an emphatic vote, at last November's election, and will undoubtedly be ratified early in the session of the State Legislature which opens today. Ratification of this amendment will open the way for the acquisition of the Spring Valley Water properties, the completion of the municipal power project and the Hetch Hetchy Water aqueducts, for needed extensions of the Municipal Railway and for the purchase, in due time, of all privately-owned street railway lines. I think I can speak for a majority of my colleagues in pledging that we will present to the people the necessary legislation to complete these projects without delay.

In anticipation of the expiration within the next few years of the important franchises of the Market Street Railways and other privately-owner street car lines, this Board has authorized the appointment of a Citizens' Advisory Committee to cooperate with us in a survey and study of the street railway problem, so that the City may be in readiness to act promptly and intelligently when the franchises expire.

This Board has devoted more time and study, during the year just ended, to consideration of the necessity for a bridge across San Francisco Bay than has been expended in all the prior years. I predict that we will be able to take, in the immediate future, definite steps towards actual commencement of this vastly important project.

Reverting for a moment to the present fiscal budget and the progressive projects which it has made possible, we desire to call attention to the fact that purchase of large acreages of land for the site of the new John McLaren Park in the Mission District has already been effected; that the site for the new War Memorial in the Civic Center has been cleared and construction work is about to begin; that the money is available for the permanent repair of the Fine Arts Palace on the Exposition site, which will be undertaken in the near future under the direction of the Exposition Preservation League; that the purchase of a municipal airport is now under active consideration by the Board and will undoubtedly be effected shortly after the new Airport Charter Amendment is ratified; that greater progress has been made in installing traffic signals and safety devices on our streets during the present year than ever in the past, and that the program of street construction and repair, which will be completed this year, is far more extensive than any in the City's history. This year's budget has also provided, in compliance with the urgent request of leaders in philanthropic and charitable work, a substantial increase in the appropriation for the maintenance of indigent minors.

I believe that this recital of facts justifies us in reporting to the people who elected us that we have kept faith with them. Our pledge of economy and tax reduction has been fulfilled this year, and I am confident that we can adhere to it successfully in the future. We have taken every necessary step to hasten the accomplishment of our municipal ownership program, and the ratification of the new charter amendment will make it possible, within the present year, to carry an important part of that program into effect. San Francisco today is on the threshhold of its greatest era of progress and development. We dedicate ourselves anew to the pledges made a year ago, and trust that we may be able to contribute, by conscientious service, to the realization of our City's splendid destiny.

SPECIAL ORDER—11 A. M.

Minority Report of Supervisor Deasy on Lease of 333 Kearny Street.

December 29, 1926.

Hon. Board of Supervisors, City Hall, City.

Gentlemen:

Your minority of the Building

Committee beg leave to report to your Honorable Board a resolution passed unanimously by the Board of Supervisors July 17, 1926, No. 25899, requesting the Board of Public Works to confer with the Chief of Police to determine the amount of additional space required in the Hall of Justice for the growing needs of the Police Department and to report to the Board their findings.

On August 28, 1926. the Chief of Police advised the Board in the following letter:

"Please be advised that the Police Department can occupy all the rooms vacated by the District Attorney, Public Defender, Probation Officer and their respective staffs, which are located in the Hall of Justice, at Kearny and Washington streets.

"Said premises can be utilized and occupied immediately without any alterations for some time, therefore I would respectfully request that proper authorization be granted to this department for the occupancy of the above mentioned space."

I therefore recommend to the Board of Supervisors that the vacant space now existing in the Hall of Justice be assigned to the Police Department in accordance with their letter to the Board of August 28, 1926.

Yours truly,
C. J. DEASY.

Supervisor Deasy's Resolution.

Whereas, the certain rooms situate in the Hall of Justice heretofore occupied by the District Attorney, the Public Defender and the Adult Probation Officer have been vacant since the removal of the said offices and officials to premises at No. 333 Kearny street and are still vacant and unoccupied; and

Whereas, the Chief of the Police Department, by communication heretofore filed, set forth that the said vacated premises, if made available, could be occupied and utilized by the Police Department without any alterations being made therein; therefore, be it

Resolved, That the said vacated rooms in the Hall of Justice, situated mainly on the third and fourth floors and to be more specifically specified by their respective numbers be and the same are hereby assigned to the Police Department for its use and purposes.

Majority Report.

San Francisco,
December 27, 1926.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your majority committee on Public Buildings and Lands, to which was referred the resolution terminating the lease by the City of premises known as 333 Kearny street, now occupied by the District Attorney, Public Defender, the Adult Probation Officer and the Grand Jury, on the 1st day of May, 1927, and directing the said herein named officials to be reinstated in the Hall of Justice, would respectfully report that careful consideration has been given to the subject matter expressed in the resolution, taking into consideration that the alterations heretofore ordered and now under progress in the Hall of Justice will be completed within a period of about 90 days, and will, in the opinion of your committee, more adequately accommodate the hereinbefore referred to officials of the City and County.

Your committee has realized the inconvenience to the public by reason of the removal of the said officials from the Hall of Justice, with the thought of remedying such conditions at the earliest opportunity.

Your committee feels that it is a necessity, by reason of the duties of the District Attorney, the Public Defender and the Adult Probation Officer, that such offices should be in the Hall of Justice, contiguous to the court located therein. With this aim in view your committee would respectfully report in favor of the passing of the resolution cancelling the present lease of the premises No. 333 Kearny street, to take effect the 1st day of May, 1927, and of directing the removal of the hereinbefore mentioned offices and respective officials to the Hall of Justice, and to occupy the certain rooms hereinafter to be designated and assigned to them by the Public Buildings and Lands Committee of your Board.

Very respectfully,
CHAS. J. POWERS.
LEWIS F. BYINGTON.

Supervisor Powers Presents:

Whereas, in the month of ——— a resolution was introduced by a Special Committee and passed by a majority vote of the Board of Supervisors, directing the District Attorney, Public Defender, Adult Pro-

bation Officer and the County Grand Jury to move from their rooms in the Hall of Justice to No. 333 Kearny street; and

Whereas, this committee recommended that a lease be entered into between the Board of Supervisors and Louis T. Samuels for said property at a rental of 15 cents per square foot, amounting to $74,081.25, for a term of five (5) years, with a stipulation that the lease can be cancelled by giving ninety (90) days' notice to said owner; and

Whereas, since entering into this lease alterations have been made in the Hall of Justice which will provide for 7591 square feet of floor space, together with 4870 square feet now unoccupied, making a total of 12,461 square feet, which is more than sufficient to take care of the needs of the Police Department and of the other departments now occupying temporary quarters at No. 333 Kearny street; and

Whereas, the service rendered to the public has been very inadequate, owing to the distance of several blocks between the Hall of Justice and No. 333 Kearny street, and numerous complaints have been made; and

Whereas, the expenditure of $74,081.25 for the rental of these offices is a direct wastage of public funds and should terminate as soon as possible; and

Whereas, these alterations will be completed in about ninety (90) days from date and far better offices and accommodations will be provided for the District Attorney, the Public Defender, the Adult Probation Officer and the County Grand Jury in the Hall of Justice than they now have at No. 333 Kearny street; therefore, be it

Resolved, That the cancellation clause in the lease between the City and County of San Francisco and the owner of the building known as No. 333 Kearny street, entered into on the 2d day of June, 1926, be terminated on the 1st day of May, 1927, and that the District Attorney, Public Defender, Adult Probation Officer and the County Grand Jury be directed to move from their offices at No. 333 Kearny street to the Hall of Justice and occupy rooms as designated by the Public Buildings and Lands Committee of this Board, and that proper furnishings and equipment be placed in said rooms.

Application of Thos. E. Slaven, filed August 16, 1926, for franchise to construct, maintain and operate a toll bridge. Said bridge is to be constructed over and across the Bay of San Francisco, and over the following route:

The location of said bridge is particularly described as follows: The center line of said bridge will commence at a point on The Embarcadero of the City and County of San Francisco, State of California, approximately where the center line of said Embarcadero intersects the center line of Pier 7, if produced. Thence extending on a line north approximately 67 degrees 30 minutes east to a point on the southwesterly shore of Yerba Buena or Goat Island; thence easterly following the contour of said island to a point on the easterly shore thereof, located about six hundred feet in a northerly direction from the light house located on the southern portion of said island; thence north eighty-five degrees thirty minutes east, approximately 8700 feet to a point where said line intersects the center line of Seventh street, Oakland, if produced, upon its present course as the course of said street now exists along the northern line of Oakland Mole; thence easterly along said line of said street, if so produced, to the center line of said Seventh street at the present westerly end thereof.

The length of said bridge, exclusive of land approaches, being approximately 9300 feet west of said island and approximately 10,400 feet east of said island, and the breadth of said bridge being approximately 115 feet.

On motion of Supervisor McSheehy, further consideration of the foregoing application was *continued until Monday, January* 17, 1927, *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Deasy, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—16.

Absent—Supervisors Bath, Gallagher—2.

Mission Rock Starting Point for Bay Bridge.

Supervisor Shannon presented:

Resolution No. ——— (New Series), as follows:

Whereas, there are pending before the Board of Supervisors of the City and County of San Francisco various applications for franchises to construct and operate toll bridges over and across the Bay of San Francisco from various points in the City and County of San Francisco to various points in the County of Alameda; and

Whereas, no application has been made to construct or operate a bridge from Mission Rock in the City and County of San Francisco to any point in the County of Alameda; and

Whereas, it appears to the Board of Supervisors that a toll bridge over and across the Bay of San Francisco from Mission Rock to some suitable point in the County of Alameda will best serve the people of San Francisco and that Mission Rock is the most feasible and logical starting point for a transbay bridge between San Francisco and Alameda; and now, therefore, be it

Resolved, That the Board of Supervisors does hereby select Mission Rock as the best and most feasible starting point for a transbay bridge between San Francisco and the County of Alameda and does hereby designate said site as the point in San Francisco from which the first transbay bridge shall be constructed; and be it

Further Resolved, That all persons, firms and corporations who have heretofore made application for a franchise to construct and operate transbay toll bridges between San Francisco and Alameda County, as well as all other persons interested be invited to present to this Board of Supervisors applications, plans and specifications for a franchise for a transbay toll bridge from Mission Rock in the City and County of San Francisco to some point in the County of Alameda.

Referred to Special Bridge Committee.

Authorizing Public Utilities Committee to Make Special Study of Methods of Administration of Municipally Owned Public Utilities in Other Cities.

The following resolution heretofore presented by Supervisor Marks and referred to the Public Utilities Committee is returned by said committee with favorable recommendation and *adopted* by the following vote:

Resolution No. 26660 (New Series), as follows:

Whereas, the ultimate acquisition of all public utilities by the municipality is a part of the organic law of the City and County of San Francisco; and

Whereas, the people have repeatedly expressed themselves in favor of such acquisition and operation, as a result of which many utilities are gradually becoming municipalized; and

Whereas, municipal ownership and operation of public utilities will entail large capital expenditures and will involve problems of administration calling for expert business and financial ability in public officials selected to direct and manage such enterprises; therefore, be it

Resolved, That the Public Utilities Committee of the Board of Supervisors be and it is hereby authorized and requested to make special study of a method of administration of municipally-owned public utilities by a commission or commissions, with special attention to such plan of management in other cities, and at its earliest opportunity report its recommendations to the Board.

Closing and Abandoning Certain Streets and Alleys in and Adjacent to Stanford Heights and Sunnyside Addition No. 1 as Described in Resolution of Intention No. 26493 (New Series), Approved December 10, 1926.

Supervisor Marks presented:

Resolution No. 26669 (New Series), as follows:

Whereas, this Board has by Resoluiton No. 26493 (New Series) declared its intention to close and abandon certain streets and alleys in and adjacent to Stanford Heights and Sunnyside Addition No. 1, in the City and County of San Francisco; and

Whereas, proper notice of said resolution and of said proposed closing and abandonment of certain streets and alleys in and adjacent to Stanford Heights and Sunnyside Addition No. 1, as described in Resolution of Intention No. 26493 (New Series), was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner provided by the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the expiration of the time of publication of said notice; and

Whereas, no objection or objections to the closing and abandonment of said streets and alleys in and adjacent to Stanford Heights and Sunnyside Addition No. 1, as described in Resolution of Intention No. 26493 (New Series), was or were made or delivered to the Clerk of this Board within said period of ten days or at all; and

Whereas, it is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said parts of said streets; and

Whereas, in and by said Resolution No. 26493 (New Series) this Board did declare that the damages, costs and expenses of closing said parts of said streets are nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said streets shall be paid out of the revenues of the City and County of San Francisco; and

Whereas, the said work is for the closing and abandonment of certain streets and alleys in and adjacent to Stanford Heights and Sunnyside Addition No. 1, as described in Resolution of Intention No. 26493 (New Series), and it appears to this Board that no assessment is necessary; now, therefore, be it

Resolved, That the said closing and abandonment of said streets and alleys in and adjacent to Stanford Heights and Sunnyside Addition No. 1, as described in Resolution No. 26493 (New Series), be and the same is hereby ordered and that said streets and alleys be and the same are hereby closed and abandoned as public streets and alleys as described in Resolution of Intention No. 26493 (New Series); and

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco; and the Clerk of this Board is hereby directed to advertise this resolution in The Bulletin as required by law.

Adopted by the following vote:

Ayes— Supervisors Badaracco, Byington, Colman, Deasy, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—16.

Absent—Supervisors Bath, Gallagher—2.

Authorizing Execution of a Deed By the Mayor and the Clerk of the Board of Supervisors to Affronting and Adjacent Property Owners to Portion of the Property Deeded to the City and County of San Francisco by the Ocean Shore Railroad Company for the Proposed Alemany Boulevard, by Deed Dated May 1, 1925, and Recorded in Volume 1083 of Official Records at Page 55, and Not Required for Street Purposes, in Exchange for Property for New Street or Streets to be Opened and Widened in Lieu of Such Property Not Required for Street Purposes.

Supervisor Marks presented:

Resolution No. 26670 (New Series), as follows:

Whereas, the portion of the property deed to the City and County of San Francisco and not required for street purposes is more particularly described as follows, to-wit:

Beginning at a point on the southwesterly line of Farragut avenue, distant thereon 70 feet southeasterly from the southeasterly line of Winnipeg avenue, and running thence southeasterly along the southwesterly line of Farragut avenue 9.30 feet to the southeasterly boundary of the property of the City and County of San Francisco; thence southwesterly along said southeasterly boundary on a curve to the right of 2914-foot radius, tangent to a line deflected 91 deg. 13 min. 56 sec. to the right from the preceding course, central angle 4 deg. 28 min. 41 sec., a distance of 227.82 feet; thence northeasterly on a curve to the left of 2400-foot radius, tangent to a line deflected 177 deg. 47 min. 42 sec. to the right from the tangent to the preceding curve, central angle 3 deg. 30 min. 19 sec., a distance of 146.83 feet; thence northeasterly, tangent to the preceding curve, parallel with the southeasterly line of Winnipeg avenue and distant 70 feet at right angles southeasterly therefrom, a distance of 80.60 feet to the point of beginning; being portion of Block 10 of West End Map No. 2; and

Whereas, Rudolph Mohr, Jr., and Olive M. Mohr, his wife, and Howard E. Mohr and Lynna R. Mohr, his wife, owners of lands adjacent to or fronting on the aforesaid portion of said property not required for street purposes have offered to convey, or cause to be conveyed, to the City and County of San Francisco property for the widening of the proposed Alemany boulevard in lieu of such portion of property not required for street purposes; and

Whereas, said Rudolph Mohr, Jr., and Olive M. Mohr, his wife, and Howard E. Mohr and Lynna R. Mohr, his wife, pursuant to their aforesaid offer, have caused to be made, executed and delivered to said City and County of San Francisco good and sufficient conveyances vesting in said City and County of San Francisco for street purposes the title to the parcel of land hereinafter more particularly described, in lieu of said portion of property not required for street purposes as hereinbefore recited; and

Whereas, the said parcel of land so conveyed to said City and County of San Francisco as a new portion of a street in lieu of that portion of property not required for street purposes as aforesaid, is more particularly described as follows, to-wit:

Beginning at a point on the northeasterly line of Lawrence avenue, distant thereon 43 feet southeasterly from the southeasterly line of Winnipeg avenue, said point of beginning being on the southeasterly boundary of the property of the City and County of San Francisco, and running thence southeasterly along the northeasterly line of Lawrence avenue 5.63 feet; thence northeasterly on a curve to the left of 2400-foot radius, tangent to a line deflected 82 deg. 20 min. 57 sec. to the left from the preceding course, central angle 4 deg. 8 min. 44 sec., a distance of 173.65 feet to the southeasterly boundary of the property of the City and County of San Francisco; thence southwesterly along said southeasterly boundary on a curve to the right of 2914.90-foot radius, tangent to a line deflected 177 deg. 47 min. 42 sec. to the left from the tangent to the preceding curve, central angle 3 deg. 25 min. 31 sec., a distance of 174.26 feet to the point of beginning; being portion of Block 10 of West End Map No. 2; and

Whereas, it is deemed advisable by this Board of Supervisors that said parcel of land be opened as a new portion of a street in lieu of that portion of property not required for street purposes; and

Whereas, said new portion of a street so conveyed to the City and County of San Francisco for street purposes, as aforesaid, will and does constitute ample consideration to said City and County for its deed to the portion of property not required for street purposes, as hereinbefore recited, and will be of much greater practical value, both to the City and County of San Francisco and to the general public; now, therefore, be it

Resolved, That equity requires that the portion of property not required for street purposes, as aforesaid, should be conveyed by the City and County of San Francisco to said Rudolph Mohr, Jr., and Olive M. Mohr, his wife, and Howard E. Mohr and Lynna R. Mohr, his wife; and be it

Further Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors of the City and County of San Francisco be and they are hereby authorized and directed, acting for and on behalf of said City and County, in its name and under its corporate seal, to execute, acknowledge and deliver to said Rudolph Mohr, Jr., and Olive M. Mohr, his wife, and Howard E. Mohr and Lynna R. Mohr, his wife, a deed conveying to said Rudolph Mohr, Jr., and Olive M. Mohr, his wife, and Howard E. Mohr and Lynna R. Mohr, his wife, all of the right, title and interest of the City and County of San Francisco in and to the parcel of land situate in the City and County of San Francisco, State of California, more particularly described as follows, to-wit:

Beginning at a point on the southwesterly line of Farragut avenue, distant thereon 70 feet southeasterly from the southeasterly line of Winnipeg avenue, and running thence southeasterly along the southwesterly line of Farragut avenue 9.30 feet to the southeasterly boundary of the property of the City and County of San Francisco; thence southwesterly along said southeasterly boundary on a curve to the right of 2914.90-foot radius, tangent to a line deflected 91 deg. 13 min. 56 sec. to the right from the preceding course, central angle 4 deg. 28 min. 41 sec., a distance of 227.82 feet; thence northeasterly on a curve to the left of 2400-foot radius, tangent to a line deflected 177 deg. 47 min. 42 sec. to the right from the tangent to the preceding curve, central angle 3 deg. 30 min. 19 sec., a distance of 146.83 feet; thence northeasterly tangent to the preceding curve, parallel with the southeasterly line of Winnipeg avenue and distant 70 feet at right angles southeasterly therefrom, a distance of 80.60 feet to the point of beginning; being portion of Block 10 of West End Map No. 2; be it

Further Resolved, That the Clerk of this Board is hereby directed to advertise this resolution in The Bulletin as required by law.

Balboa Street Extension, Municipal Railway.

Supervisor Todd presented:

Resolution No. ——— (New Series), as follows:

Resolved, That the public interest will be promoted by the construction of an extension of the Municipal Railway along Balboa street from Thirty-third avenue easterly to Arguello boulevard, and thence along Turk street to Divisadero street; thence by the most available route to Market street, and that this extension be included in any proposition to incur a bonded debt for Municipal Railway construction.

Referred to the Public Utilities Committee.

Proposed Salary Increases.

Supervisor McSheehy stated that he had a statement up to January 1, 1927, from the bookkeeper which shows that the finances of the City are such at this time that great care will have to be exercised in the expenditure of money for the balance of the year and that if any further increases in salary are granted it will mean that there will be a deficit at the end of the year.

Sealers of Weights and Measures.

Supervisor Shannon moved the passage of No. 63 on the Calendar, providing increase of salary for the Deputy Sealers of Weights and Measures.

Supervisor Powers, seconded by Supervisor Byington, moved as amendment to postpone action for one week, making it a Special Order of Business for 3 p. m.

Noes—Supervisors Deasy, Shannon, Todd—3.

Absent—Supervisor Bath—1.

Action Deferred.

The following matters, laid over from a previous meeting, were thereupon taken up and again *laid over until January* 17, 1927, *and made a Special Order of Business for* 3 *p. m.*:

Report of Finance Committee on Salary Increases.

San Francisco, Dec. 20, 1926.

Honorable Board of Supervisors,
City and County of San Francisco.

Gentlemen:

In the last municipal campaign the people of San Francisco, by overwhelming vote, declared for strict economy in the conduct of the business of this City and County. In compiling the budget for the present fiscal year your Finance Committee complied with that mandate for economy and submitted an estimate of expenditures totaling $33,284,382, which represented a reduction of $1,776,127 from the nominal budget total of the previous fiscal year. As a matter of fact, the previous year's budget had been erroneously compiled, with the result that a deficit of $1,400,000 occurred, so that the actual reduction in authorized ex-

penditures for the present year amounts to $3,176,127.

This year's budget was unanimously adopted by the Board of Supervisors and signed by the Mayor without the change of a single item in the report of the Finance Committee. A tax rate 47 cents less than that of the previous year was adopted, and 72,000 taxpayers of this City and County are now enjoying an average reduction of 12 per cent in their tax bills for the current year.

When the budget was compiled, your Finance Committee took the position that the people's mandate for economy was intended to apply not only to elected officials, but to all employees of the City and County as well, and not a single salary raise or reduction was included in the budget. Half of the fiscal year has now elapsed and a survey of the City and County finances shows that a moderate surplus will accumulate in the treasury by the end of the year. Your Finance Committee has, therefore, taken under consideration various requests for salary increases for City and County employees who now receive small incomes, and for certain others who have not enjoyed a raise for a number of years. After a careful investigation of these requests your Finance Committee, on November 29 last, recommended small increases of salary for about 640 employees, which will aggregate an expenditure of about $70,000 in next year's budget, representing approximately one cent in the tax rate.

Certain members of your Honorable Board have seen fit to recommend additional increases for about 187 employees, 102 of whom were included in the recommendations already submitted by the Finance Committee. These additional increases would amount to $37,104, and would entail a further advance of one-half cent in the tax rate.

During the past three weeks your Finance Committee has been approached, personally and by petition, by no less than one thousand city employees, all asking for salary increases. If these requests were allowed they would necessitate an increase of approximately a quarter of a million dollars in the next budget. Your Finance Committee recognizes the fact that all employees would like to have a salary raise, but it is obviously impossible to increase the entire City and County payroll, and your Committee has endeavored to confine its recommendations chiefly to those employees who are now receiving what may be characterized as a minimum wage. The first year of the new economy regime is only half over, and your Finance Committee believes that a faithful adherence to its obligation to the people's demand for economy will not justify any further increases at this time.

In the face of these facts as herein stated the Finance Committee recommends that all requests for raises of salaries made on November 29, 1926, be disapproved, and that the Civil Service Commission be requested to report as soon as possible their recommendations on the standardization of positions as provided for by the Charter.

Respectfully submitted,

JAS. B. McSHEEHY,
F. R. HAVENNER,
MILO F. KENT,
Finance Committee.

Boxing in Auditorium.

The following was read by the Clerk:

San Francisco, Jan. 10, 1927.

To the Honorable the Board of Supervisors.

Gentlemen:

I have previously endeavored to make my position absolutely clear on the general question whether boxing contests should be permitted in the Municipal Auditorium. In view of the fact that boxing has been legalized in California by direct vote of the people, and that the people of San Francisco voted by a majority of 3 to 2 in favor of the State boxing law, I can see no valid reason why an arbitrary prohibition should be enforced against boxing in the Auditorium.

However, since the Auditorium Committee voted to recommend the issuance of a specific permit for boxing in the Auditorium, certain questions having to do with a technical interpretation of the State boxing law have been presented to the City Attorney, and an opinion of the City Attorney just presented to this Board indicates that we cannot grant an individual permit to a boxing promoter unless that promoter is granted what would amount to an annual lease for a fixed series of dates in the Auditorium.

I desire to inform the members of the Board of Supervisors that when the subject of boxing permits was under consideration by the Auditorium Committee I pointed out to the applicants, with a great deal of emphasis, that it would be impossible for this Board of Supervisors to grant an annual lease for the use of the Auditorium or to guarantee in advance any fixed series of dates extending throughout the year. After explaining in detail to the applicants why such a guarantee would be impossible, I asked whether they were still desirous of presenting their applications for specific individual dates. They replied that they were desirous of so doing, and the Auditorium Committee had every right to assume that the applicants were in possession of legal advice to the effect that they would be permitted by the State Boxing Commission to hold boxing contests under these restricted conditions. The City Attorney's opinion, now before us, says:

"It is not the legal duty of the Board of Supervisors to inquire of the State Boxing Commission whether the holder of a State boxing permit can legally hold a contest in the Municipal Auditorium any more than it would be the duty of any private lessor of a building to ascertain whether a prospective lessee could operate a certain kind of business on the premises leased, provided the business is not of itself unlawful."

The City Attorney's opinion, therefore, would seem to place this Auditorium Committee and this Board of Supervisors in a somewhat anomalous position with respect to boxing in the Auditorium. We are

told, first, that it is not the legal duty of this Board to inquire of the State Boxing Commission whether the holder of a State boxing permit can legally hold a contest in the Auditorium; and we are told at the same time that it is not legal for the Board to rent the Auditorium for boxing contests unless the building is leased for a term of at least one year.

On the academic question whether boxing, which is legal, shall be permitted in the Auditorium, I have not changed my views in any respect and I am still prepared to vote aye, but in view of the City Attorney's advice that it would be illegal to rent the Auditorium for boxing unless a lease for a period of one year were given, I cannot see how we can proceed at this time to grant the application now before us. It would seem to be necessary to require applicants for boxing permits in the Auditorium to bring to this Board of Supervisors an official assurance from the State Boxing Commission that the holding of any specific boxing contest, for which a permit is applied, would not be in violation of the law which it is the duty of that Commission to enforce.

In passing it may be said that the State law which regulates boxing contests likewise regulates wrestling contests, and the two classes of sports appear to be on the same basis under the law. It has been the custom for a number of years to permit wrestling contests to be held in the Auditorium, and the preceding Auditorium Committee, with the consent of previous Boards of Supervisors, has repeatedly sanctioned such contests. If an official interpretation of the State law is to be required before boxing contests are permitted in the Auditorium, the same interpretation seems to be necessary with respect to wrestling contests. There is now pending before this Board an application for a wrestling contest, which, in accordance with the established custom of the Auditorium Committee for years and the policy adopted by this Board of Supervisors, was received by the Clerk of the Auditorium Committee in the ordinary course of events and is presented to this Board today for action. The State Boxing Commission has never interfered with the holding of these wrestling contests in the Auditorium, and it should be known that the present applicant for a wrestling permit proceeded in good faith, as did the Clerk of the Auditorium Committee in accepting his application. Furthermore, a very considerable financial hardship will undoubtedly be suffered by the applicant for this wrestling permit if it should be denied by the Board of Supervisors. In view of the City Attorney's opinion, however, I can only suggest to the applicant for the wrestling permit that he obtain and present to this Board at its next meeting a formal ruling from the State Boxing Commission as to whether his proposed exhibition can legally be held in the Municipal Auditorium.

Respectfully,

FRANCK C. HAVENNER.

Communications favoring boxing in the Auditorium have been received from Will J. Benson, Twin Peaks Parlor No. 214, N. S. G. W., and Mr. and Mrs. Will Irwin.

Communications in opposition were read from the Down Town Association, Federation of Women's Clubs, Ernest C. Dettner and the California Club.

Mrs. Stokes, president of the Federation of Women's Clubs; Miss Ward and Dr. Caslon, on behalf of the women's clubs, vigorously opposed boxing in the Auditorium, stating that the Exposition Auditorium was presented to the City to aid in the cultural side of the life of our city.

Mrs. Mary Schwab, attorney-at-law; Mme. Christine La Barque, a teacher of music, and Mrs. Mildred Pollock, member of the City Playground Commission, all favored the measure.

Willie Ritchie, former boxing champion, and Charles Morris, attorney for the boxing interests, both urged the granting of permits.

Mr. Ritchie said he thought the people should not lose sight of the fact that a successful athlete must lead a clean life; that he does not smoke or drink and must take the very best care of himself in every way.

Supervisor Gallagher presented a petition in favor of boxing in the Auditorium signed by 1750 people.

Supervisors Colman, Byington, Hayden, Harrelson, Marks and McSheehy spoke against the granting of the permit, and Supervisors Stanton, Roncovieri, Gallagher, Havenner and Shannon in favor.

Boxing Permit.

Supervisor Havenner presented: Resolution No. ——— (New Series), as follows:

Resolved, That the Association Athletic Club be and it is hereby granted permission to conduct a boxing exhibition under the laws of the State of California in the Civic Auditorium on Wednesday evening, March 30, 1927, upon the payment

of the fee required for the use of the building for such purpose.

Proposed Amendments.

Supervisor Gallagher moved to amend (First) That it is the sense of this Board of Supervisors that, within the laws of the State of California and the ordinances of this City and County, we find no sound objection to boxing exhibitions in the Civic Auditorium and we favor the same fair deal for those exhibitions as has been allowed every other Auditorium event. (Second) That the Auditorium Committee is instructed to consider and to recommend ways and means that, within the laws of the State of California, will permit such exhibitions in the same manner and under the same general conditions as other events therein.

Amendment to the Amendment.

Supervisor Marks moved as an amendment to the amendment that the words in the first part of Supervisor Gallagher's amendment "And we favor the same fair deal for these exhibitions as has been allowed every other Auditorium event", and insert in lieu thereof the words "The Board of Supervisors favors a fair deal for persons desiring to exhibit in the Auditorium."

Amendment to the amendment *carried* by the following vote:

Ayes—Supervisors Byington, Colman, Harrelson, Hayden, Kent, Marks, McSheehy, Shannon, Todd—9.

Noes — Supervisors Badaracco, Deasy, Gallagher, Havenner, Powers, Roncovieri, Schmidt, Stanton—8.

Absent—Supervisor Bath—1.

Whereupon, Supervisor Gallagher's first proposed amendment was *carried* by the following vote:

Ayes — Supervisors Badaracco, Deasy, Gallagher, Havenner, Kent, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—11.

Noes—Supervisors Byington, Colman, Harrelson, Hayden, Marks, McSheehy—6.

Absent—Supervisor Bath—1.

Whereupon, Supervisor Gallagher's second proposed amendment was *approved* by the following vote:

Ayes — Supervisors Badaracco, Deasy, Gallagher, Havenner, Kent, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—11.

Noes—Supervisors Byington, Colman, Harrelson, Hayden, Marks, McSheehy—6.

Absent—Supervisor Bath—1.

Whereupon, Supervisor Shannon moved that the foregoing resolution providing for the granting of a boxing permit to the Association Athletic Club be rereferred to the Auditorium Committee.

Motion *carried*.

Referred.

Whereupon, Resolution No. 16 on the Calendar was *rereferred to the Auditorium Committee.*

Wrestling in the Auditorium.

Supervisor Marks presented:

Resolution No. 26685 (New Series), as follows:

Closing and abandoning a portion of Cunningham place as hereinafter described.

Whereas, on the 4th day of October, 1926, the Supervisors of the City and County of San Francisco duly and regularly passed Resolution No. 26274 (New Series), which resolution was presented to his Honor the Mayor for his approval and was duly and regularly approved by the Mayor of the City and County of San Francisco on the 15th day of October, 1926; said resolution being in words and figures as follows, to-wit:

Resolution No. 26274 (New Series), as follows:

Resolved, That the public interest requires that a portion of Cunningham place be closed up and abandoned as hereinafter described; be it

Further Resolved, That it is the intention of the Board of Supervisors to close up and abandon all that certain portion of Cunningham place, described as follows, to-wit:

Commencing at a point on the southerly line of Cunningham place, distant thereon 179 feet westerly from the westerly line of Valencia street and running westerly on said southerly line of Cunningham place 183 feet to the easterly line of Angelica street; thence at a right angle northerly along the easterly line of Angelica street 35 feet to the northerly line of Cunningham place; thence at a right angle easterly along the northerly line of Cunningham place 173 feet; thence at a right angle southerly along the easterly boundary of part of Cunningham place 23 feet to the northerly line of the easterly section of Cunningham place; thence at a right angle easterly along the northerly line of Cunningham place 10 feet; thence at a right angle southerly 12 feet to the southerly line of Cunningham place and point of commencement. Being the westerly portion of Cunningham place.

Said closing up and abandonment of said portion of said street shall be done and made in the manner and in accordance with the provisions of Section 2 of Chapter III of Article VI of the Charter of the City and County of San Francisco as amended, and the sections of said chapter and article following said Section 2. Be it

Further Resolved, That there are no costs or expenses to be incurred in connection with said closing and abandoning.

And the Clerk is hereby directed to transmit to the Board of Public Works a certified copy of this resolution and the Board of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of Cunningham place in the manner provided by law, and to cause notice to be published in The San Francisco Bulletin as required by law.

Adopted—Board of Supervisors, San Francisco, October 4, 1926.

J. S. DUNNIGAN,
Clerk.

Approved, San Francisco, October 15, 1926.

JAMES ROLPH, JR.,
Mayor.

And, whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Board of Public Works of the City and County of San Francisco a certified copy of said resolution,

and the said Board of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution, and did also cause in the manner and as required by law, a notice, similar in substance, to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, certain persons did make objections to the same within ten days after the expiration of said publication of said notice; and

Whereas, all objections to the closing of said portion of Cunninghame place have been withdrawn;

Further Resolved, That a turning space for the owners of the property adjacent to that portion of Cunningham place which remains an open public street will be provided by the Playground Commissioners by setting back the playground fence to conform to the heavy ticked line shown on the map entitled "Map showing portion of Cunningham place to be closed"; the portion to be dedicated for street purposes being more particularly described as follows:

Beginning at a point on the southerly line of Cunningham place, distant westerly thereon 100 feet from the westerly line of Valencia street and running thence westerly along said southerly line of Cunningham place 79 feet; thence at right angles southerly 10 feet to the beginning of a curve to the left, tangent to the last described course, and having a radius of 20 feet and central angle 90 degrees; thence in a southeasterly direction along said curve 31.416 feet; thence easterly along the tangent to said curve and parallel with said southerly line of Cunningham place 59 feet; thence at right angles northerly 30 feet to the point of beginning. Being a portion of Mission Block 72.

Whereas, the public interest and convenience requires said improvement to be done as specifically described in Resolution No. 26274 (New Series); and

Whereas, the Supervisors have acquired jurisdiction to order that said portion of Cunningham place described in Resolution No. 26274 (New Series) be closed and abandoned; therefore,

Resolved, That it be ordered and it is hereby ordered that the portion of Cunningham place as specifically described and proposed in said Resolution No. 26274 (New Series) be closed and abandoned;

Further Resolved, That the entire damages, costs and expenses of closing said portion of said Cunningham place described in Resolution of Intention No. 26274 (New Series), shall be paid out of the revenues of the City and County of San Francisco as proposed and provided in Resolution of Intention No. 26274 (New Series); and be it

Further Resolved, That the said closing and abandonment of said portion of Cunningham place shall be done in the manner and in accordance with the provisions of the Charter of the City and County of San Francisco; and be it

Further Resolved, That the Clerk of this Board transmit a copy of this resolution to the Board of Public Works and that the Board of Public Works proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in The Bulletin as required by law.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Byington, Colman, Deasy, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—16.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Letter of Thanks, Edgar C. Levey.

The following was presented and read by the Clerk:

January 7, 1927.

Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen and Friends:

Permit me to express to you and to your Legislative Committee, Hon. J. B. Badaracco, chairman, my sincere thanks and appreciation for the kindness and courtesy shown me in the presentation of the beautiful basket of flowers which graced my desk following my election as Speaker of the Assembly.

I wish to assure you that, as recognition has now been given San Francisco for the first time in many years, the entire delegation will use every effort and every endeavor to merit the confidence thus reposed in it.

With kindest personal regards to each of you, I am

Yours sincerely,

EDGAR C. LEVEY.

Communication from City Attorney in re Injunction Against Operation of City Incinerator.

January 15, 1927.

Honorable Board of Supervisors, San Francisco, California.

Dear Sirs:

Please be advised that this office is in receipt of a notice of motion for an injunction to prevent the City and County of San Francisco et al. from operating the city incinerator pending final judgment in the case of San Francisco Development Co. vs. City and County of San Francisco et al. This matter has been noticed for January 21. 1927. It will probably be heard within a week of that date.

The action is based upon the proposition that the operation of the incinerator is a nuisance. This, of course, is a question of fact to be decided by the court. Should a judgment be rendered in favor of the plaintiff, and it is quite possible that such may be the fact, the City will be without means of garbage disposal. It is needless for me to comment upon the seriousness of such a situation. I therefore trust that your Honorable Board will lose no time in taking some action, either to dispose of the City's garbage in some manner other than it is being disposed of at the present time, or forthwith remedy the conditions which are causing the operation of the present incinerator to be complained of.

The action to enjoin the use of the incinerator has been pending

since October 4, 1926. I have received numerous continuances from counsel for the plaintiff, and in that manner the case has been carried over from time to time. Further continuances cannot be procured indefinitely, and it now appears as though we are right up against the proposition of determining the question of whether or not the operation of the incinerator is a nuisance so far as the people in the immediate locality thereof are concerned.

Trusting that this matter will receive the immediate attention of your Board, I am

Sincerely yours,

JNO. J. O'TOOLE,
City Attorney.

Read and *referred to the Health Committee.*

County Boards of Supervisors' Convention.

Supervisor Shannon announced that the County Boards of Supervisors would meet in convention at Sacramento March 9 to 11, 1927.

Leave of Absence, Mrs. Ernest J. Mott.

The following was presented and read by the Clerk:

January 10, 1927.

Honorable Board of Supervisors,
City Hall, San Francisco.

Gentlemen:

Application has been made to me by Mrs. Ernest J. Mott, member of the Board of Education, for a leave of absence, with permission to absent herself from the State of California for a period of three weeks, commencing January 10, 1927.

Will you please concur with me in granting this leave of absence?

Respectfully yours,

JAMES ROLPH, JR.,
Mayor.

Whereupon, the following resolution was *adopted* by the following vote:

Resolution No. 26709 (New Series), as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Mrs. Ernest J. Mott, member of the Board of Education, is hereby granted a leave of absence for a period of three weeks, commencing January 10, 1927, with permission to leave the State.

Ayes—Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—16.

Absent—Supervisors Bath, Kent—2.

Former Mayor Schmitz.

Former Mayor Schmitz was noted present, and being called upon by the chair, wished all a Happy New Year and declared that he will be here at subsequent meetings to take part in debate. He referred to the garbage question and other matters that call for solution in the near future.

UNFINISHED BUSINESS.

Tunnel Procedure Ordinance Amended.

Bill No. 7879, Ordinance No. 7391 (New Series), as follows:

Amending "The Tunnel Procedure Ordinance" of the City and County of San Francisco, being Ordinance No. 2186 (New Series), approved February 19, 1913, by adding a new section thereto to be numbered and known as Section 38b, providing for the segregating of the assessment levied on any subdivision as assessed, when said subdivision has been subdivided into smaller parcels or lots subsesquent to the time of the original recordation of said assessment in the office of the Tax Collector of said City and County; providing for the apportionment of such assessment among such smaller parcels or lots; also providing for the execution of "request and agreement of property owner for deferred payments" of said assessment when segregated and apportioned among said smaller parcels or lots.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A new section is hereby added to "The Tunnel Procedure Ordinance," being Ordinance No. 2186 (New Series), approved February 19, 1913, providing for the segregating of the assessment levied on any subdivision as assessed, when said subdivision has been subdivided into smaller parcels or lots subsequent to the time of the original recordation of said assessment in the office of the Tax Collector of said City and County, providing for apportionment of such assessment among such smaller parcels or lots; also providing for execution of "Request and Agreement of Property Owner for Deferred Payments" of said assessments when segregated and apportioned among said smaller parcels or lots, said new section to be numbered and known as Section 38b and to read as follows:

Section 38b. When any assessment has been levied under the provisions of this ordinance and it shall appear that any subdivision shown upon the map and list constituting such assessment has been resubdivided into smaller parcels or lots by the owner or owners thereof subsequent to the time of recording of said assessment in the office of the Tax Collector of said City and County as in this ordinance provided, the assessment upon said subdivision may be segregated and apportioned between and upon the said several smaller parcels thereof as shown on the map or plat accompanying the written application for segregation and apportionment hereinafter referred to, subject to the following conditions and in the manner following:

All persons interested in said subdivision shall join in and make a written application for said segregation and reapportionment of such assessment to the Board of Public Works of said City and County not later than twenty (20) days prior to any date of delinquency. Said application shall be accompanied by a map or plat drawn to scale showing said subdivision, the various parcels thereof into which the same has been so subdivided, with the linear dimensions of each parcel, and showing also the names of the owners of each parcel, and said parcels shall be thereon identified by the consecutive letters of the alphabet, beginning with "A," so that each parcel may be referred to by its appropriate letter or letters.

In each instance the Board of Public Works shall forthwith segregate the total assessment as levied upon the original subdivision and apportion the same among the smaller lots thereof in proportion to area so that each smaller lot shall have apportioned to it such proportion of the whole original assessment as its area bears to the area of the whole original subdivision.

The Board of Public Works shall thereupon certify and cause to be filed with the Tax Collector a map or plat drawn to scale showing said subdivision, the various parcels into

which the same has been subdivided by said applicants for said segregation and also a "Segregation List" referring to said smaller lots upon said maps by the number of the original assessment and the respective letters designating said smaller lots, respectively, snowing the names of the persons to whom property represented thereby is assessed, and the amount of the segregated assessment apportioned to each of said smaller lots. When said maps and list have been prepared and such segregation and apportionment of said assessment made and shown thereon as aforesaid, said Board shall certify and deliver the same to the Tax Collector. The Tax Collector shall thereupon record said maps, together with a copy of said "Segregation List" in the same manner as the map of the original assessment district, and shall enter in his record of the list of said original assessment, opposite each subdivision thereof affected, a memorandum of the fact that such assessment has been segregated.

No segregation or apportionment shall be made, the aggregate of which shall be less than the original assessment upon the tract so segregated into smaller parcels or which shall diminish or decrease the amount of said original assessment. All the provisions of this ordinance, including among others those relative to the lien of said assessment, the payment of said assessments, the delinquency of said assessments and the sale of property assessed therefor, and redemption from such sale shall apply to each of said smaller lots and to the assessment segregated and apportioned to each of said smaller lots, respectively, in the same manner as though each of said smaller lots had been originally so assessed. In all cases where agreements for the payment of assessments in installments shall have been executed and delivered to cover the original subdivision, such agreements shall continue to bind, as herein provided, the persons executing the same to pay the amount of the original assessment upon the entire tract covered by such agreement, unless the owners of each of the smaller lots of land into which said subdivision originally assessed shall have been divided, shall have paid the amount of the segregated assessment apportioned to said smaller lots of land, or shall have executed and delivered agreements for the payment of assessments in installments on said smaller lots of land. When any tract originally assessed has been subdivided and the assessments thereon segregated and apportioned as herein provided, the entire assessment on each of the smaller lots into which such tract originally assessed shall have been subdivided and the assessments thereon segregated as herein provided, together with interest thereon, shall become due and payable on the date when the next installment of the assessment on such original tract shall have become due in accordance with said agreement, unless all of the owners of said original tract as so subdivided shall have paid the assessment or executed and delivered agreements for the payment of the assessments in installments on each of the smaller lots into which said original tract has been subdivided. Said applications shall set forth the various smaller lots into which the tract originally so assessed has been subdivided and the amount of the assessment which has been so segregated and apportioned to each of said smaller parcels or lots, and said smaller parcels or lots shall be identified in the same manner as the same are set forth in the segregation list of the Board of Public Works. Such application shall be substantially in the following form:

Agreement of Property Owners for Deferred Payments on Reapportioned Assessment.

The undersigned is the owner (are the owners) in fee simple absolute of that certain tract or parcel of land in the City and County of San Francisco hereinafter referred to, and constitute the whole of the ownership thereof.

Under and by virtue of Resolution No. .....(here insert the number of the resolution pursuant to which the original assessment has been levied) (New Series) passed by the Board of Supervisors of said City and County of San Francisco certain proceedings have been had resulting in an assessment of $..... upon that certain real property, designated and identified on the map and list constituting such assessment as Subdivision No. ..... That said subdivision has been resubdivided into lots owned by the undersigned and the original assessment thereon segregated and apportioned as appears from the map and list thereof filed with the Tax Collector on the ..... day of ....., 19....., and which lot is designated thereon as resubdivision No. ....., which is hereby referred to and made part hereof. The undersigned hereby ratifies affirms and approves said subdivision, segregation and apportionment of the as-

sessment thereon and the undersigned hereby requests the privilege of paying such reapportioned assessments in installments in accordance with the provisions of Ordinance No. 2186 (New Series) and that in consideration thereof the undersigned hereby waives all objections of whatsoever kind or nautre against said resubdivision, segregation and apportionment of such assessment, and said original assessment, and all proceedings with reference to the same hereby consenting to and confirming the same, and hereby undertakes and agrees to pay such portion of said assessment as is so apportioned to the lot or lots owned by the undersigned, at least in equal installments not to exceed in number ..... (giving the number as provided), in time, form and manner as provided in Ordinance No. 2186 (New Series), together with interest thereon at the rate of ..... per cent per annum (the amount fixed by said proceedings), in like time, from and manner, and to that end the undersigned owner (or owners) of each of said smaller lots upon which said assessment has been so segregated and apportioned do.. hereby undertake and agree to pay that portion of the said unpaid assessment, together with interest threon, as so segregated and apportioned to the respective smaller lot or lots owned by the undersigned, at the time, in the manner, at the same rate of interest, and subject to the same penalties and procedure in case of default as provided by the ordinance above referred to in the case of original agreements covering the tract originally assessed; that in case of default in the payment of any installment provided for herein, or interest accrued on deferred payments, at the time and place herein provided, then the entire remaining unpaid installments shall become immediately dut and payable, together with the interest thereon, and said Tax Collector of said City and County shall forthwith, upon twelve (12) days' written notice to the undersigned mailed to the last known address of the undersigned, sell the aforesaid property at public auction to the first person offering a sum sufficient to realize the entire unpaid balance of said assessment, with accrued interest and costs of sale, provided the same have not been paid before the expiration of said twelve (12) days, subject only to the right of redemption as provided in said ordinance in the case of sales for nonpayment of said assessment; that at such sale said City and County may be a bidder; that said assessment as so apportioned shall be and continue a lien upon said smaller lots or parcels into which said original subdivision has been so divided until all of said installments of principal and interest have been fully paid. It is understood and agreed that the unpaid balance due on any assessment as so segregated and apportioned, or any one or more of said installments thereof, may be paid by the undersigned (or either of them) at the office of said Tax Collector at any time hereafter, upon paying such unpaid balance of installments at said office, together with interest thereon falling due at the date of the maturity of the installment next falling due.

It is agreed that in case it should appear at any time that this application is not executed by the owners in fee simple of all of said smaller lots and consented to by all persons having any right, title or interests therein, or that this application is held by a court of competent jurisdiction to be invalid, the Tax Collector may, and we hereby authorize and consent that he shall forthwith sell the whole of the subdivision originally assessed in the manner provided by said "Tunnel Procedure Ordinance" to pay the portion of the assessment then remaining unpaid.

I (or we) certify, under oath, that the following is (or are) the only person.., firm.. or corporation.. holding or owning any mortgage, deed of trust lien or other encumbrance against or embracing the property herein described:

(Signatures.)

Forms of such agreements must be furnished to the property owners by said Tax Collector without charge.

The foregoing agreement shall be acknowledged before an official authorized by law to acknowledge conveyances of real property or by the County Clerk upon payment to him of twenty-five (25) cents, and the Tax Collector shall cause the same to be recorded in the office of the County Recorder, who shall make no charge therefor. In case it should appear at any time that any agreement made as herein provided for was not executed by all of the owners of such subdivision and consented to by all persons having any rights therein or thereto or if for any reason such agreement is or becomes at any time invalid or unenforceable, the Tax Collector shall (subject to the right of redemption as in Section 21 of this ordinance provided) forthwith sell the entire subdivision originally assessed in the manner set forth in Sections 15 and 16 hereof to pay the portion of the assessment remaining unpaid. No subdivision shall be segregated under the provisions of this section more than once.

Should it appear at any time that any person or persons owning any interest in any portion of said original subdivision has or have failed to execute said agreement for deferred payments, or that there is some defect in said agreement as executed, such omission may be cured by said person or persons executing and filing a new or separate agreement in the manner and form hereinabove provided, prior to any sale of said property or any portion thereof for delinquency under the provisions of this ordinance, and payment to Tax Collector of costs and expenses, if any, incurred in connection with said delinquent sale proceedings.

Applications for the segregation of the assessments upon two or more subdivisions may be made at one time and in one application, and acted upon at one time by the Board of Public Works.

This section shall not be deemed to repeal or supersede or abridge the provisions of Sections 38 or 38a hereof, but shall provide an additional or alternative method of relief in the case to which it relates.

This ordinance shall take effect immediately.

HEARING OF APPEAL—2 P. M.

Action Deferred.

The following matter was *continued until January* 31, 1927, *at* 2 *p. m.*:

Douglass Street.

Appeal of property owners from the assessment issued for the improvement of Douglass street from the southerly line of Twenty-fifth street to the southerly line of Twenty-sixth street, including the easterly and westerly intersections of Clipper street with Douglass street, and the crossing of Twenty-sixth street and Douglass street; and the improvement of Twenty-sixth street between Diamond and Douglass streets, by grading to official line and grade; by the construction of concrete curbs; by the construction of artificial stone sidewalks of the full official width on the angular corners thereof; by the construction of the necessary catch-basins with accompanying 10-inch ironstone pipe culverts; by the construction of 8-inch and 15-inch ironstone pipe sewers with accompanying Y branches on the 15-inch sewer, and the necessary manholes as may be required; by the construction of a concrete pavement on Douglass street from the southerly line of Twenty-fifth street to a line at right angles with the easterly line of Douglass street at its intersection with the northerly line of Clipper street; by the construction of a concrete pavement on Twenty-sixth street from the westerly line of Diamond street to a line parallel with and 280 feet westerly therefrom, and by the construction of an asphaltic concrete pavement on the remainder of the roadways thereof.

Bridge Matters.

The matter of bridge franchise applications laid over from 11 a. m. were taken up:

Formation of a Transbay Bridge District.

Supervisor Havenner presented the following resolution and asked its reference to the Special Bridge Committee:

Resolution No. —— (New Series), as follows:

Resolved, That the Board of Supervisors of the City and County of San Francisco proceed forthwith to take the necessary legal steps, in accordance with the advice of the City Attorney, to form a bridge district under the State Bridge and Highway District Law, consisting of San Francisco and Alameda counties, for the purpose of financing, constructing and operating a bridge across San Francisco Bay under public ownership.

Supervisor Gallagher's Resolution.

Whereupon, Supervisor Gallagher offered verbally as an amendment the following resolution:

Resolved, That it is the sense of the Board, in consideration of Supervisor Havenner's resolution, that the committee is not to understand that it acts as an estoppel of the Board in the consideration of franchises now before us, and it is the hope of the Board that the provisions of Supervisor Havenner's resolution shall run concurrently with the action of the Board on petitions now pending.

Point of Order.

Supervisor McSheehy raised the point of order that the motion is made that the Havenner resolution be referred to committee, and a motion has been made to amend the resolution. Therefore, to amend the resolution would require the suspension of the rules, which has not been asked for, and you cannot vote on this matter until heard by committee unless the rules are suspended.

Statement by Supervisor Gallagher.

Supervisor Gallagher requested the following statement be made part of the record:

"I do not want to be impolite—all of us being committed to the policy of public ownership by the terms of the Charter, as one member of this Board I do not think reiteration is necessary, but to delay further bridge proceedings, while the details of a bridge district plan is being worked out, is almost a criminal assault upon the rights of the people. If we can judge by expressions of personal opinion on every side there prevails a wish for action on this bridge project which assumes the proportions of a mandate. Were it not for my belief in this bridge district I would suspect this proposal was

designed to be put forth by that potential element which has been assiduously doing everything to delay our franchise while always keeping alive the devout wish we would do something to invalidate the proceedings. I will read my remarks given at another time, which express my opinion on this matter:

"'Under the procedure and under the statute law, unless I am wrong, and it has been said here a dozen times if it is desired to find out if the people of these counties desire a publicly-owned bridge there is nothing to prevent the people of those counties from taking the proceedings indicated in the City Attorney's letter.'

"To expect a bridge can be built cheaper under public ownership than under private ownership is hoping against our experience in every matter of the expenditure of the public funds. To drive that capital away is not business-like; to throw out all the maps, plans and preparations of nineteen participants in face of the fact that they have spent years of study and huge sums of money, is not only unnecessary, but is working directly into the hands of people who desire that there be no bridge over San Francisco Bay. However, I have no objection to the formation of a bridge district, providing it does not block or delay the granting of a franchise. To that end I favor an early declaration on this most important project. I suggest, while this proposal of Supervisor Havenner is being thoroughly and fairly considered, its consideration shall not estop the regular proceedings. The petitioners are here, ready to build a bridge at once. Millions of dollars are waiting to be spent in the building of a bridge. Labor needs employment, and over 60 per cent of these millions would be spent for labor. The bridge can be taken over and publicly owned whenever our peole desire it, and I desire that statement to go in the record in support of that resolution which I have presented."

Question of Personal Privilege.

Supervisor Havenner rose to a question of personal privilege and said:

"I object to the form of Supervisor Gallagher's resolution. He reads into the resolution which I have introduced here an intent which it does not state and which it does not contain. I have no desire to deprive this Board, if it so desires, of the right to go ahead and vote on any question in connection with the bridge matter while my resolution is being considered, but I do object to having a resolution written into the special records of this Board which implies that my resolution does something it does not do, and as a question of personal privilege I object to the acceptance of that resolution in its present form, because it does not deal with anything now before this Board."

Whereupon, Supervisor Havenner's and Supervisor Gallagher's resolutions were *referred to the Special Bridge Committee.*

Supervisor Gallagher called attention to a previous motion made by him:

"On January 17, 1927, the Board agreed to take a vote upon the granting of a franchise by proper resolution for a bridge across San Francisco Bay, and that the petitions would be taken up in the order of their presentation to the Board for a vote. It was then moved by Supervisor McSheehy that my motion go to the Bridge Committee. That vote, I think, was 9 to 7. I then moved that the Bridge Committee be requested to vote on that motion, which was referred by January 10. That was the instruction of the Board, to bring it out on January 10. They have failed to do so."

Motion.

"Now, Mr. Chairman, I desire to move you that Tuesday, February 15, 1927, at 10 o'clock a. m., be set as the time when the Board will consider and commence to vote on bridge applications now pending."

Point of Order.

Supervisor McSheehy raised the point of order that Supervisor Gallagher's motion was not in order for the reason that the bridge matter is before a committee of this Board and the committee has not reported on the particular matter referred to it. Point of order not well taken.

Statement of Supervisor Havenner.

Supervisor Havenner, in answer to a remark of Supervisor Gallagher, made the following statement for the record:

"I want to make a statement in response to what Supervisor Gallagher says about me, that no attorney for any project now before this Board has said to me that it meant $600,000 for him to get a franchise, or it meant any amount for him to get a franchise. No attorney, nor any attache of any project before this Board, has every discussed that matter with me in any manner, and I had no knowledge then of such editorial as that in advance. I would prefer the

Supervisor not to say those things unless has has information upon it.

"I would say it is extremely inconsistent at this time to commit ourselves definitely now to the proposition of voting for a private franchise on a specific date until the committee acts on those resolutions, and I hope they will act speedily on mine. I think it will be absurd."

Communications.

The following telegram and communication was presented and read by the Clerk:

"Washington, D. C., Jan. 15.
Hon. James B. McSheehy, City Hall,
San Francisco, California.

Retal understands Saturday's San Francisco Examiner carried detailed account of General Jadwin's statement before subcommittee. Am mailing you today copy of hearing. Have taken up matter with Jadwin, who informs me that with the evidence before him now he would not favor bridge north of Hunter's Point but is willing to consider further evidence.

Mrs. Julius Kahn, M. C."

"Washington, D. C.,
Jan. 15, 1927.

Hon. James B. McSheehy, City Hall.

Chronicle article January 5th reference to Subcommittee on Appropriations meeting quoting Mrs. Kahn, Congressman Carter of Oakland and myself as present and questioning General Jadwin in reference to east bay bridge mistake. We were not present. I have not seen or discussed bridge matters with General Jadwin since arrival here. I looked up record of meeting referred to and find that Congressman Barbour of Fresno, California, chairman of Subcommittee on Appropriations, asked General Jadwin certain questions concerning all bay bridge matter which are printed in detail in report copy of which I am mailing you. Would respectfully suggest that you wire General Jadwin and General Deakyne direct in reference to elaboration of War Department's views as referred to in your telegram of this date. Am transmitting your telegram to War Department engineers.

Richard J. Welch, M. C."

Amendment Proposed.

Supervisor Havenner moved as an amendment that Supervisor Gallagher's motion be referred to the Special Bridge Committee.

Meeting of Special Bridge Committee.

Whereupon, Supervisor McSheehy called a meeting of the Special Bridge Committee for Saturday morning, January 22, 1927, at 10 a. m.

Substitute for the Whole.

Supervisor Roncovieri offered the following substitute for the whole:

Resolution No. ——— (New Series), as follows:

Whereas, financial problems connected with the building of a bridge across the Bay are various and extremely involved and absolutely fundamental in arriving at a favorable decision of policy as between a bridge built by public funds or one to be built by private capital; therefore, be it

Resolved, That the Bridge Committee of this Board be requested and empowered to employ expert financial accountants and actuaries who shall prepare from the records of this Board and other data a complete set-up of figures tabulating in parallel form the more profitable policy to be adopted.

Referred to Special Bridge Committee.

Privilege of the Floor.

Chas. Brennan was granted the privilege of the floor and asked if those who desire to present any matters to the committee might do so on Saturday.

Clerk was directed to notify all applicants of the meeting of the Special Bridge Committee on Saturday.

Referred.

Thereupon, the roll was called and Supervisor Gallagher's motion was *referred to the Special Bridge Committee* by the following vote:

SPECIAL ORDER—3 P. M.

Report of Finance Committee on Salary Increases.

The following matters were taken up

San Francisco, Dec. 20, 1926.

Honorable Board of Supervisors,
City and County of San Francisco.
Gentlemen:

In the last municipal campaign the people of San Francisco, by overwhelming vote, declared for strict economy in the conduct of the business of this City and County. In compiling the budget for the present fiscal year your Finance Committee complied with that mandate for economy and submitted an estimate of expenditures totaling $33,284,382, which represented a reduction of $1,776,127 from the nominal budget total of the previous fiscal year. As a matter of fact, the previous year's budget had been erroneously compiled, with the result that a deficit of $1,400,000 occurred, so that the actual reduction in authorized expenditures for the present year amounts to $3,176,127.

This year's budget was unanimously adopted by the Board of Supervisors and signed by the Mayor without the change of a single item in the report of the Finance Committee. A tax rate 47 cents less than that of the previous year was adopted, and 72,000 taxpayers of this City and County are now enjoying an average reduction of 12 per cent in their tax bills for the current year.

When the budget was compiled, your Finance Committee took the position that the people's mandate for economy was intended to apply not only to elected officials, but to all employees of the City and County as well, and not a single salary raise or reduction was included in the budget. Half of the fiscal year has now elapsed and a survey of the City and County finances shows that a moderate surplus will accumulate in the treasury by the end of the year. Your Finance Committee has, therefore, taken under consideration various requests for salary increases for City and County employees who now receive small incomes, and for certain others who have not enjoyed a raise for a number of years. After a careful investigation of these requests your Finance Committee, on November 29 last, recommended small increases of salary for about 640 employees, which will aggregate an expenditure of about $70,000 in next year's budget, representing approximately one cent in the tax rate.

Certain members of your Honorable Board have seen fit to recommend additional increases for about 187 employees, 102 of whom were included in the recommendations already submitted by the Finance Committee. These additional increases would amount to $37,104, and would entail a further advance of one-half cent in the tax rate.

During the past three weeks your Finance Committee has been approached, personally and by petition, by no less than one thousand city employees, all asking for salary increases. If these requests were allowed they would necessitate an increase of approximately a quarter of a million dollars in the next budget. Your Finance Committee recognizes the fact that all employees would like to have a salary raise, but it is obviously impossible to increase the entire City and County payroll, and your Committee has endeavored to confine its recommendations chiefly to those

employees who are now receiving what may be characterized as a minimum wage. The first year of the new economy regime is only half over, and your Finance Committee believes that a faithful adherence to its obligation to the people's demand for economy will not justify any further increases at this time.

In the face of these facts as herein stated the Finance Committee recommends that all requests for raises of salaries made on November 29, 1926, be disapproved, and that the Civil Service Commission be requested to report as soon as possible their recommendations on the standardization of positions as provided for by the Charter.

Respectfully submitted,

JAS. B. McSHEEHY,
Chairman;
F. R. HAVENNER,
MILO F. KENT,
Finance Committee.

Salaries of School Janitors and Janitresses.

Supervisor Gallagher rose to a question of personal privilege, as to whether the Finance Committee had, in accordance with the following, conferred with the Board of Education in the matter of an increase of $5 per month in salaries of school janitors and janitresses. He called attention to the following motion made by him and carried

at the meeting of the Board of Supervisors on November 29, 1926, to-wit:

"I move you that it be the sense of this Board that the janitors and janitresses employed in the School Department be allowed an additional increase of $5 per month, commencing as of January 1, 1927; that the Board of Education be conferred with by the Finance Committee to the end that the amount sufficient to allow such increase be allotted from their funds, if possible, and if funds within the authority of the Board of Education are not available, then that the Finance Committee allow said appropriation on their promise to pay such raise, a sum equal to a raise of $5, in addition to that already given for each janitor and janitress employed in the Public School Department of the City and County."

Thereupon, his resolution having been in committee for over thirty days, it was called up in the Board for consideration.

The Chair ruled that the Gallagher resolution was now in the hands of the Board and was granted preference in consideration.

Whereupon, Supervisor Gallagher moved that the Finance Committee request the Board of Education to allow to all school janitors and janitresses an additional salary of $5 per month as of January 1st or as soon thereafter as possible out of Janitorial Service and Engineering Supplies, and if a deficit occurs in said fund as a result, that the Board of Supervisors pledge itself and the Finance Committee to make good the deficit out of any surplus available.

Referred.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Contstitutional Amendment, Taxation of Public Utilities.

The following was presented by Supervisors Badaracco, Schmidt and Shannon:

Resolution No. 26711 (New Series), as follows:

Whereas, a constitutional amendment has been submitted to the Legislature of the State of California, now assembled, providing for the taxation of all publicly owned light, power, heat, transportation, telegraph and telephone projects to the same extent as like property owned and operated by private corporations and natural persons; and

Whereas, legislation identical with that now proposed was defeated in the 1925 session of the Legislature, largely because of the active opposition of the representatives of San Francisco in the Senate and Assembly; and

Whereas, the adoption of such proposed constitutional amendment would be extremely detrimental to the successful expansion and operation of municipally owned projects

by the City and County of San Francisco; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that said Board opposes the adoption of such amendment and requests the co-operation of Assemblymen and Senators from this city to secure its defeat; and be it

Further Resolved, That a copy of this resolution be forwarded to each Senator and Assemblyman from San Francisco.

Adopted by the following vote:

A y e s — Supervisors Badaracco, Byington, Gallagher, Havenner, Hayden, Kent, Marks, McSheehy, Roncovieri, Schmidt, Shannon, Stanton, Todd—13.

Absent — Supervisors Bath, Colman, Deasy, Harrelson, Powers—5.

Citizens' Committee to Invite Democratic National Convention.

Supervisor Hayden presented:

Resolution No. 26712 (New Series), as follows:

Resolved, That his Honor the Mayor be respectfully requested to appoint a committee of citizens to make the necessary plans, through civic and political organizations, to invite the next Democratic National Convention to meet in San Francisco in 1928.

Adopted by the following vote:

A y e s — Supervisors Badaracco, Byington, Gallagher, Havenner, Hayden, Kent, Marks, McSheehy, Roncovieri, Schmidt, Shannon, Stanton, Todd—13.

Absent — Supervisors Bath, Colman, Deasy, Harrelson, Powers—5.

Citizens' Committee to Invite Republican National Convention.

Supervisor Shannon presented:

Resolution No. 26713 (New Series), as follows:

Resolved, That his Honor the Mayor be respectfully requested to appoint a committee of citizens to make the necessary plans, through civic and political organizations, to invite the next Republican National Convention to meet in San Francisco in 1928.

Adopted by the following vote:

A y e s — Supervisors Badaracco, Byington, Gallagher, Havenner, Hayden, Kent, Marks, McSheehy, Roncovieri, Schmidt, Shannon, Stanton, Todd—13.

Absent — Supervisors Bath, Colman, Deasy, Harrelson, Powers—5.

ADJOURNMENT.

There being no further business, the Board at 8:15 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

Approved by the Board of Supervisors May 16, 1927.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

JOHN S. DUNNIGAN,
Clerk of the Board of Supervisors,

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, JANUARY 24, 1927, 10 A. M.

In Board of Supervisors, San Francisco, Monday, January 24, 1927, 10 a. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Badaracco, Colman, Byington, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—17.

Absent—Supervisor Bath—1.

Supervisor Bath excused on account of illness.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor Badaracco was elected to preside.

Supervisor Shannon asked that his Honor the Mayor, who had appeared earlier in the day and had returned to his office, be now notified that the Board was in session.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of November 15, 1926, was considered read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Protest Against Changing Zones, Bay View District.

The following was presented and read by the Clerk:

Communication, from the Bay View Promotion Association, protesting against the contemplated change of zone to Heavy Industrial character in block bounded by Donner avenue, Egbert, Ingalls and Hawes streets.

Considered and postponed for two weeks.

Zoning Change Protest, California Street, West of Van Ness Avenue.

Communication, from the Presidents of nine Churches of Christ Scientist against the rezoning into Light Industrial District of that portion of California street between Van Ness avenue and Franklin street.

Read by the Clerk.

Inauguration of Embarcadero Bus Service.

The following was presented and read by the Clerk:

Communication, from W. J. Fitzgerald, Secretary Board of Public Works, advising that The Embarcadero bus service will be inaugurated with fitting ceremony at the Ferry Building at 12 o'clock noon, Thursday, January 27, 1927, and inviting the Board of Supervisors to participate.

Relative to Salary Increases for Janitors and Janitresses, School Department.

The following was presented and read by the Clerk:

Communication, from the San Francisco Labor Council, urging the Board of Supervisors to make the necessary appropriation and direct the Board of Education to use the money so appropriated for increasing the salaries of janitors and janitresses in the Public Schools, which the Council believes is one of the most meritorious appeals pending before the Board.

Action deferred one week.

Relative to Bridge Applications.

The following were presented and read by the Clerk:

Communication, from the Civic League of Improvements Clubs and Associations, stating that by reason of the lack of decisive action in getting a franchise for a transbay bridge that there remain at present possibly only five applications whose legality cannot be disputed before the Board of Supervisors because the Civil Code provides that no corporation which shall not secure within the period of six months a bridge franchise for which it has applied shall automatically cease to exist, and consequently would have no further legal standing before the Board.

Over one week.

Also, *communication*, from business men and property owners north of Market street requesting that

the Board of Supervisors select Telegraph Hill on this side of the Bay as San Francisco's terminal.

Over one week.

Political Meetings in Auditorium.

Communication, from Anna C. Wellbrock, suggesting the allowing of a mass meeting on Saturday night before each election in order that the people may have an opportunity to hear and see all candidates running for office, and further that speeches be broadcast and screen with slides be provided for each candidate and music provided for entertainment.

Referred to Auditorium Committee.

Death of Edward F. Moran.

Supervisor Shannon presented:

Resolution No. 26719 (New Series), as follows:

Whereas, death has unexpectedly called Edward F. Moran, leading attorney of San Francisco, who has been actively interested in civic affairs for over a quarter of a century; and

Whereas, Mr. Moran has served his city faithfully and with distinction as Chief Examiner and Civil Service Commissioner, and for the past fifteen years as attorney for the Auditor; therefore, be it

Resolved, That the Board of Supervisors express its sincere sympathy and regret at his untimely demise; and be it

Further Resolved, That copies of this resolution be forwarded to members of his family, and that when the Board adjourns it do so in respect to his memory.

Adopted unanimously by rising vote.

Supervisor McSheehy presented the following for the record:

It becomes the sad duty of this Board to register the death of Edward F. Moran, who has been associated with the government of this City for many years, first as secretary and examiner of the Board of Civil Service Commissioners, immediately after adoption of the present City Charter, and later as the attorney of the Auditor. In these capacities he has rendered faithful service and his counsel has been such as to entitle him to receive the respect and confidence of his associates, and the City has gained much by accepting his advice. These many years of association with Mr. Moran have created friendships that have been most sincere and a memory of them will long endure. We deeply grieve at the severance of these associations and tender our condolence to the surviving members of his family.

Relative to Embarcadero Busses.

The following was presented, read by the Clerk and ordered *filed*:

December 23, 1926.

James Rolph, Junior, Mayor.

Sir:

In considering Resolution No. 26582 (New Series), finally passed by the Board of Supervisors on December 20, 1926, wherein the sum of $47,742 was appropriated for the purchase of six White motor busses with wooden bodies to be used in The Embarcadero bus service, it might be well for you to have before you the following facts:

By Ordinance No. 7268 (New Series), approved October 2, 1926, this Board was authorized and directed to buy in the open market six busses for The Embarcadero bus service. Pursuant to these directions the City Engineer prepared the necessary specifications, and by Resolution No. 94539 (Second Series), passed November 8, 1926, this Board directed its Superintendent Bureau of Accounts to issue the necessary purchase order for two White busses, two Mack busses and two Fageol busses, and by Resolution No. 94539-A (Second Series), passed by this Board on November 8, 1926, the Board of Supervisors was requested to appropriate the sum of $54,287.88 to defray the cost of the said six busses. Paragraph 1, Section 9, Article VI, Chapter I of the Charter provides among other things that the necessity for equipment for public utilities must first be certified by the City Engineer before they may be purchased. In this particular instance the City Engineer in letter addressed to the Board of Public Works under date of October 28, 1926, did certify that a total of six busses, each of 29 passenger-carrying capacity, was necessary for The Embarcadero bus line. We quote the following paragraphs from said letter:

"In accordance with the provisions of Ordinance No. 7268 and Ordinance No. 6440, I do hereby certify that the necessities of construction in connection with the operation of an automobile passenger bus service along The Embarcadero between the Third and Townsend street station at the south and the Golden Gate Ferry on the north require the immediate purchase in the open market of six automobile busses.

"This will leave your Board free to exercise its discretion in the pur-

chase of the necessary busses, but I wish your Board to understand that it is nevertheless my opinion that the particular type of busses as recommended under date of October 6, 1926, will best meet the requirements of the proposed service, considering price and serviceability."

After the receipt of the City Engineer's certifications, this Board in its discretion determined that two White, two Mack and two Fageol busses were best suited for The Embarcadero bus service.

Resolution No. 26582 (New Series), finally passed by the Board of Supervisors on December 20, 1926, appropriating money for these busses, does not conform to the request of the Board of Public Works as to the amount of money necessary to buy the six busses which our Superintendent Bureau of Accounts was directed to purchase. The total amount necessary to purchase the six busses as requested by the Board of Public Works is $54,287.88, whereas the resolution of the Board of Supervisors (No. 26582) which is now before you, provides but $47,742. Further, the resolution of the Board of Supervisors designates the particular make of bus for which the appropriation is provided and also the type of body which is to be mounted on the chassis. In the opinion of this Board the Board of Supervisors have exceeded their authority in designating the type of equipment and the amount of money for the purchase thereof. We feel that this authority is vested only in the Board of Public Works after the proper certification for the necessity of the equipment has been made by the City Engineer, and that therefore Resolution No. 26582 (New Series) of the Board of Supervisors designating the particular make of the motor bus, which is at variance with the ones selected by this Board, is in excess of their authority.

Respectfully,
BOARD OF PUBLIC WORKS.
W. J. Fitzgerald, Secretary.

Amending Ordinance No. 1008, "Building Law."

On motion of Supervisor Powers:

Bill No. 7886, Ordinance No. —— (New Series), as follows:

Amending Ordinance No. 1008 (New Series), known as the "Building Law," of the City and County of San Francisco, approved December 22, 1909, by adding a new section thereto to be known as Section 50a; and also amending Section 100 and Section 103 of said ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 1008 (New Series), known as the "Building Law," of the City and County of San Francisco, approved December 22, 1909, is hereby amended to read as follows:

Welding for Structural Steel Members.

Section 50a. Where electric arc or spot welded connections are used, subject to compression or shear, they shall be designed to have a factor of safety of 6 and in no case shall the allowable stress exceed 6000 pounds per square inch.

Where welding is used in buildings over one story high all column connections shall be riveted and all columns and column ties shall be solid structural shapes or structural shapes assembled together with riveted connections.

Section 2.

Reinforced Concrete Floors.

Section 100. Floors of reinforced concrete built in conformity with the requirements for reinforced concrete as outlined under Class B buildings may be built in Class A buildings.

No concrete slab shall have a span exceeding sixteen (16) feet, and in buildings over 86 feet in height no slab shall be over ten (10) feet span.

No slab or stone concrete shall be less than three and one-half inches thick, except roof slabs, which may be three inches thick. Slabs over eight feet span and less than twelve feet span shall not be less than 4½ inches thick. Slabs over twelve feet span shall not be less than 5 inches thick. Slabs may be built of concrete in which broken brick, terra cotta or cinders are used in place of stone, provided they are made not less than 4 inches thick for floors and not less than 3½ inches thick for roofs.

Where supporting steel beams are not more than 24 inches center to center and the superimposed load does not exceed 125 pounds per square foot, roof and floor slabs may be constructed not less than 2 inches thick of Portland cement concrete with stone, brick, terra cotta or cinder aggregate.

Such slabs may be supported on a rib metal reinforcing lath weighing not less than 4 pounds per square yard. If not supported on ribe metal lath the 2-inch slab shall be reinforced with .06 square inches of steel per foot of width transverse to the beams and .15 longitudinal.

Such 2-inch slab construction shall be limited to 12 stories above the sidewalk or to the upper 12 stories of buildings 13, 14 or 15 stories above the sidewalk.

Section 3.

Fireproofing.

Section 103. All parts of the steel frame, including cast iron columns, shall be covered with fireproofing. The fireproofiing shall be continuous and no pipes of any description shall be laid in any fireproofing nor shall any fireproofing be cut to allow the passage of any pipe or duct through any part except floor slabs.

In roofs where space is left between the ceiling and roof beams, fireproofing may be omitted from the steel frame, except around columns, and where columns project above the roof they shall be fireproof, but this shall not apply to the exposed beam supporting tanks, etc.

In floor slabs where air space is left between the floor slab and ceiling and said ceiling is not less than ¾ inches thick composed of a scratch coat of Portland cement placter ¼ inch thick and two coats of gypsum plaster, supported on metal lath, fireproofing may be omitted from the steel frame except around columns and beams and girders framing into columns.

Section 4. This ordinance shall take effect and be in force immediately.

SPECIAL ORDER, 11 A. M.

Minority Report of Supervisor Deasy on Lease of 333 Kearny Street.

December 29, 1926.

Hon. Board of Supervisors, City Hall, City.

Gentlemen:

Your minority of the Building Committee beg leave to report to your Honorable Board a resolution passed unanimously by the Board of Supervisors July 17, 1926, No. 25899, requesting the Board of Public Works to confer with the Chief of Police to determine the amount of additional space required in the Hall of Justice for the growing needs of the Police Department and to report to the Board their findings.

On August 28, 1926. the Chief of Police advised the Board in the following letter:

"Please be advised that the Police Department can occupy all the rooms vacated by the District Attorney, Public Defender, Probation Officer and their respective staffs, which are located in the Hall of Justice, at Kearny and Washington streets.

"Said premises can be utilized and occupied immediately without any alterations for some time, therefore I would respectfully request that proper authorization be granted to this department for the occupancy of the above mentioned space."

I therefore recommend to the Board of Supervisors that the vacant space now existing in the Hall of Justice be assigned to the Police Department in accordance with their letter to the Board of August 28, 1926.

Yours truly,

C. J. DEASY.

Supervisor Deasy's Resolution.

Whereas, the certain rooms situate in the Hall of Justice heretofore occupied by the District Attorney, the Public Defender and the Adult Probation Officer have been vacant since the removal of the said offices and officials to premises at No. 333 Kearny street and are still vacant and unoccupied; and

Whereas, the Chief of the Police Department, by communication heretofore filed, set forth that the said vacated premises, if made available, could be occupied and utilized by the Police Department without any alterations being made therein; therefore, be it

Resolved, That the said vacated rooms in the Hall of Justice, situated mainly on the third and fourth floors and to be more specifically specified by their respective numbers be and the same are hereby assigned to the Police Department for its use and purposes.

Majority Report.

San Francisco,
December 27, 1926.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your majority committee on Public Buildings and Lands, to which was referred the resolution terminating the lease by the City of premises known as 333 Kearny street, now occupied by the District Attorney, Public Defender, the Adult Probation Officer and the Grand Jury, on the 1st day of May, 1927, and directing the said herein named officials to be reinstated in the Hall of Justice, would respectfully report that careful consideration has been given to the subject matter expressed in the resolution, taking into consideration that the alterations heretofore ordered and now under progress in the Hall of Justice will be completed within a period of about 90 days, and will, in the opinion of your committee, more adequately accommodate the hereinbefore referred to officials of the City and County.

Your committee has realized the inconvenience to the public by reason of the removal of the said officials from the Hall of Justice, with the thought of remedying such conditions at the earliest opportunity.

Your committee feels that it is a necessity, by reason of the duties of the District Attorney, the Public Defender and the Adult Probation Officer, that such offices should be in the Hall of Justice, contiguous to the court located therein. With this aim in view your committee would respectfully report in favor of the passing of the resolution cancelling the present lease of the premises No. 333 Kearny street, to take effect the 1st day of May, 1927, and of directing the removal of the hereinbefore mentioned offices and respective officials to the Hall of Justice, and to occupy the certain rooms hereinafter to be designated and assigned to them by the Public Buildings and Lands Committee of your Board.

Very respectfully,
CHAS. J. POWERS.
LEWIS F. BYINGTON.

Supervisor Powers Presents:

Whereas, in the month of ——— a resolution was introduced by a Special Committee and passed by a majority vote of the Board of Supervisors, directing the District Attorney, Public Defender, Adult Probation Officer and the County Grand Jury to move from their rooms in the Hall of Justice to No. 333 Kearny street; and

Whereas, this committee recommended that a lease be entered into between the Board of Supervisors and Louis T. Samuels for said property at a rental of 15 cents per square foot, amounting to $74,081.25, for a term of five (5) years, with a stipulation that the lease can be cancelled by giving ninety (90) days' notice to said owner; and

Whereas, since entering into this lease alterations have been made in the Hall of Justice which will provide for 7591 square feet of floor space, together with 4870 square feet now unoccupied, making a total of 12,461 square feet, which is more than sufficient to take care of the needs of the Police Department and of the other departments now occupying temporary quarters at No. 333 Kearny street; and

Whereas, the service rendered to the public has been very inadequate, owing to the distance of several blocks between the Hall of Justice and No. 333 Kearny street, and numerous complaints have been made; and

Whereas, the expenditure of $74,081.25 for the rental of these offices is a direct wastage of public funds and should terminate as soon as possible; and

Whereas, these alterations will be completed in about ninety (90) days from date and far better offices and accommodations will be provided for the District Attorney, the Public Defender, the Adult Probation Officer and the County Grand Jury in the Hall of Justice than they now have at No. 333 Kearny street; therefore, be it

Resolved, That the cancellation clause in the lease between the City and County of San Francisco and the owner of the building known as No. 333 Kearny street, entered into on the 2d day of June, 1926, be terminated on the 1st day of May, 1927, and that the District Attorney, Public Defender, Adult Probation Officer and the County Grand Jury be directed to move from their offices at No. 333 Kearny street to the Hall of Justice and occupy rooms as designated by the Public Buildings and Lands Committee of this Board, and that proper furnishings and equipment be placed in said rooms.

Privilege of the Floor.

Captain Quinn, Police Department, and *Mr. Nichols*, representing

Adult Probation Bureau, were heard.

Motion.

Supervisor Havenner moved that Captain Quinn furnish plans, etc., showing needed space for Police Department in the Hall of Justice and an estimate of the requirements to take care of normal growth.

Motion *carried*.

Action Deferred.

Whereupon, on motion of Supervisor Havenner, the foregoing matters were *continued one week and made a Special Order of Business for* 4 *p. m., January* 31, 1927.

Bridge Matters.

Supervisor Havenner moved that Major Schultz and Major Jackson be invited by the Clerk to attend the meeting this afternoon when report of Special Bridge Committee would be under consideration.

Chas. Brennan was granted the privilege of the floor and warned the Board that consideration of bridge hearing might invalidate all the proceedings, at great loss to all the applicants.

Motion.

Supervisor Schmidt moved that the City Attorney be asked to attend at 2:30 p. m. to advise the Board in the matter.

Motion *carried*.

RECESS.

Whereupon, the Board took a recess until 2 p. m.

J. S. DUNNIGAN,
Clerk.

REASSEMBLED.

The Board of Supervisors reassembled at 2 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—17.

Absent—Supervisor Bath—1.

Quorum present.

Supervisor Bath excused on account of illness.

His Honor Mayor Rolph being absent Supervisor Badaracco was elected to preside.

Special Bridge Committee Report.

City Attorney O'Toole, pursuant to request made at this morning's meeting attended the session this afternoon and was asked as to the legality of proceeding with bridge matters at this time.

Chas. Brennan, attorney for one of the applicants for a bridge franchise, was granted the privilege of the floor and reaffirmed his statement made at the morning session "that any contemplated action this afternoon by the Board of Supervisors, upon these bridge matters, might invalidate all so-called bridge proceedings or hearings that have heretofore been had, or that might come hereafter, upon this theory. A resolution was introduced by Supervisor Havenner, I believe last Monday, and by the Board referred to the Special Bridge Committee, and that Bridge Committee met Saturday and took the resolution under consideration, and, by a vote of six members of the Committee, a substitute resolution was adopted by that Committee, and it was the intention, as I understand it, of the Committee to refer that resolution back, the substitute resolution, to the Board today for its consideration. Now, at the last meeting of the Board at which these bridge hearings were on the calendar, they were continued until January 31st, and my understanding of the law is that the hearings must be continued from time to time before the entire Board, and I just raised the point that, if consideration is given to the bridge hearings today, this not being one of the adjourned meetings for the bridge hearings, it might tend to invalidate these proceedings, and I did it out of an abundance of caution. I merely made the suggestion to the gentlemen to have them act on it as they saw fit, after consulting with you."

City Attorney O'Toole: The provision of the Political Code relative to the granting of these franchises for bridges provides that the Board shall adjourn the hearing, and uses the word "adjourn", adjourn the hearings from time to time, and either take such testimony themselves, or refer the matter to some judicial officer of the State for the purpose of taking testimony. Now, you have been proceeding for several months, adjourning your hearings from time to time. At these hearings you have taken up the character and nature of the different plans and the character and nature of the different proposed sites. And I think at least, and I will advise you that, at least it would be extremely dangerous, even to the person who might be successful in having his particular plan adopted, to take any action toward selecting a site, or recommending the adoption of any particular plan, except in a regular

meeting to which the bridge hearings have been adjourned. I give you that information really out of an excess of precaution, to the end that that question, or that objection, will not be raised, whenever the Board finally decides what particular site and what particular plan they will adopt for the transbay bridge. Therefore, my advice to the Board is, as only a week intervenes between today and the time of the adjourned hearing, that the Board continue the matter until the adjourned hearing.

Action Deferred.

Whereupon, action was *deferred until the next meeting of the Board, January* 31, 1927.

SPECIAL ORDER—3 P. M.

Amending Zoning Ordinance, California Street, West of Van Ness Avenue.

Bill No. 7905, Ordinance No. —— (New Series), as follows:

Amending Ordinance No. 5464 (New Series), entitled "Regulating and establishing the location of trades, industries and buildings, and the locations of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 5464 (New Series), the title of which is above recited, is hereby amended as follows:

That Section 2 of the Use of Property Zone Map, constituting a part of said ordinance, be changed so as to place the southerly side of California street, commencing at a point 134 feet westerly from Van Ness avenue and running thence westerly a distance of 106 feet and 3 inches, and extending to the depth of the rear lot lines, in the Light Industrial District instead of in the Second Residential District.

Protest.

Supervisor Hayden presented:

San Francisco, California,
January 14, 1927.

To the Honorable Board of Supervisors of the City and County of San Francisco.

We, the undersigned, the presidents of the nine Churches of Christ, Scientist, in the City of San Francisco, acting for and in behalf of the members of these churches, respectfully petition your honorable body to deny the pending application to rezone a portion of California street between Van Ness avenue and Franklin street so as to permit the construction of industrial buildings and the establishment and operation of automobile machine shops.

The area included is opposite First Church of Christ, Scientist. This church was erected in its present location because of the then existing residential conditions and because of the confidence that these conditions would be maintained in its immediate vicinity.

The invasion of the street by industries of the character contemplated will cause a very material depreciation in the value of the edifice which this Christian Science Church has erected in good faith. Because of the noise, smoke and fumes, our property will be made unsuitable for the purposes for which it is used. Because of the congestion it will cause on the street it will seriously affect traffic conditions.

One of the moving reasons for the construction of this church in its present location was because of the beautiful residential situation. Entirely apart from our immediate interest as the owners of the church property so directly affected, we are interested as citizens of San Francisco in preserving and maintaining the residential character of this section of our City.

Fred N. Bigelow, President, First Church of Christ, Scientist.

Louis Andresen, President, Second Church of Christ, Scientist.

Clara E. Morgan, President, Third Church of Christ, Scientist.

E. H. Normand, President, Fourth Church of Christ, Scientist.

Aline M. Hoffman, President, Fifth Church of Christ, Scientist.

Helen H. Ashton, President, Sixth Church of Christ, Scientist.

Joseph A. Hawkins, President, Seventh Church of Christ, Scientist.

Mildred G. Hackney, President, Eighth Church of Christ, Scientist.

F. G. Darlington, President, Ninth Church of Christ, Scientist.

Privilege of the Floor.

Messrs. Van Fleet, Joel, Madden, Jensen, Mrs. Robt. Dean, Wood, and *Girard* were granted the privilege of the floor and heard in the pending matter.

Passed for Printing.

Whereupon, the roll was called and the foregoing bill was *passed for printing* by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Deasy, Harrelson, Havenner, Kent, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd—13.

Noes — Supervisors Gallagher, Hayden, Marks—3.

Absent—Supervisors Bath, Shannon—2.

Consideration of Mayor's Veto, Embarcadero Busses.

Consideration of the veto of his Honor the Mayor of Resolution No. 26582 (New Series), appropriating $47,742 out of the Municipal Railway Depreciation Fund to be expended by the Board of Public Works for Embarcadero busses.

The following was presented and read by the Clerk:

Communication, from the Board of Public Works, stating that the Embarcadero bus line will be formally opened on Thursday, January 27, 1927, at 12 o'clock noon, at the Ferry Building.

The question being raised as to why White busses had not been purchased as provided in ordinance.

Mr. Reardon, President of the Board of Works, informed the Board that they now have four of the busses required and will soon have the other two. The Board of Works urchased these busses under the ordinance authorizing it to purchase them, which has never been rescinded.

Motion.

Supervisor Havenner moved that further action on the veto be deferred.

Motion *carried* by the following vote:

Ayes — Supervisors Badaracco, Havenner, Marks, Schmidt, Shannon, Stanton, Todd—7.

Noes—Supervisors Colman, Gallagher, Hayden—3.

Absent—Supervisors Bath, Byington, Deasy, Harrelson, Kent, McSheehy, Powers, Roncovieri—8.

Salary Increases.

On motion of Supervisor Gallagher, all resolutions for salary increases were *continued for one week.*

Federal Building in Civic Center.

On motion of Supervisor Havenner the Clerk was authorized to wire to the Postmaster-General and ask him if the Post Office Department, which now has under consideration the construction of a new $5,000,000 Federal Building in San Francisco, cannot be authorized to confer with the Board of Supervisors to ascertain whether it may not be possible by joint action of the City and the Federal government to make use of the site at the entrance of Market street to the Civic Center between Fulton and Grove streets.

ADJOURNMENT.

Whereupon, the Board at the hour of 7:35 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

Approved by the Board of Supervisors May 16, 1927.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, JANUARY 31, 1927, 10 A. M.

In Board of Supervisors, San Francisco, Monday, January 31, 1927, 10 a. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd —16.

Absent—Supervisors Bath, Marks —2.

Quorum present.

Supervisors Ill.

Supervisor Todd reported that he had been to see Supervisor Bath and that he is very ill and that his doctor says that it will be a month or possibly two months longer before he will be able to attend to any business.

The Board instructed the Clerk to send to Supervisor Bath an expression of sorrow of the members of the Board that he is ill and a hope for his speedy recovery.

The Clerk informed the Board that Supervisor Marks was ill and unable to attend the meeting of the Board.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the preceding meeting was laid over for approval until next meeting.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Requirements of Police Department in the Hall of Justice.

The following was presented and read by the Clerk:

Communication, from Chief of Police D. J. O'Brien, transmitting report of Detective Sergeant Frank Latalipe as to floor space required for Police Department and the proposed location of sub-units of the Detective Bureau on the fourth floor of the Hall of Justice.

Subject matter *continued one week.*

Federal Building in Civic Center.

The following was presented and read by the Clerk:

Communication, from his Honor the Mayor Rolph, suggesting that consideration be given to the old Hall of Records site, bounded by Hyde, Leavenworth, McAllister and Fulton streets, as a possible site for the proposed additional Federal Building in San Francisco.

Referred to the Public Buildings and Lands Committee.

Transfer of Title to Property 333 Kearny Street.

The following was presented and read by the Clerk:

Communication, from Louis T. Samuels, advising that the property situated at 333 Kearny street, and now occupied by various departments heretofore accommodated in the Hall of Justice, has been sold to A. P. Jacobs and that title has been passed to him, and advising that any rents due under the lease are to be paid to said A. P. Jacobs excepting rents still due and unpaid for the months of June and July, 1926.

Continued one week.

Relative to the Death of Edward F. Moran, Attorney for Auditor.

The following was presented and read by the Clerk:

Communication, from Ramsey Moran, thanking, on behalf of his family, the Board of Supervisors for their floral tribute and resolution of condolence on the occasion of the death of his lamented father, Edward F. Moran.

Ordered *filed.*

Protest Against Delay in Matter of the Construction of the Hetch Hetchy Water System.

The following was presented and read by the Clerk:

Communication, from Adolph Uhl, protesting against alleged delay for which Board of Supervisors are charged as responsible in the matter of the construction of the Hetch Hetchy Water System.

Referred to the Public Utilities Committee.

Protest Against Changing Zone on California Street, West of Van Ness Avenue.

The following matters were received and ordered filed:

Protest of Fred N. Bigelow and eight other presidents of the nine Churches of Christ Scientist in San Francisco, praying for denial of the pending application to rezone a portion of California street between Van Ness avenue and Franklin street so as to permit the construction of industrial buildings and establishment and operation of automobile machine shops.

Also, *protest* of Charles W. Fay, Bruce Cornwall, C. S. S. Dutton, Mrs. A. W. Swinerton, Mrs. A. P. Hotaling, Jr., Arthur C. Parker, Florence G. Parker, Walker R. Props and Laura C. Props, against the invasion of California street between Van Ness avenue and Franklin street by industrial enterprises.

Also, *petition* of numerous property owners in the vicinity of California and Franklin streets to the same effect and purpose.

Protest Against Alleged Delay in Construction of Hetch Hetchy Water System.

January 30, 1927.

To the Board of Supervisors, City and County of San Francisco.

Gentlemen:

As a taxpayer of the City and County of San Francisco I respectfully protest the delays for which you are responsible in matter of construction of the Hetch Hetchy Water System—for example:

On October 4, 1926, the City Engineer filed with your Honorable Board a budget of costs covering construction of shafts, etc., in connection with the Coast Range tunnel.

The City Engineer many years ago adopted a tunnel through the Coast Range having a capacity of 250,000,000 gallons. Due consideration was given the matter of an alternative scheme of pipe lines. You are aware of this fact.

The budget of October 4 was passed along to the Public Utility Committee; but same has not been approved. No! In place of approving same the Public Utility Committee on October 27 requested of the City Engineer a report on a pipe line in place of tunnel through the Coast Range. Inquiry at the City Engineer's office indicates that the City Engineer furnished the Public Utility Committee with the desired information on November 3.

Four months have elapsed since the City Engineer filed his budget, positive fact that failure of the Public Utility Committee in approving this budget caused a further delay of four months in making Hetch Hetchy water available to San Francisco. This is regrettable and inexcusable, to say the least.

There was before this Board on January 1, 1926, the budget of the City Engineer, under date of December 26, 1925, for work on the Foothill and Coast Range, in the sum of $8,000,000. Last February you went over the ground with the City Engineer, but in place of approving the budget item covering work on the tunnel construction in the Coast Range, you demanded that certain drilling be done in the Coast Range. You were well within your rights in making the demand, absurd though it seems on the part of laymen to interfere (your interference has positively caused months of delay in construction work on the tunnel).

Gentlemen, the mistake you made and the criticism you are subjecting yourselves to, lies in the fact that you should have requested data on the pipe line when you went over the ground in February, 1926, in place of October 27th, when the shaft construction should be under way.

Failure on part of the present Board of Supervisors to approve the City Engineer's budget of December, 1925, makes you responsible for one year's delay in making Hetch Hetchy water available to San Francisco. (Failure on part of your predecessors to approve the City Engineer's budget of November, 1924, was also the cause of many months delay in making the water available.) Approval of the Engineer's budget in November, 1924, would have made the water available by December, 1929; but as matters stand at this writing, avoiding any further delays, the water will not be available until December, 1931.

Do you realize Hetch Hetchy water is no more available *now* to San Francisco than it was in 1916 when construction was begun? The time of making the water available to San Francisco depends entirely upon the construction of the tunnel through the Coast Range. If the work on all of the units of the Hetch Hetchy system had been carried on simultaneously, construction would be finished in five years, politics being barred. Although 10 million bonds were voted in October, 1924, for constructing Coast Range Tunnel, at this writing ac-

tual construction has not been started. Positively inexcusable to say the least.

Regarding pipe lines of 60 million gallons capacity in lieu of the tunnel with a capacity of 400 million gallon capacity, at first blush the 60 million gallon pipe lines at half the cost of the tunnel seems desirable; but when you have given careful consideration to the following it will be conclusive that the City Engineer's judgment in adopting the tunnel is wise and commendable. In *the first place*, although the cost of pipe lines with 60 million gallon capacity is one-half the cost of the tunnel, nevertheless the operating costs, pumping, etc., connected with the pipe lines will equal the additional interest covering the greater cost of the tunnel. *In the second place*, should our expectations regarding a *greater San Francisco* be realized sooner than we expect, with a corresponding increase in population, the 60 million gallon supply must be augmented by an additional 60 million gallons or the tunnel then built. A second unit of 60 million gallons would make the pipe lines decidedly more costly than the tunnel. Operating costs are eliminated in the tunnel as the water flows by gravity.

In order to avoid further delay I respectfully request that your Honorable Board will give immediate consideration to approval of the City Engineer's budget of October 4, 1926.

Yours truly,
(Sgd.) ADOLPH UHL.

Referred to Public Utilities Committee.

Leave of Absence, W. W. Wymore, Board of Health.

The following presented and read by the Clerk:

January 28, 1927.

To the Honorable, the Board of Supervisors, San Francisco, Calif.

Gentlemen:

In accordance with the provisions of Section 3, Article XVI of the Charter of the City and County of San Francisco, I herewith respectfully request permission to absent myself from the City and County of San Francisco and the State of California for a period of six months from February 1, 1927.

In conformity with Charter provisions I have this day forwarded a similar communication to his Honor James Rolph, Jr., Mayor, City and County of San Francisco.

Very truly yours,
W. W. WYMORE, M. D.,
Member Board of Health.

Whereupon, the following resolution was presented and *adopted* by the following vote:

Resolution No. 26744 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. W. W. Wymore, M. D., member of the Board of Health, is hereby granted a leave of absence, for a period of six months, commencing February 1, 1927, with permission to leave the State.

Leave of Absence, J. W. Ward, Board of Health.

The following was presented and read by the Clerk:

San Francisco, Cal.,
January 24, 1927.

To the Hon. Board of Supervisors, City Hall, San Francisco, California.

Gentlemen:

Application has been made to me by the Hon. James W. Ward, M. D., member of the Department of Public Health, for a leave of absence, with permission to absent himself from the State of California for a period of sixty days, commencing January 24, 1927.

Will you please concur with me in granting this leave of absence?

Respectfully yours,
JAMES ROLPH, JR.,
Mayor.

Whereupon, the following resolution was presented and *adopted* by the following:

Resolution No. 26743 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. James W. Ward, M. D., member of the Department of Public Health, is hereby granted a leave of absence, for a period of sixty days, commencing January 24, 1927, with permission to leave the State.

Ayes—Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd —16.

Absent—Supervisors Bath, Marks —2.

Amending Ordinance No. 1008, "Building Law."

Bill No. 7886, Ordinance No. 7400 (New Series), as follows:

Amending Ordinance No. 1008 (New Series), known as the "Building Law," of the City and County of San Francisco, approved December 22, 1909, by adding a new section thereto to be known as Section 50a; and also amending Section 100 and Section 103 of said ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 1008 (New Series), known as the "Building Law," of the City and County of San Francisco, approved December 22, 1909, is hereby amended to read as follows:

Welding for Structural Steel Members.

Section 50a. Where electric arc or spot welded connections are used, subject to compression or shear, they shall be designed to have a factor of safety of 6 and in no case shall the allowable stress exceed 6000 pounds per square inch.

Where welding is used in buildings over one story high all column connections shall be riveted and all columns and column ties shall be solid structural shapes or structural shapes assembled together with riveted connections.

Section 2.

Reinforced Concrete Floors.

Section 100. Floors of reinforced concrete built in conformity with the requirements for reinforced concrete as outlined under Class B buildings may be built in Class A buildings.

No concrete slab shall have a span exceeding sixteen (16) feet, and in buildings over 86 feet in height no slab shall be over ten (10) feet span.

No slab or stone concrete shall be less than three and one-half inches thick, except roof slabs, which may be three inches thick. Slabs over eight feet span and less than twelve feet span shall not be less than 4½ inches thick. Slabs over twelve feet span shall not be less than 5 inches thick. Slabs may be built of concrete in which broken brick, terra cotta or cinders are used in place of stone, provided they are made not less than 4 inches thick for floors and not less than 3½ inches thick for roofs.

Where supporting steel beams are not more than 24 inches center to center and the superimposed load does not exceed 125 pounds per square foot, roof and floor slabs may be constructed not less than 2 inches thick of Portland cement concrete with stone, brick, terra cotta or cinder aggregate.

Such slabs may be supported on a rib metal reinforcing lath weighing not less than 4 pounds per square yard. If not supported on ribe metal lath the 2-inch slab shall be reinforced with .06 square inches of steel per foot of width transverse to the beams and .15 longitudinal.

Such 2-inch slab construction shall be limited to 12 stories above the sidewalk or to the upper 12 stories of buildings 13, 14 or 15 stories above the sidewalk.

Section 3.

Fireproofing.

Section 103. All parts of the steel frame, including cast iron columns, shall be covered with fireproofing. The fireproofing shall be continuous and no pipes of any description shall be laid in any fireproofing nor shall any fireproofing be cut to allow the passage of any pipe or duct through any part except floor slabs.

In roofs where space is left between the ceiling and roof beams, fireproofing may be omitted from the steel frame, except around columns, and where columns project above the roof they shall be fireproof, but this shall not apply to the exposed beam supporting tanks, etc.

In floor slabs where air space is left between the floor slab and ceiling and said ceiling is not less than ¾ inches thick composed of a scratch coat of Portland cement placter ¼ inch thick and two coats of gypsum plaster, supported on metal lath, fireproofing may be

omitted from the steel frame except around columns and beams and girders framing into columns.

Section 4. This ordinance shall take effect and be in force immediately.

Action Deferred.

The following matter was *laid over one week and made a Special Order of Business for 3 p. m. Monday, February 7, 1927:*

Granting of Day to Day Garbage Permit.

Resolution No. ——— (New Series), as follows:

Whereas, the garbage incinerator located at Eighth and De Haro streets and owned by the City and County of San Francisco has been operated by the Scavengers' Protective Union from November 14, 1918, to date, on a revocable day to day agreement, without said City

and County deriving any revenue therefrom; and

Whereas, the City and County of San Francisco has had an investment of $400,000 in this incinerator and no revenues have been received, and reports show that during the last two and one-half months the Scavengers' Protective Union has received $39,401.81, with an expenditure of $16,296.81, showing a profit of $23,105; and

Whereas, an offer has been made by the City Garbage Removal Company, Inc., to take over the operation of said incinerator and pay the City and County a daily rental of $137 for this privilege, said daily rental being based on an annual rental of $50,000; and

Whereas, the Finance and Health Committee of the Board of Supervisors, sitting in joint session Thursday, January 27, 1927, by unanimous consent, recommends to said Board of Supervisors that pending definite arrangements, etc., for the disposal of garbage by other means, for which plans are under way, it is deemed reasonable that the City and County of San Francisco should receive whatever revenue it is possible to secure from the operation of the said incinerator until such time as it is abandoned; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco will give a revocable day to day permit to occupy the above-mentioned incinerator and to dispose of the garbage of the City therein, to the person, firm or corporation offering the highest bid for said privilege, at the open session of said Board to be held on Monday, February 7, 1927, commencing at 10 o'clock a. m. The person, firm or corporation to whom said privilege is granted must within three days after the granting of same enter into a written contract with the City and County to carry out the terms of said premit, and file with this Board a bond in the sum of $10,000 for the faithful performance of said contract.

Closing and Abandoning a Portion of Clement Street and Portions of Forty-sixth, Forty-seventh and Forty-eighth Avenues.

Supervisor Marks presented:

Resolution No. 26764 (New Series), as follows:

Whereas, this Board has by Resolution No. 26536 (New Series) declared its intention to close up and abandon a portion of Clement street, and portions of Forty-sixth, Forty-seventh and Forty-eighth avenues, situated in the City and County of San Francisco and hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandoning of a portion of Clement street, and portions of Forty-sixth, Forty-seventh and Forty-eighth avenues was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner provided by Section 3, Chapter 3, Article 6 of the Charter of the City and County of San Francisco; and

Whereas, more than ten (10) days have elapsed after the expiration of the publication of said notice, and no objections to the closing and abandonment of said portion of Clement street, and portions of Forty-sixth, Forty-seventh and Forty-eighth avenues were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, it is the opinion of this Board that the public interests and convenience will be conserved by the closing and abandonment of a portion of Clement street, and portions of Forty-sixth, Forty-seventh and Forty-eighth avenues; and

Whereas, in and by said Resolution No. 26536 (New Series) this Board did declare that the damages, costs and expenses of closing said street shall be paid out of the revenues of the City and County of San Francisco; and

Whereas, the said work is for closing of a portion of said Clement street, and portions of Forty-sixth, Forty-seventh and Forty-eighth avenues, and it appears to this Board that no assessment is necessary; now, therefore, be it

Resolved, That said closing and abandonment of a portion of Clement street, and portions of Forty-sixth, Forty-seventh and Forty-eighth avenues be and the same is hereby ordered and that said portion of Clement street and said portions of Forty-sixth, Forty-seventh and Forty-eighth avenues be and the same are hereby closed and abandoned as public streets. The said

portion of Clement street and said portions of Forty-sixth avenue, Forty-seventh avenue and Forty-eighth avenue hereinabove referred to are more particularly bounded and described as follows, to-wit:

Parcel I. All of Clement street between the westerly line of Forty-fifth avenue and the westerly termination of Clement street at Forty-eighth avenue.

Parcel II. All of Forty-sixth avenue between the northerly line of Point Lobos avenue and the northerly termination of Forty-sixth avenue at Clement street.

Parcel III. All of Forty-seventh avenue between the northerly line of Point Lobos avenue and the northerly termination of Forty-seventh avenue at Clement street.

Parcel IV. Forty-eighth avenue from the northerly line of Clement street southerly as follows: Commencing at the point of intersection of the easterly line of Forty-eighth avenue with the northerly line of Clement street, which northerly line of Clement street bears north 86 deg. and 41 min. east, and running thence south 3 deg. and 19 min. east 366.00 feet along said easterly line of Forty-eighth avenue to the northerly line of Point Lobos avenue; thence south 85 deg. 00 min. 46 sec. west 5.387 feet along said northerly line of Point Lobos avenue to the northeasterly line of Harding boulevard; thence north 26 deg. 14 min. west 166.099 feet along said northeasterly line of Harding boulevard to the westerly line of said Forty-eighth avenue; thence north 3 deg. 19 min. west 213.165 feet along said westerly line of Forty-eighth avenue to the northerly line of Clement street produced westerly; thence north 86 deg. 41 min. east 70 feet along said northerly line of Clement street produced, to the point of commencement.

Be it Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco; and the Clerk of this Board is hereby directed to advertise this resolution in The Bulletin as required by law.

SPECIAL ORDER—11 A. M.

Salary Increases—Janitors and Janitresses, School Department.

Supervisor Gallagher moved that the Finance Committee be directed to try and convince the Board of Education of the need of granting a further increase of $5 per month, beginning February 1, by the Board of Education to the janitors and janitresses of the School Department, and we hereby agree to recommend an appropriation at the earliest possible date of $6,500 out of any surplus to be found by the Finance Committee, which amount is to be applied to Engineering and Janitorial Salary Fund of the Board of Education.

Supervisor Byington raised the point of order that the motion was out of order and illegal.

Point of order *not well taken.*

Whereupon, Supervisor Badaracco asked for a segregation of the motion, which was allowed and the motion as segregated voted upon as follows:

(1) In re $5 increase by the Board of Education as of February 1, 1927.

Motion *carried* by the following vote:

Ayes — Supervisors Badaracco, Deasy, Gallagher, Havenner, Hayden, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—11.

Noes—Supervisors Byington, Colman, Harrelson, Kent, McSheehy —5.

Absent—Supervisors Bath, Marks —2.

(2) Appropriation of $6,500 out of any surplus to be found by the Finance Committee.

Motion *lost* by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Stanton—4.

Noes — Supervisors Badaracco, Byington, Colman, Harrelson, Havenner, Kent, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Todd —12.

Absent—Supervisors Bath, Marks —2.

Explanation of Vote.

Supervisor Byington explained his vote by saying that he believed the motion to be out of order and illegal.

Supervisor Colman explained his vote by saying that he considered it interference with proper function of the Board of Education and a futile act.

Supervisor Badaracco explained his vote as to the second part of the motion by saying it was a function of the Board of Education to make these increases.

Supervisor Havenner considered it an idle gesture.

Supervisor Roncovieri voted with the understanding that this action is recommendatory only.

Hearing of East Bay Cities Bridge Representatives.

Supervisor Byington moved that immediately upon reconvening this afternoon that the courtesy of the floor be extended to representatives of East Bay cities on matters pertaining to the proposed bay bridge.

No objection and it was *so ordered.*

RECESS.

Whereupon, the Board at the hour of 12:30 p. m. took a recess until 2:30 p. m.

J. S. DUNNIGAN,

BRIDGE MATTERS.

Excerpt From Minutes of Special Bridge Committee, Saturday, January 22, 1927.

The Special Bridge Committee presented the following:

"*Supervisor Havenner*: I would like to move at this time, Mr. Chairman, than the Clerk of the Board be asked to write the members of the Alameda County Board of Supervisors to confer with the members of this Board on the general question of the advisability of forming a bridge district, consisting of two counties, for the construction of this bridge.

Supervisor Shannon: I desire to submit the following substitute (typewritten):

The undersigned, members of the Special Bridge Committee of the Board of Supervisors, hereby submit the following report for adoption by the Board:

1. Public ownership of the Bay Bridge, together with control of the site and plans by the County of San Francisco and the War Department alone, is hereby declared to be the policy of this Board. As the means of securing these two objects, the following program is hereby adopted:

That the bridge shall be constructed by private capital under franchise of this County; that the franchise shall contain provisions by which this County, or a bridge district, may acquire the structure after completion without condemnation proceedings and on terms of price stipulated in the franchise; bridge to revert to the public free on expiration of the franchise if not previously acquired. Advantages thus secured are: Control by this Board of the site and plans, subject only to War Department authority; conservation of the public bonding capacity for other pending projects; public ownership of the completed structure whenever the public desires.

2. The Bay Bridge is hereby defined as a structure for accommodating suburban electric trains, automobiles and pedestrians. Estimates for carrying transcontinental trains have shown the added cost prohibitive. If, however, the coaches of such trains can be brought across the bridge in sections behind light locomotive, without increasing cost of bridge or terminals above the cost for a suburban bridge, such plan is favored. Tubes are hereby declared undesirable unless within pierhead limits.

3. Compliance is hereby made with the provisions of the State toll bridge law, which requires this Board to designate "the precise point where such bridge is proposed to be located."

In accordance with the judgment of your Committee and the advice of the City Engineer, the following terminal areas are designated, subject to the approval of the War Department: The area known as Rincon Hill, San Francisco; the area bounded by Seventh, Bay, Eighth and Pine streets, Oakland.

No bridge project now before the Board connects these two points, except the Ellis tunnel, 200 to 300 feet below water level. Four projects on routes farther north have the disadvantages of interfering with the main anchorage and with the water fronts on both sides of the Bay and of being accessible to only one railroad.

4. The following immediate action, therefore, is hereby determined:

(a) That a detailed ruling on these designed terminals shall immediately be sought from the War Department by a committee of two Supervisors, the appointment of which to be made by the chairman of the Finance Committee. This committee to be accompanied by the City Engineer and a representative of the City Attorney's office; that this committee be and it is hereby instructed to obtain, if possible, the War Department's authorization for a surface bridge, adequate in height and length to span, linking these two potnis in a direct or indirect line without interference to the proper use of the harbor or its waterfronts.

(b) That upon obtaining favorable ruling from the War Depart-

ment, this Board shall immediately reopen its bridge hearings for consideration of any and all plans that shall then be submitted, for a suburban, automobile and pedestrian bridge connecting Rincon Hill, San Francisco, with the area bounded by Seventh, Bay, Eighth and Pine streets, Oakland, conforming with the War Department's requirements and accompanied by proper evidence of good faith and financial reliability on the part of the proponents.

(c). That if the War Department refuses to allow any reasonably economical structure to be erected between these two poins this Board shall proceed to designate other terminals north of Hunter's Point and apply to the War Department for its authorization.

I move this as a substitute for the motions that are now before us and for all the matters that are now before the Committee.

After discussion, the roll was called with the following result:

City Attorney's Opinion.

The following was read by the Clerk:

January 31, 1927.

Subject: Transbay Bridge—Powers of Board of Supervisors.

Dear Sirs:

You have transmitted to me a partial record of the proceedings of the meeting of your Board, held on the afternoon of Monday, January 24th, during which proceedings various members asked to be advised on various subjects relative to the above matter.

Question 1. By Supervisor Havenner (Reporter's Trans., p. 8): The question whether "Under the law governing these bridge proceedings a committee or the entire Board would have a legal right to express a preference for a site, or for terminals for a site without having had any discussion in the committee itself, or the Board itself, of the merits of the site?"

Question 2. By Supervisor Havenner (Reporter's Trans., p. 12): "If the Board of Supervisors selects or designates a site for a bridge has any person or corporation who has made an application to construct a bridge from the site recommended any preferential right to construct the bridge?"

Question 3. By Supervisor Gallagher (Reporter's Trans., p. 12): "Can the subcommittee on bridges of the Board of Supervisors recommend a site to the Board, and can the Board of Supervisors legally decide upon that site without voting upon it, as per an application submitted upon almost the exact site and pending in the Board?"

Question 4. By Supervisor Stanton (Reporter's Trans., p. 19): "Will the consideration of the report of the Bridge Committee by the Board of Supervisors be liable to declare the whole bridge proposition invalid?"

Question 5. By Supervisor Gallagher (Reporter's Trans., p. 28): "If the Construction Company of North America controls by option to purchase the key properties to the bridge (meaning Rincon Hill), how con you exclude their petition now before the Board, and how can those lands be reclaimed in case we desire to give some other competitor the right to build the bridge, or build the bridge ourselves?"

Question 6. Submitted in writing by Supervisor Shannon: "Would the selection of the Rincon Hill and Seventh and Bay streets site, and a decision to award a franchise to a private bidder, give a monopoly to any certain invidiviual or company?"

Before proceeding to answer the questions asked, permit me to most respectfully direct your attention to the great difficulty in answering the questions on so important a subject that have been hurriedly framed, and which possibly to some extent do not contain the real question intended to be asked, and that I believe that the results would be far more satisfactory to your Board and would relieve this office of considerable work if all questions were submitted in writing as required by the Charter.

Opinion.

Question 1. The report of a committee of your Board is in no way binding upon the Board—it may be accepted or rejected. Should a committee make a report without any discussion of the merits of the matters contained in its report, this fact of itself is no ground for refusing to consider it. If the Board believes that the matter was not sufficiently considered it may be referred back to the committee or rejected. Lack of discussion or lack of consideration would go to the

weight or value, and not the legality of the report. Your Board has full power to deal with the report as you see fit. It is a parliamentary rather than a legal matter. I direct your attention, however, that Sections 2870 and 2871 of the Political Code provide for all hearings by the Board and not by a committee thereof, and that while the matter involving the granting of a bridge franchise might be referred to a committee for recommendation, the committee should be guided by the matters which have been presented in open board and should not hear any new or additional evidence.

Question 2. Before any franchise is granted, necessarily the site must be selected. Section 4 of the Act of 1881 provides "That whenever the Supervisors of any county or counties desire to erect a bridge on any public highway, or to grant the privilege so to do to any individual or corporation, across a navigable stream, said board or boards shall notify the State Engineer of such purpose, *and of the precise point where said bridge is proposed to be located.*"

Supervisor Badaracco: I would suggest that the Clerk read the question and then the answer and then the opinion from the City Attorney. Let him read the question and then the opinion.

The Chairman: The Clerk is reading it just as it has been forwarded to him by the City Attorney.

Supervisor Stanton: The Supervisor's idea is to read the answers to the question and not read all the questions and then all the answers.

Supervisor Badaracco: He is going to read Question No. 3.

The Clerk: I have not finished No. 2 yet.

Supervisor Badaracco: When he reads No. 3 I would suggest he read Question No. 3, too.

The Clerk: All right, I can do that.

The Chairman: All right, Supervisor.

The Clerk (reading): After this is done, the State Engineer, after the required notice, fixes the length of the spans, etc. You are therefore advised that your Board should, before adopting any partciular plan for the bridge, select the site. When the site has been selected the owner of the particular site on the left bank of the stream descending is entitled over all others to a preference in procuring the authority to construct the bridge, and if he does not exercise it the owner of the site on the right bank is entitled to the preference, and if neither owner applies for the privilege within a reasonable time after the necessity for the bridge arises the Board may grant authority to another person to construct it. There is nothing in the statute which gives any applicant, except the owners of the termini on either side any preference, and if the Board deemed that the plan submitted by any applicant for any partciular site not best suited to meet the public convenience and necessity, it is not compelled to accept the particular plan submitted and may permit other applicants to make application for a franchise for that particular site.

Question 3. A subcommittee can recommend a site for a bridge to the Board, and the Board has full power to determine on a site by a majority vote, and the Board by designating a particular site does not at the same time have to grant the application of any particular corporation or individual who may have made application for a franchise from that particular site. The selection of the site is one matter and the granting of a franchise is another.

Question 4. If the subcommittee on bridges, in making up their report, have acted only upon such evidence and information as may have been presented to the Board at regular bridge hearings, the Board may consider the report without endangering the validity of the so-called "bridge hearings." If other evidence or information forms the basis of the report of the committee, that evidence or information should be presented directly with the report.

Question 5. The proceedings authorizing the granting of a bridge franchise being statutory will be strictly construed, and I am of the opinion that an option to purchase property does not make the holder of the option the owner of the property, and that therefore the mere fact that the Construction Company of North America held an option to purchase certain property which you might select as the starting point for a bridge would not give that company any preferential right. It is the owner of the property that has the right. I am, however, of the opinion that ownership might be acquired at any time before the hearing by the State Engineer as provided in Section 4 of the Act of 1881, after the Board has designated the precise point where the bridge is to be located. And in this regard I direct your attention to the case of Galvin vs. Board of

Supervisors, 195 Cal. 686. In this case one of the questions before the Court was whether proper notice of the hearing of the application for a franchise had been given to the State Engineer, and if the proper hearing had been held. The Court decided that it had not, and that it could not be waived giving as one of the reasons that the owners of the land on either bank of the waters at the points thereon where the bridge is to be placed are entitled to notice of the application, to the end that they may avail themselves of the preference given by Section 2854 of the Political Code. From the language used in this case it would appear that the party who was the owner of the site at the time of the hearing by the State Engineer is entitled to the preference.

Question 6. The granting of an exclusive franchise to construct or operate a toll bridge is not of itself a monopoly, even though it may be exclusive. This principle has received the approval of many of the highest courts of the country. I presume, however, that the word "monopoly" is not used in the question asked in the strict legal sense. The Board of Supervisors in granting any franchise to construct and operate a toll bridge has broad powers as to the conditions under which the franchise shall be granted, and may make such conditions a part of the franchise. I believe that such conditions might be made a part of any bridge franchise granted by your Board, that while the owner of the franchise would have the exclusive privilege of operating the bridge it would have to be so operated that all of the public would have equal right to its use.

Sincerely yours,
(Signed) JNO. J. O'TOOLE,
City Attorney.

Privilege of the Floor.

Mr. Leroy Goodrich, representing East Bay cities, was granted the privilege of the floor. He expressed himself as ready and willing to cooperate in the matter of constructing a bridge between San Francisco and the East Bay cities. "The bay is not a barrier. It should be a bond between the cities on the two sides of the bay, and we cannot help but feel that this entire bridge question must be looked at simply as a matter of providing better, easier, cheaper, more economical, speedier intercourse, neighborly, friendly intercourse, day after day, between the peoples of the cities on the two sides of the bay. That is the way we are trying to approach the whole question on our side of the bay."

There are, however, fundamental considerations affecting this bridge matter. It must not interfere with our $50,000,000 project for harbor development.

* * * * *

The harbor plan which has been adopted by the city of Oakland and by the city of Alameda for harbor development here was submitted to the United States Engineering Office and it has been approved and ratified by them. It was recommended in person to the Rivers and Harbors Committee by General Taylor, then Chief of Engineers, last June before he left office, and has subsequently been given the complete approval of General Jadwin, now the Chief of Engineers, and upon their recommendation Congress appropriated $1,370,000 for the immediate digging of these two channels, the work on which is to be begun almost immediately. In fact, just this last week they issued a special permit by which we could enter into a contract to do some work in advance of the government appropriation being available, so that the work can be expedited, because they realize that it is of pressing importance that it get under way just as rapidly as possible.

Now we, therefore, are going ahead with this entire program on the east side of the bay, and the government is appropriating its money, not only for the dredging of the channels, but, subsequently, for the maintenance of this and some other channels. In addition to that the government has expressly made the requirement, because of the growth of shipping over there, that there should be no bridges, even on our side of the bay, that would in any way impede the channels of navigation. There was, for example, at the foot of Webster street here, a bridge going across Oakland to Alameda, and that bridge was a menace to navigation and an obstacle to commerce, and the government came along and ordered the removal of the bridge, and Alameda County has been expending, during the last couple of years, nearly $4,000,000 on the construction of a tube under the estuary, and that tube will be completed probably about September, I think, of this year. So that is another investment of $4,000,000 there to make easier and safe and better navigation from one part to another of harbors on the east side of the bay. The engineering office has even gone further than that in its insistence upon the removal of obstructions, because

they have asked, up here in the tidal canal, that the bridges far up there, governing the entrance into San Leandro Bay, that some of those bridges which are old and antiquated be removed and that the number be decreased. They have suggested a smaller number of bridges or preferably tubes up in that area, so that there would be no obstacle to commerce in that district. Now, what we suggest to you, first of all, is that the cities over on the east side of the bay have, therefore, entered into a program—Alameda and Oakland, at least—in concert, for the development of their harbors, and such a program, of such size and such importance to the cities themselves, that they could not—they simply could not—look in any friendly way toward any project that would, because of its very nature, disrupt or interefere with or make impossible that entire program. We feel, too, that there is an interest in this thing that is decidedly paramount to the interests that any of us may have here, and I want to speak of that for a minute or two, very frankly. We here around San Francisco Bay are interested, or it seems to me that we should be interested, in cooperation, in unified action among the cities here for our common advantage, for our personal advantage. Whatever helps you to grow on your side of the bay indirectly helps us. What helps us on the other side of the bay to grow indirectly helps you. And there should not be, and it seems to me if we approach these questions in the right spirit there will not be, any opposing interests on the two sides of the bay. We have too many common interests for anything of that sort. But we expect to get—just as you expect to get—from harbor development or anything of that kind, first of all, an immediate return to ourselves. The development of tonnage in San Francisco Bay, no matter who handles it, is of advantage to every city around the bay. It adds to our wealth and our prosperity and the business that we can do, and it contributes towards the upbuilding of all these cities around the bay in the immediate future. There is an interest that is decidedly paramount to that, because the simple fact that we live about the bay here does not give us the ownership of the bay itself. It does not leave us free to devise whatever plan we may, in whatever location, for intercourse with each other, regardless of the interests of others who may not be here. The whole nation has an interest in the development of harbor facilities in San Francisco Bay, because the whole nation will be served by those facilities in time of peace. In time of war the nation has a particular interest in a question such as this question that we are discussing, of crossing the bay by some bridge device. The nation is interested, first, for the reason that here in the center of the bay, out here, is the anchorage for the fleet, and this is the natural home, San Francisco Bay, and the natural base for the fleet of the United States in time of war. The nation is further interested because of the fact that three times boards of investigation and inquiry, appointed by the Navy Department, have made a study of available bases on the Pacific Coast, and three times the navy boards have unanimously made the same report, that the Navy Department wants a base on San Francisco Bay, and three times they have designated the location of the base that they want over here adjacent to the west end of Alameda, where there was once offered by the city of Alameda an area of approximately 5000 acres for that particular purpose. It is inconceivable, we feel, that the Navy Department or the United States government either would or could consent to any project that we, in common, might agree upon for the bridging or the crossing of the bay that would in any way interfere with free access to that naval base site of the vessels of the United States Navy or any of the auxiliary vessels. In addition to that, during the last war the government came out here and demanded the construction, as you know, of shipbuilding yards, and those shipbuilding yards, all of them, practically, were located in this area, at least were located in the long estuary, where they could be sheltered, in a land-locked harbor where they were sheltered, one of them at Moore's over here, and one at the Bethlehem plant, in Alameda, were two of the foremost shipbuilding yards in the entire United States.

Now, we knew, I say, very little about the proposed program; we knew nothing officially only through the press as to what had been discussed here for the bridging of the bay. But a bridge running from any point in San Francisco and having its terminus on the other side of the bay here at Seventh and Pine streets, or anywhere in that area, would do two things: First, it would completely obstruct harbor development and the development

of tonnage for the harbors of Alameda and Oakland.

Mr. Locke said the East Bay cities would feel it necessary to enter a vigorous protest in Washington against any permit being granted to San Francisco to construct a bridge that would interfere with the pending harbor developments of the East Bay cities.

* * * * *

"I have this in mind as a solution of the problem, and my colleagues agree with me, I think, and that is that San Francisco and the East Bay cities enter into some kind of an arrangement, such as has been entered into heretofore by the East Bay cities, and was recently entered between Alameda and Oakland, for the appointment of a joint committee to study this entire question of bridge, the location and the character of the bridge, and instead of having a San Francisco bridge committee, why not have a Bay Cities bridge committee? Instead of leaving the entire matter in the hands of one city, would it not show a more friendly spirit if you would enter into such a cooperative arrangement as has been suggested? And take the three large cities on the east side of the Bay and have, say, two representatives from each and two from the Board of Supervisors of Alameda County, and let that committee of eight form a joint committee with your committee of seven on this side of the Bay, and let us sit down together, with our feet under the table, and I think that we can arrive at a solution that will be acceptable and most satisfactory to all concerned, and for the best interests of all concerned."

Mr. Hickok, City Manager of Alameda: Mr. Chairman and Gentlemen: It is true that there was an engineering committee appointed at that time. That committee consisted of Mr. O'Shaughnessy, City Engineer of San Francisco; Mr. Marston Campbell, at that time City Engineer of Oakland, and Professor Derleth of the University of California any myself. We gave the matter consideration over a period of some weeks and finally came to the conclusion that we did not possess at that time sufficient engineering information nor experience of that particular type to bring in a proper report. And we so reported back to our respective governing bodies, advising them along the lines that you have mentioned, that expert bridge engineers be brought in and be given a sufficient amount of money to make the necessary borings at that time, to ascertain what the foundations were and so forth. So far as I know nothing has been done as the result of that report. And while I am on my feet I might bring out a point which was mentioned awhile ago, referring to a joint conference which was held by a committee for the Board of Supervisors of San Francisco with the committee which was appointed by the Supervisors of Alameda County. That was in 1921 I happened to be on the committee from Alameda and so I am familiar with what was done. The final action was that this committee from the City of San Francisco went over and met with the Board of Supervisors in Alameda County, at the Alameda Court House, and it seemed that an impasse had been reached where the two committees could not agree. The point on which they could not agree was this, and it resulted in the effort being dropped at that time, namely, that the City of San Francisco insisted that if a joint bridge was built publicly by the two communities on either side of the Bay that that bridge must carry, in addition to vehicular and interurban traffic, transcontinental trains. That was a fundamental point that the people of San Francisco, the representatives of San Francisco, at that time insisted upon. The representatives of Alameda County took the opposite point, that they would never agree to such a bridge carrying transcontinental trains, and on that point the matter was dropped.

Supervisor Stanton: Do I understand you to say that you would never agree to a bridge carrying transcontinental trains?

Mr. Hickok: I said that was the position that they took—it may have been changed since then— in 1921.

Supervisor Stanton: I remember reading that; I believe that somebody made the statement that Oakland was not going to be a flag station to San Francisco.

Mr. Hickok: That is right. That was the position and the point upon which they failed to agree. The gentleman, one of your Supervisors, said that they failed to agree on the location of the bridge at that time. The location was not the point at issue.

A. J. Cleary, engineer for the Construction Company of North America, was granted the privilege of the floor, and took the opportunity to denounce the authors of what he said were misstatements voiced in the Board of Supervisors regarding that company's bridge plan. He read the following letter from the company in which it agreed to turn

over to the City its plans, maps and options on Rincon Hill property, free of cost, if the City decides to build a bridge itself, to-wit:

"To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

The report of your committee on the transbay bridge fixed Rincon Hill in San Francisco, and the area bounded by Bay and Pine streets, Seventh and Eighth streets, in Alameda County, as the termini for the bridge that would best serve the City and County of San Francisco and Alameda County. The application for a transbay bridge franchise, filed with the undersigned fixed practically the same locations as the termini of the bridge that this company proposed to construct if its application were granted. Since the report of your committee has been given publicity, certain proponents of other bridge plans and several obstructionists who are opposing all practical plans for a transbay bridge have charged that the Supervisors' bridge committe's report was prompted by a desire to favor the Construction Company of North America. This company has expended much time and money in investigations before it selected these terminal sites and before it prepared its plans. It believes that the location chosen and the plans it proposed are the solution of the problem for a transbay bridge that offers the most direct communication between the East Bay cities and San Francisco, not only for pedestrians, automobilists, interurban and trancontinental lines, but also for a union terminal that will be the greatest advantage to the industrial development of San Francisco. The building of such a bridge and the establishment of such a terminal will be of untold benefit to our City and will give added impetus to its stride to reach its goal as the country's premier metropolis. The Construction Company of North America stood ready, if its application were granted, to finance and construct this bridge without delay. However, it has never been so deeply interested itself in constructing the bridge as in helping to designate, by route and design, the bridge that would best serve the needs of San Francisco and the bay district. This company is convinced that your committee's report designates the most desirable and most practical route. Some interests have suggested that the adoption of the committee's report will be tantamount to granting the Construction Company of North America a franchise, and on that alleged ground are opposing its adoption. To obviate this ground of opposition and prompted solely by the desire to cooperate with the City in the accomplishment of this great work, this company offers to the City, gratuitously, all of the plans and computations, working papers and property option it may possess should the City decide to build the bridge itself. This company will ever stand ready to give its best efforts to this cause, whether it is finally determined to build a bridge as a municipal or a private enterprise. It desires only to obtain for San Francisco and the bay region a transbay bridge, the best bridge, built without delay."

CONSTRUCTION COMPANY OF NORTH AMERICA.

Communication and Telegram.

Supervisor Stanton presented the following, which was read by Clerk and ordered *filed*:

January 22, 1927.

Honorable Richard J. Welch, Washington, D. C.:

Considerable confusion exists here owing to conflicting press reports about statements purporting to emanate from General Jadwin in interviews and in testimony before Special Committee of House on present position of War Department on delayed ruling on hearing of December, 1925, at San Francisco, reference bay bridges. Will appreciate immediate answer following question: Does War Department demand that Supervisors grant franchise to some applicant before announcing its decision on question whether bridge can be built north of Hunter's Point, or will Department announce decision on policy in accordance with purpose of hearing held here eighteen months ago so that Supervisors may proceed with definite knowledge of Department's position, to end that useless efforts may be avoided and costly delay obviated? Believe a reply from you will clarify situation greatly. Please send reply 204 Stevenson street.

WILLIAM P. STANTON,
Member Board of Supervisors.

Congress of the United States, House of Representatives, January 22, 1927.

Honorable William P. Stanton, San Francisco.

My dear Supervisor:

I am enclosing herewith copy of a communication from Herbert Deakyne, Brigadier-General, Acting

Chief of Engineers of the United States War Department. In answer to your telegram of January 15, 1927, same was referred by me to Major-General Edgar Jadwin, Chief of Engineers, United States Army, War Department.

Very truly yours,
RICHARD J. WELCH. M. C.

War Department, Office Chief of Engineers, January 19, 1927.

Honorable Richard J. Welch, House of Representatives.

Dear Mr. Welch:

The receipt is acknowledged of your letter of January 17, enclosing a telegram from Honorable William P. Stanton, requesting information as to the War Department's policy in regard to bridging San Francisco Bay. In reply I have to state that the policy announced in 1921 and reaffirmed in 1923, that no bridge will be approved north of Hunter's Point is still in full force and effect. The application for a modification of this policy which gave rise to the hearings held in June, 1925, is still under consideration, action having been deferred at the request of the San Francisco Board of Supervisors, the Chamber of Commerce and other local organizations to allow them to present additional data. The War Department does not demand that the Board of Supervisors grant a franchise for a bridge at any particular site before taking action on the application of 1925 for a modification of policy. This office stands ready to take action on the application of 1925 at any time the local interests desire.

Respectfully,
HERBERT DEAKYNE,
Brigadier-General, Acting Chief of Engineers.

Supervisor Stanton stated that later he intended to move that Clerk send telegram to War Department asking for a ruling.

Motion.

Supervisor Gallagher, seconded by Supervisor Schmidt, thereupon moved that the report of the Bridge Committee, now pending, be filed.

Statement of Supervisor Gallagher.

The following was read by the Clerk:

The Clerk (reading): "The reputed dubious origin of the report of the committee, its manner of presentation, and its engulfing ramifications, to say nothing of its doubtful legality, at least in a parliamentary way, must arouse some slight confusion and doubt in the minds of some of the Supervisors, and is certain to do so among the people. A charge is made that the location is already under option by a petitioner, and it is further charged that a large railway corporation is in control of much of the right of way needed for a bridge. For the committee to say that this is a substitute for all matters pending before the committee is an exhibition of faith in mere language that is at least amusing. The committee, at the meeting held Saturday, January 22, 1927, considered but one of the numerous motions, resolutions and declarations referred to them, to-wit: The resolution declaring for the submission of legislation provided for a bridge district. This report is neither an amendment nor does it even answer several important questions which they, the committee, had in their charge. In a most surprising and unprecedented manner, our City Engineer made an appearance and was asked what appeared to be a set of carefully prepared and apparently agreed upon beforehand questions. With a startling exhibition of engineering legerdemain he, the City Engineer, waved out of serious consideration all but two bridge propositions north of Hunter's Point. Also a most unusual and unethical procedure was the presentation of this report as a motion or substitute, already signed by six or seven members of the committee, thereby excluding any opportunity to interfere with or preclude change or substitution in the provisions of this report. The declaration in the report for public ownership is a mere gesture and meaningless for two reasons: It is already within the power of the people to take over this, or any similar utility, when they are ready to pay. It must be apparent that two and possibly three municipal elections will have occurred before the bridge can be constructed, and the members of this committee well know that they cannot bind their successors. There is considerable cunning evident in this report. It has some forward looking features. It does provide for some action. It does not dispose of the petitions now pending but withholds action thereon pending future events. It provides for competitive bidding on the Rincon Hill location, provided, however, that this Rincon Hill location land is not already definitely tied up by certain financial and corporate interests interested, either in preventing or delaying the bridge proj-

ect, or in forcing themselves in a splendid strategic position as against competitors. Therefore, the introduction of this report necessarily clouds some of the issues and delays, at least temporarily, some of the others. It is a document on a most important matter, and its adoption can only lead to interminable delay, if not procrastination, with knowledge beforehand that the governmental department in charge of this matter desires us to present a definite proposition. The committee's recommendation to send a committee to Washington is a mere gesture. There is no discernible constructive result to be attained from the adoption of this report, except to confuse and becloud. Since the report has engendered so much suspicion and doubt, it should be speedly filed in the City's archives, as a master stroke of secret session favoritism and meaningless words. Andrew J. Gallagher."

Amendment.

Whereupon, Supervisor Shannon moved as an amendment to Supervisor Gallagher's motion that the entire matter now before us be referred to the Special Bridge Committee.

Point of Order.

Supervisor Gallagher raised to a point of order that the motion to refer is out of order since the matter has once been referred and the motion should have been to rerefer.

Chair: Point of order not well taken.

Report of Chairman, Special Bridge Committee.

Thereupon, Supervisor McSheehy presented:

"San Francisco,
January 28, 1927.

"To the Honorable Members of the Board of Supervisors:

"As chairman of the Special Bridge Committee, consisting of seven members of the Board, in which six members reported that a bridge be constructed by private capital under a franchise of this county, and that the franchise shall contain provisions by which this county or a bridge district may acquire the structure after completion without condemnation proceedings and on terms or price stipulated in the franchise; bridge to revert to the public free on expiration of the franchise if not previously acquired. The advantages thus secured are: Control by this Board of the site and plans, subject only to War Department authority; speed and facility of construction; conservation of the public bonding capacity for other investments by ownership, without obstacles, whenever the public desires. This bridge shall have a terminal on the area known as Rincon Hill in San Francisco and the area bounded by Seventh, Bay, Eighth and Pine streets, Oakland.

"On January 22, 1927, I received the following letter from Richard J. Welch, Congressman and former Supervisor, addressed to him by Herbert Deakyne, Brigadier-General and Acting Chief of Engineers:

" 'My dear Mr. Welch:

" '1. Referring to telegram addressed to you by Supervisor McSheehy of the Board of Supervisors of San Francisco, relative to the War Department policy with respect to bridging San Francisco Bay, I have to say that the policy announced in 1921 and reaffirmed in 1923, that no bridge would be approved north of Hunter's Point, is still in full force and effect.

" '2. The application for a modification of this policy which gave rise to the hearings held in June, 1925, is still under consideration, action having been deferred at the request of local organizations, particularly the Board of Supervisors, the Chamber of Commerce and the Downtown Association.

" '3. The War Department does not demand that the Board of Supervisors grant a franchise for a bridge at any particular site before taking action on the application of 1925 for a modification of policy. This office is ready to take action as soon as it is assured that the delay requested is no longer desired. As the matter now stands there has been no withdrawal of the request for delay by the organizations named above.

" 'Sincerely yours,
" 'HERBERT DEAKYNE,
" 'Brigadier-General,
" 'Acting Chief of Engineers.'

"The purpose of that letter simply is that the War Department will not modify its ruling unless good reasons are shown.

"Eighteen applications were received, asking for a franchise, four at Hunter's Point and fourteen north of Hunter's Point. A number of the applicants stated that they spent as high as $30,000 in the preparation of plans and specifications. This large amount would not have been spent if the applicants did not feel that the War De-

partment would modify its ruling of 1921. Six of the seven members feel likewise and that is why we introduced the report that you now have before you. The following is a list of reasons why I personally signed that report.

"1. Action: Give the War Department something concrete to work on.

"2. Locations are the most advantageous for the building of a bridge between the City and County of San Francisco and the City of Oakland.

"3. Rincon Hill has an approximate elevation of 90 feet above mean high water, which is a wonderful advantage.

"4. The City of San Francisco owns a number of public streets on Rincon Hill. The right of eminent domain will permit the City of San Francisco to condemn any properties adjacent to these streets.

"5. This bridge will accommodate vehicular and interurban travel. It can also accommodate transcontinental travel under certain conditions, the details of which can be worked out later. I would not favor any franchise that does not permit the use of the bridge by all railroads.

"6. This bridge is almost in the center of what is known as the downtown business district and the topography of the entire hill is such that it is almost isolated and unoccupied, and being in such a condition lends itself to such modern improvements that it will not congest the adjacent neighborhood.

"7. No citizens of this bay region desire to harm the waterfront of Oakland or the proposed naval base. This is entirely a matter of engineering and I believe that by high levels over the mouth of the Oakland inner harbor or a tube within the Oakland pier-head limits, if necessary, all damages can be avoided. It is possible that the naval base might gain more direct access both to Oakland and San Francisco.

"8. The bridge should be built for about fifty million dollars and if it can be built for that price I feel that tolls for vehicular and interurban travel can be such that the bridge will be a financial success from the start.

"9. Our records will show that during the bridge hearings that the president of one of the ferry companies stated that his company could make a profit on a carrying charge of thirty cents for an automobile from San Francisco to Oakland. With that statement we must erect a bridge that can carry automobiles for at least that price, if not less.

"10. The Oakland terminal is bounded by Seventh, Bay, Eighth and Pine streets. This location is so situated that it has easy access to the Southern Pacific and Key Route Railroads and to a number of the main streets leading into and out of the City of Oakland.

"11. A vehicular bridge cannot be erected at this point and be made to pay. We must have interurban travel as well.

"A great deal of criticism has been hurled at the committee for their report and as chairman of the committee I resent the criticism as unwarranted, unfounded and not constructive. I am the last man in the world that should hold a brief for the Construction Company of North America, and I hold none. Every member of this Board has received from the Construction Company of North America a copy in booklet form, and on page 1 of this booklet the following description of their bridge route appears:

" 'Commencing at a point in said City and County of San Francisco near the corner of First and Bryant streets on what is known as Rincon Hill and running thence on less than a 2 degree curve a distance of approximately 1700 lineal feet to the line of bulkhead wharf connecting Piers 30 and 32 on the waterfront of the said City and County of San Francisco; thence on a line approximately north 65 degrees east 21,000 lineal feet, more or less, to the Oakland Mole of the Southern Pacific Company in Alameda County.'

"The committee has not followed this description in the designation of our terminals. I do not know whether the War Department, and I doubt if any member of this Board knows whether the War Department will acquiesce in the terminals recommended by the committee, but I do know that the people of San Francisco want a bridge and the sooner we get started the sooner we will get a bridge. For these reasons and these reasons only I signed the report of the Special Bridge Committee. I hope the Board will favor the report as I feel that it is a step in the right direction.

"JAS B. McSHEEHY,
"Chairman, Special Bridge Committee."

Privilege of the Floor.

Charles Brennan was granted the

privilege of the floor and addressed the Board as follows:

Mr. Chairman and gentlemen of the Board: On several occasions I have had the privilege of appearing before this Board, during the hearings that have been had on these bridge matters, and on each one of those ocassions I have tried, honestly and in good faith, to give this Board the benefit of whatever study I have made of these bridge situations as various developments have arisen. On several occasions I have informed the Board what I believe to be the law, and on each one of those occasions the City Attorney has been requested for an opinion, and in each one of those opinions those things which I have told the Board were the law have been said by the City Attorney to be the law. I have been particularly careful in every statement that I have made, to adhere strictly to the truth, and on this occasion I desire now to speak particularly to a statement, or to a matter that has arisen, through a statement that the Chairman has made with reference to the reason why the War Department at Washington is holding up its decision. I know the reason. And if you will just refresh your memory you will know it. In the letter addressed to you by Congressman Welch, the letter from General Deakyne to Congressman Welch, reference is made there to the fact that a request was made by this Board of Supervisors not to hand down that decision. And I spent fifty minutes one day, on the floor of this Board of Supervisors, telling you why that decision was not down, and I am going to tell it to you again now, and that is the only reason that it is not down: the reason that the decision of the War Department is not down is because this Board of Supervisors sent a telegram, on the 12th day of last July, to the War Department in Washington, requesting that the decision be withheld, and that action immediately followed receipt of a telegram from the then Brigadier General or Major General, Harry Taylor, who was at that time Chief of Engineers of the War Department, in which he said that that decision of the War Department on the hearing of December 25th would be down here not later than the 10th day of July. That is in your records. He went out of office on the 28th day of June. In the latter part of June this Board sent a telegram to United States Senator Hiram W. Johnson, and Senator Johnson went to the War Department in Washington, and was informed by them, and so informed this Board that that decision would be down here within two weeks. And that very time, and during my absence from the city, which, of course, is not important, but I merely mention it at the time that I happened to be absent from the city, there was organized, through the instrumentality of three men, using the bridge committee of the Downtown Association of San Francisco, and an organization known as the San Francisco-Alameda County Bridge Commission, and the head of that bridge commission was, and is now, and for thirty years has been, the lobbyist for the Southern Pacific Railroad Company, and at one time, if it may please you, Mr. Chairman, participated in a political event that is today known and was then the "Shame of California." And when I brought those facts to your attention, on the 10th day of last July, and when Supervisor Gallagher denounced that organization, and when some of the rest of the members of this Board did the same thing, and when you found that that commission, so organized, had brazenly and boldly declared to the War Department that they represented the Board of Supervisors of San Francisco, you sent a telegram to Washington repudiating that commission and saying, "Do not recognize any other body than ours, and do not send this decision down until we ask for it." That was the 12th day of last July. And since that time many things have happened. I am prepared, when you want me to, to give you the chronology of this and the history of it. I have it all. I am not going to take up your time now. But I am not going to sit down here, representing people who have spent nearly $50,000 in an effort to solve this problem for you, and spent it honestly, and have it represented here that the War Department is not ready to render that decision when I know that they are, and when there are two letters that are on file here, read today, one to yourself and the other to Supervisor Stanton, in which the Acting Chief of Engineers of the War Department in Washington says that the War Department does not require that you fix a particular site, and that the War Department there is ready to render its decision whenever the interests here desire, and nothing is holding them up back there but your telegram of July 12th of last year. That is the situation.

I will tell you something. I am

talking to a board of eighteen, and you have known me since I was a boy here in San Francisco, and you have seen me through these bridge hearings, and you know I have been honest with you in everything I have said, and everything that I have done; and I say to you now that we are entitled to some consideration upon this matter; and I say to you more than that, leave us out of the question, because we are only one of nineteen, and I do not know whether we will get this franchise. Somebody ought to get it—leave us out. I say that you owe to the people of San Francisco and all California, and of all the West, and of Oakland, and Alameda and Berkeley, to go about this thing in a logical, intelligible, reasonable, common-sense way, and what is that: That is, say to the War Department at Washington: "What will you permit us to do? You have said in 1921 to the early part of 1925 that you would permit no bridge north of Hunter's Point." In August, 1925, when but two petitions were before this Board, and the question was put to them whether or not, both of them being north of Hunter's Point, they thought a franchise would be granted, with that ruling staring the Board in the face, and they answered that they did not know. The committee reported back to this Board, and said that it believed that the Board should ask for another hearing, and that hearing was granted by the War Department, and the hearing was properly noticed, and the notices were sent out on the 30th day of October, 1925, by Major Schulz, who is the engineer in charge of this district, and the hearings were held on the 11th, 12th and 18th days of December, and now I am going to read you what the purpose of those hearings was, as announced in this room by Major Schulz, if you but give me the time. As I read them, you learn what the hearings were for, but I want to say just a word in advance, that the hearings were for the particular purpose of gathering information and data to be submitted to the War Department at Washington. And what for? Looking to a modification of the ruling of 1921, as reaffirmed in 1925, that was the purpose, and if there is any doubt about it, I am going to read from the opening talk by Major Schulz (reading):

"Major Schulz: The meeting will please come to order. The purpose of this hearing is set forth in the notice of the same which I shall read (reads):

" 'Notice of Public Hearing.

" 'The War Department, having approved the requests of the City and County of San Francisco, California, the City of Alameda, California, et al., for the holding of another public hearing on the subject of the construction of bridges across San Francisco Bay, in order to permit the presentation of additional information and evidence, together with new and modified designs for the purpose of securing a modification of the existing War Department policy relating to the construction of San Francisco Bay crossings, notice is hereby given that a public hearing on the subject will be held by the undersigned at San Francisco, California, in the chambers of the Board of Supervisors, City Hall, at 10 o'clock a. m., on Friday, December 11, 1925.

" 'All interested parties are invited to be present or to be represented at the above time and place, particularly navigation interests and the officials of any county, city, town or local association whose interests may be affected by the construction of the proposed work. They will be given an opportunity to express their views upon the suitability of the location and the adequacy of the plans in reference to navigation, and to suggest changes considered desirable in the interest of navigation.

" 'Oral statements will be heard, but for accuracy of record all important facts and arguments should be submitted in writing, as the records of the hearing will be forwarded for consideration by the War Department. Written statements may be handed to the undersigned at the hearing or mailed to him beforehand.

" 'John W. N. Schulz,

" 'Major Corps of Engineers, District Engineer.' "

And then he continues in his talk, and he says (reading):

"It is desired to have a frank and full expression of the views of all interested parties and as complete a statement as possible of all information bearing upon the question at issue."

What question? The question of the modification of the ruling of 1921, and on the ruling of 1921, and Mr. Byington, if you please, I would like to have you, as you are doing, give me your attention on this matter, because at all of these times you were not present, and you had. I know, honestly, a misconcep-

tion of this entire thing, as some of you other gentlemen have, quite as honestly——— (Continuing reading):

"The Department will give full weight to all evidence and arguments presented at the hearing; and all pertinent material which the parties considered should be brought out at this time. Later ex parte evidence and arguments are not desired by the reviewing authorities unless it is clearly shown that the matter is new and material and that there are good reasons why it could not be presented at the hearing. Such matters will be called to the attention of the opposing interest, and they will be given an opportunity to reply, if the decision of the Department is otherwise likely to differ from their wishes. I shall read the fundamental law bearing on the matter in hand, being Section 9 of the River and Harbor Act, approved March 3, 1899, as follows:"

And he reads the act, and after reading the act——

"Therefore, in this State, in the waterways that we now have under consideration, there is required the approval of the State authorities and the approval of the War Department, before any bridge can be constructed. A general act of the State Legislature delegates the authority to give the State's approval of the county on the left bank of the stream, which, in the case of a bridge from San Francisco across the Bay here, is, of course, the City and County of San Francisco. Also, the plans must, under State law, be approved by the State Engineer.

"It may not be amiss at this time to indicate more particularly the relations of the War Department to the subject of bridging the Bay and its interest in the matter. As I have already said, the law provides that no bridge or similar structure can be built on or over any navigable water of the United States until the location and plans are approved by the Chief of Engineers of the United States Army and by the Secretary of War. The function of the Engineer Branch of the United States Army is to see that any bridges or other crossings do not unreasonably obstruct navigation. Any bridge is somewhat of an obstruction. But to harmonize the conflicting interests of navigation and land transportation it is necessay to determine whether a bridge is an unreasonable obstruction. It it is not unreasonably obstructive, the plans are approved and the bridge is allowed to be built. The matter of a Bay crossing between San Francisco and the East Bay cities was thoroughly considered in a hearing granted by the War Department in 1921, before Colonel Herbert Deakyne, who was then District Engineer. That hearing was primarily on the Davies-Modjeski plan which, as many present probably know, consisted of a tube under the San Francisco side of the Bay under the main channel, rising then onto a bridge and changing at the east side to a trestle structure and finally to a solid fill, which connected with the mainland at Alameda. A number of other plans were also presented and considered at the hearing. As a result of the discussion at the above hearing and careful consideration on the part of the War Department, it was thought advisable at that time to announce a policy of the War Department, which would be the guide in the future. This policy is as follows:"

And he reads it, we are familiar with that——

(Continuing reading.)

"The foregoing is still the policy of the War Department at the present time. Recently, however, the Board of Supervisors of the City and County of San Francisco and the city council of Alameda, together with certain other interests, requested the War Department to grant a new hearing to determine whether or not a modification of the existing rules could be made."

Could that be clearer? Is there any doubt about that? What is the purpose? To get evidence looking for a modification. (Continuing reading.)

"This request met with the approval of the War Department and the present hearing is the result thereof. In considering the question, we must look to the future and attempt to make our plans so that, as San Francisco develops and the commercial and maritime activity increases, it will not be found that a mistake has been made in allowing a structure which, while it may not obstruct navigation when it is built, will later be found to be obstructive as the commerce increases and the number of vessels on the Bay increases accordingly. There are several important points to be considered in connection with a possible bridge structure. First, of course, the character and size of opening left for the passage of vessels. This includes height and length of spans for navigation openings, and the number of piers. If a tunnel is built, ships will pass

over it without hindrance, and the principal point to be considered is the width of channel covered by the tunnel and the depth of water over the highest part of the tunnel structure. Another feature to be considered is the degree to which the structure will hinder the flow of tides. Another feature is the relation of any structure to be built across the Bay to a naval base in San Francisco Bay. This is a matter of great importance from the national standpoint, and, I think I am safe in saying, from the standpoint of the rounded and sound development of San Francisco Bay and the San Francisco Bay cities as well.

"All interested parties are invited to present a thorough and candid discussion of the case, and are particularly reminded at this time that the hearing has been called to enable arguments and plans to be advanced with a view toward obtaining a modification of the existing War Department policy and that the present hearing is not to be construed as having been called for the consideration of any application for a permit to build any particular structure. In order not to unduly protract the hearing and to render the record unnecessarily complicated and voluminous, it is requested that speakers make their remarks as brief and to the point as practicable."

Now, I have read you enough, perhaps, to fix here once and for all time—I want to read some more from it. I want to read you how much evidence there was submitted to this War Department, that does not know anything about the Bay of San Francisco, that knows very little about the Bay of San Francisco, and where a bridge ought to be built, that same committee, if you please, that same body of citizens, that same corps of specially selected engineers—s e l e c t e d by whom? And from where? Shall we go back and tell these men who have been studying your bay since 1839 what they shall do about permitting you to put a bridge across it, when they have the final say, and that has been determined? Let me show you how much evidence was given. I will read over the index of the contents. Here are the gentlemen who spoke:

Frank H. Ainsworth; Air-Line High Bridge; Alameda Chamber of Commerce; City of Alameda; Alameda County Commuters' Club; American Shipmasters' Association of the Pacific Coast; Bay Cities Bridge Corporation; Bergstrom bridge; Berkeley Chamber of Commerce; City of Berkeley; Berkeley Manufacturers' Association; Bermingham bridge; Edward A. Bertram bridge; Charles A. Brennan; E. D. Bronson, Jr., California Bridge and Tunnel Company; Chamber of Commerce, Crescent City; Chamber of Commerce, Palo Alto; Chamber of Commerce, Redwood City; Chamber of Commerce, San Leandro; R. S. Chew; chief of staff of 12th Naval District; City and County of San Francisco; city manager of Alameda; city manager of Berkeley; city of Oakland; Civic League of Improvement Clubs; C. D. Clarke; A. J. Cleary; Captain C. W. Cole, commandant, 12th Naval District; commissioner of public works, Oakland; Commonwealth Club of California; Construction Company of North America; Maurice C. Couchot; Leonard M. Cox, J. Vipond Davies; district engineer, U. S. Engineer Office; Downtown Association of San Francisco; Clerk John S. Dunnigan of the Board of Supervisors; Oscar A. Ellis; Charles Evan Fowler; Andrew J. Gallagher; George W. Gerhard; Leroy R. Goodrich; Roy C. Hackley; harbor engineer, Oakland; Harry L. Hess; Clifton E. Hichok; John J. Houlihan; Ted Huggins; Holloway Jones; Charles Keller; Lochiel M. King; A. D. Lee; John B. Leonard; Major John G. Little; Mayor of Alameda; Sylvester J. McAtee; Robert J. McGahie; H. H. Meday; Clay Miller, president San Francisco Chamber of Commerce; Motor Car Dealers' Association of San Francisco; Navy Department; National Automobile Club; New York and San Francisco Development Company; James M. Oliver; Frank Otis; Pacific American Steamship Association; Pacific Highway Association; Captain W. J. Peterson; Roy W. Pilling; C. A. Pistolesi; Public Ownership Association; Redwood Highway Association; Jesse Rosenwald; Herbert L. Rothchild; Allen C. Rush; Dudley D. Sales; Major John W. N. Schulz, Corps of Engineers; Shipowners' Association of the Pacific Coast; Southern Pacific Company; Southern Promotion Association; Steamboat Owners' Association of California; Joseph B. Strauss; Sunshine transbay boulevard bridge; Supervisor Richard J. Welch; Taxpayers' Association; Edward K. Taylor; Sidney W. Taylor; J. H. Therien; Walter G. Tibbitts; C. L. Traver; E. L. Vander Naillen; B. G. Vann; Victory tubes; Harry L. Wells, and D. E. Wiseman.

Now, that was a public hearing, and that was a hearing held for the purpose of presenting data and in-

formation to the War Department, looking to a modification of their ruling, and the whole world was notified, and the papers contained the notice and the hearing was had here, and now I am going to ask you, what is there that these gentlemen could present to the War Department, looking to a modification of this ruling, that has not already been presented? And I want to say to you this, that on the tenth day of last December Major-General Jadwin informed this Board he would receive a committee of three from this Board, but notified you particularly there would be no public hearing—no further public hearing.

Now, I have just skimmed the surface here. There is plenty more data in this book; and there is a lot more data in that brief case, and if you will give me the time, which I do not expect to get now, I will give you the history of it in a greater detail, but I am saying to you now, in all sincerity and in all seriousness, when you say that the War Department at Washington is waiting for you to select a site or grant a franchise for this bridge, you have a misconception of the situation, as honest as it might be.

And I want to say that: That if this Board of Supervisors attempts, or believes it is the policy to be followed, to grant a franchise to somebody north of Hunter's Point, so that they might take that franchise back to Washington, upon the specious argument that they have spent $3,000 or $30,000, believing that they can get the War Department to change its decision by exerting some sort of influence or of presenting some sort of argument, I am going to stand on this floor, if you will give me the opportunity, and I am going to fight that as hard as I can, because I am not going to let any man walk out of here who is north of Hunter's Point with a franchise in his hand, that I know under the law of California, he can hold for seven years, and you cannot take it away from him; and I say to you now, and I say it to you because I believe I am entitled to say it to you, I may be presuming just a little bit upon what I believe to be the personal friendship of every man who is listening to me on this Board, but I am going to say to you now that that argument is designed for only one purpose: I did not have the courage, I did not have the honesty, I did not have the good faith to abide by the decision of the War Department, which knows more about bridging the bay than any other body, so I came north of Hunter's Point, and give me the franchise, for God's sake, give it to me, I represent a body of promoters, and I have got money jingling in my pocket, give me the franchise and I will go back, and sit down, and in my bland and convincing way, I will make those hard-shelled men of the War Board take my bridge.

Now, I am going to say in conclusion that I believe we are entitled, and when I say "we" I do not mean the Bermingham plan, I have not spoken at any time since I first presented this matter of the Bermingham plan, to tell you of its virtues, and ask you to vote for it, and I do not intend to do that until the time comes. We presented our plan out in the open, we made our fight in the open, but I do say this to you, and when I say "we" I mean all of us who are at Hunter's Point, and who went there in good faith, accepting the judgment of the War Department, and adopting it as our policy. I am going to say that the "we" includes all of us who were there, and the people of San Francisco who say to you, "Give us a bridge, whether it is Brennan's bridge or whether it is somebody else's bridge, give us a bridge," and I am going to say that the way to get that bridge is to ask the War Department where they will permit you to build it, because if they say you cannot build it north of Hunter's Point, that is our policy, then you will never build it north of Hunter's Point, and if they say that you can build it north of Hunter's Point, then you can go ahead and select the course that you believe to be the best.

Now, Supervisor Havenner says he knows what the tone of the War Department is. I do not know. I have no means of knowing, but I do know this: That the War Department decision will finally control this proposition, and that sooner or later, at the finish, you have got to build the bridge where they tell you to build it, whether it is north or south of Hunter's Point, and if that is the fact, why waste any more time.

We have come here day after day, at some expense of time and effort, and while I do not care to make a point of it particularly, I have come here in the last few weeks sick. I have been a sick man, but I have

come here every day, because I wanted to see how this thing was progressing; and now, have talked to you at some force, but I have talked to you earnestly, and I have talked to you honestly; and if you want to do the right thing for the people of San Francisco, I say to you: Send a telegram to the War Department, and if the telegram comes back and says, "No bridge north of Hunter's Point," and then if you, in your wisdom and your judgment, are dissatisfied, fight it out with the War Department, if you have evidence they haven't got, if you have information and data that they have not got, present it to them, but do not present it to them through an intermediary. Don't give it to one of these men, fifteen men north of Hunter's Point, and say, "Here, because you have said that you can go back there, we give you something that is of incalculable value, and which we could not take away from you, in any event, for seven years, take it back to Washington, represent us, and we will get behind you."

Why do you have to have anybody represent you? Represent yourselves. Get this decision from Washington, and then if it does not please you, whatever it is, then fight it out, and that goes for a publicly-owned bridge, as well as a privately-owned bridge, because the City of San Francisco won't build this bridge, and Alameda won't build that bridge, and I won't build the bridge, unless the War Department indicates where we can build it; and I say to you now, once and for all, you do not have to present to the War Department a specific plan, and those two letters that are on file, and if you will read the last paragraph, which you did not read, evidently overlooked it, you will find what I told you is the truth——

Supervisor Gallagher: What is that seven years?

Mr. Brennan: It means you can grant a franchise, and that if work is not commenced upon the franchise for one of ten thousand different reasons, that any good lawyer could give, he could come back to the Board of Supervisors, and the same would be his right, that this happened or that happened and we want an extension. In order to facilitate the building of the Carquinez bridge, if you want the history of it, they recently extended it seven years.

Communication From Chew Bridge Corporation.

The following was presented and read by the Clerk:

San Francisco, Cal.,
January 30, 1927.

To the Honorable Board of Supervisors of the City and County of San Francisco, California.

Gentlemen of the Board:

Being faced with the probability of further delay, and also the possibility of having to return home before final action is taken, I wish at this time to submit the following statement:

You now have before you the resolution of your Bridge Committee, one of its salient features being the elimination of transcontinental passenger service into San Francisco. To me this feature is one of supreme importance to the people of San Francisco. It is the dream and desire of every city of any consequence in this country to have a union passenger terminal for its traveling public. Many cities have spent countless millions for this very purpose.

The Chew Telegraph Hill-Goat Island plan which you have before you calls for this very feature. The objections stated by this committee are that because of the added cost of such a bridge the rates will be prohibitive, and that the burden of this cost will ultimately have to be borne by the commuting and automobile traveling public. In the face of this objection I want to make the following statement:

I wish to reaffirm the offer made at your preliminary hearing to post $1,000,000 in cash or bonds for the faithful performance of every agreement entered into with your Board.

Regarding the added cost of the transcontinental feature, I am prepared at this time to state that any such additional burden will be absorbed by the parties behind this project or who will become interested in it.

Going still further, I am prepared at this time to stipulate that in the draft of the final franchise the fares now charged transbay traffic shall not be increased and that they may possibly be less, and that such fares will be maintained for a period of five years after the completion of the bridge.

We are prepared to acquire sufficient territory on the shoulder of Telegraph Hill and construct thereon the largest union railroad passenger terminal in the world. In addition thereto we are providing the City of San Francisco with a subway which will remove from the congested areas of San Francisco

the traffic problem connected with the solution of a bridge across San Francisco Bay.

Before leaving I would like to suggest, if it is not asking too much, that this Board take immediate action on the proposal of publicly building this bridge. If you should choose to build this bridge by public funds, all proponents are definitely out of it, and I feel that we should not waste any more of your valuable time. I think this is a logical and fair request to make.

Summarizing briefly, we are prepared at this time to give San Francisco a transbay bridge, the world's largest union railway terminal, and a subway, without adding any additional burden to traveling public, and a bridge that will in no way interfere with the extensive and pretentious plans of harbor improvement of the East Bay cities.

In conclusion, may I ask that you include in this resolution instructions to your committee that goes to Washington that it take a set of the Chew Telegraph Hill-Goat Island plans with it so that in case the proposed Rincon Hill route is disapproved it can ask for a ruling on our plans? I do this for these reasons:

1. You were told last week by City Engineer O'Shaughnessy that Rincon Hill or Telegraph Hill are the logical places for a bridge carrying the commuting public.

2. Captain Cole of the Navy filed a written statement in these chambers at the hearing before Major Schulz, in which he said that a high-span bridge from Telegraph Hill to Goat Island and the Key Route pier was the least objectionable of all the proposed plans.

3. An unofficial report published in the San Francisco Call, which we believe was authentic, was to the effect that Major Schulz had recommended to the War Department that a high-span bridge be allowed north of Jackson street.

4. Mr. Leroy Goodrich, president of the Board of Works of Oakland, is reported as having told Supervisors McSheehy and Havenner and City Attorney O'Toole last Saturday that a bridge from Telegraph Hill to Goat Island and the Key Route pier would not interfere with Oakland's proposed harbor improvements.

Very truly yours,
VICTOR S. KNUTSON.

Rereferred.

The question being on rereference to the Committee, the roll was called and the motion *carried* by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Deasy, Harrelson, Havenner, Hayden, Kent, McSheehy, Powers, Roncovieri, Shannon, Todd—13.

Noes — Supervisors Gallagher, Schmidt, Stanton—3.

Absent—Supervisors Bath, Marks—2.

Explanation of Vote.

Supervisor Gallagher explained his vote by saying that he voted *no* in an attempt to get action on this important question and this motion provokes delay.

Budget Item No. 510—Messenger, $1,800.

Consideration of the salary increases previously proposed, as well as those introduced by Supervisors Todd, Hayden, Shannon and Badaracco were *continued for one week and made the first Special Order of Business,* except the question of increase in pay of $5 per month for janitors and janitresses in the School Department, who are paid less than the same class of work

is receiving in other departments of the City government.

It had previously been admitted that even though the Board of Supervisors might make an appropriation to cover the increase (provided available funds could be found) there is no way by which they could compel the Board of Education to expend the money for that purpose.

Mr. Hardy, on behalf of the Board of Education, stated it is their intention to put on an additional ten janitors, which would practically absorb any seeming surplus in their funds.

Action Deferred.

Accepting Offer of Mrs. Leseberg to Sell Certain Land Required for School Purposes.

Supervisor Powers presented:

Resolution No. 26771 (New Series), as follows:

Whereas, an offer has been received from Mrs. Leseberg (formerly Lottie Conradt) to convey to the City and County of San Francisco certain land and improvements situate on the west line of Thirty-first avenue, distant 59 feet southerly from Anza street, required for school purposes; and

Whereas, the price at which said parcel of land and improvements is offered is the reasonable value thereof; therefore, be it

Resolved, That the offer of the said owner to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all encumbrances, for the sum of $4,545.38, including cost of street work assessment, be and the same is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point on the westerly line of Thirty-first avenue, distant thereon 59 feet southerly from the southerly line of Anza street, running thence southerly along said westerly line of Thirty-first avenue 50 feet; thence at a right angle westerly 156 feet; thence northwesterly 50 feet, more or less; thence easterly 165 feet 6 inches to the westerly line of Thirty-first avenue and point of commencement. Being a portion of Outside Land Block No. 314, also known as Block 1574 on Assessor's Map Book.

The City Attorney is hereby directed to examine the title to said land, and if the same is found to be vested in the aforesaid owner, free of all encumbrances, and that the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon payment of the agreed purchase price as aforesaid. And the said deed to said land is hereby accepted.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Gallagher, Havenner, Hayden, Kent, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd —11.

Absent—Supervisors Bath, Byington, Colman, Deasy, Harrelson, Marks—6.

Additional U. S. District Judge for Northorn California.

Supervisor Gallagher presented:

Resolution No. 26772 (New Series), as follows:

Whereas, it is a matter of common knowledge that the congested condition of the calendars of the United States District Court renders it an impossibility for the business of the court to be handled by two United States District Judges only; and

Whereas, it appears that there is no likelihood of the business pending before said courts falling off, on the contrary there seems to be a steady increase therein; and

Whereas, it is the judgment of this Board that the only relief that can be afforded both litigants and the judiciary would be by the appointment of another judge; now, therefore, be it

Resolved, That the Board send a copy of this resolution to our Senators and Representatives in Congress with an urgent and earnest request that they do all in their power to secure action by this Congress looking to the appointment of an additional United States District Judge for the Northern District of California.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Gallagher, Havenner, Hayden, Kent, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd —12.

Absent—Supervisors Bath, Byington, Colman, Deasy, Harrelson, Marks—6.

Reception of Garbage Disposal Bids.

Resolution No. ——— (New Series), as follows:

Whereas, the garbage incinerator located at Eighth and De Haro streets and owned by the City and County of San Francisco has been operated by the Scavengers Protective Union from November 14, 1918, to date, on a revocable day to day agreement, without said City and County deriving any revenue therefrom; and

Whereas, the City and County of San Francisco has had an investment of $400,000 in this incinerator and no revenues have been received, and reports show that during the last two and two-thirds months the Scavengers Protective Union has received $39,401.81, with an expenditure of $16,296.81, showing a profit of $23,105; and

Whereas, an offer has been made by the City Garbage Removal Company, Inc., to take over the operation of said incienrator and pay the City and County a daily rental of $137 for this privilege, said daily rental being based on an annual rental of $50,000; and

Whereas, the Finance and Health Committee of the Board of Supervisors, sitting in joint session Thursday, January 27, 1927, by unanimous consent, recommends to said Board of Supervisors that pending definite arrangements, etc., for the disposal of garbage by other means, for which plans are under way, it is deemed reasonable that the City and County of San Francisco should receive whatever revenue it is possible to secure from the operation of the said incinerator until such time as it is abandoned; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco will give a revocable, day to day permit to occupy the above mentioned incinerator and to dispose of the garbage of the City therein, to the person, firm or corporation offering the highest bid for said privilege, at the open session of said Board to be held on Monday, February 14, 1927, commencing at 10 o'clock a. m. The person, firm or corporation to whom said privilege is granted must

within three days after the granting of same enter into a written contract with the City and County to carry out the terms of said permit, and file with this Board a bond in the sum of $10,000 for the faithful performance of said contract.

Accepting Offer of George Y. Henderson et al. to Sell Land Required for Hetch Hetchy Right of Way.

Supervisor Shannon presented:

Resolution No. 26790 (New Series), as follows:

Whereas, the City and County of San Francisco, by deed dated September 28, 1923, and recorded October 19, 1923, in Book 94 of Official Records of San Mateo County, page 117, acquired from George Y. Henderson, Lillian L. Henderson and Ida H. Sevier a certain parcel of land situate in the County of San Mateo, State of California, now in use as a portion of the Hetch Hetchy Aqueduct right of way, and described in said deed as follows, to-wit:

A portion of that certain tract of land containing 427.06 acres conveyed to George Y. Henderson, Ida H. Sevier and Alice J. Henderson

by a decree of partial distribution in Estate of James W. Henderson, dated April 14, 1911, a certified copy of which was recorded August 20, 1918, in Book 274 of Deeds, page 204, San Mateo County Records; also by a decree of distribution in Estate of James W. Henderson, dated February 20, 1912, a certified copy of which was recorded August 20, 1918, in Book 275 of Deeds, page 229, San Mateo County Records; said portion being described as follows:

A strip of land 80 feet in width, lying 40 feet each side of the center line described as follows:

Beginning at a point in the boundary line between lands of the grantors and lands now or formerly of Maud Lee Flood, distant along said line southwesterly 1272.9 feet from a ½-inch pipe set in a concrete monument in the southerly boundary of the Central Pacific Railway Company right of way; thence from the point of beginning north 88 deg. 11 min. 50 sec. east 4585 feet, more or less, to a point in the northwesterly line of Willow road, distant northeasterly along said northwesterly line of Willow road 2560.3 feet from a ½-inch iron pipe set in a concrete monument in the northerly line of Bay road; thence continuing north 88 deg. 11 min. 50 sec. east 35 feet, more or less, to the center line of Willow road. Containing 8.421 acres, more or less.

The monument first hereinabove mentioned marks a corner common to lands of the grantors and lands of the Central Pacific Railway and a point in the boundary of lands of Maud Lee Flood; and

Whereas, the grant and conveyance of said strip of land was made subject to certain reservations and conditions in said deed more specifically set forth; and

Whereas, Newbridge Park Realty Company of San Francisco is now engaged in the development for business and residential purposes of the property through which said 80-foot strip extends; and

Whereas, pursuant to the right to lay out streets and dedicate them as set forth in the conditions of the said deed, said Newbridge Park Realty Company has seen fit to occupy and has occupied said right of way as and for a street for its entire length through the property of said George Y. Henderson, Lillian L. Henderson and Ida H. Sevier; and

Whereas, the grantors of said real property hereinbefore mentioned have agreed that the conditions and reservations expressly set forth in said deed be cancelled, and new conditions substituted therefor; and

Whereas, the substitution of the new conditions and reservations in place of the conditions expressly set forth in the deed is for the best interests of the City and County of San Francisco; now, therefore, be it

Resolved, That the Mayor of said City and County is hereby authorized and directed to enter into, in behalf of the City and County of San Francisco, a contract and agreement with George Y. Henderson, Lillian L. Henderson, Ida H. Sevier and Newbridge Park Realty Company, a corporation, wherein and whereby the said George Y. Henderson, Lillian L. Henderson and Ida H. Sevier agree to waive and set aside certain conditions in said deed made to the City and County of San Francisco, dated September 28, 1923, and recorded October 19, 1923, in Book 94 of Official Records of San Mateo County, page 117. It shall be provided in said agreement that the Newbridge Park Realty Company shall have the right to lay out streets and dedicate the same over any part of the parcel of real property hereinbefore described, provided that an area 40 feet in width, 20 feet on each side of the center line of said 80-foot strip, shall be left perpetually unpaved in the central portion of the street constructed over the right of way, except at intersections with other streets, and only the outer 20 feet on each side of the right of way shall be used for street and sidewalk purposes except at street intersections.

It shall be further provided in said agreement that the Newbridge Park Realty Company shall construct a curb along each side of said 40-foot unpaved area, and also across said unpaved area at each intersecting street, which said curb shall be of substantial construction and high enough to keep vehicles from entering said unpaved area. Said agreement shall also provide for the protection of pipe lines and other structures already constructed and hereafter to be constructed by the City and County of San Francisco, and for regulating the installation of pipes and other underground structures by the Newbridge Park Realty Company within the right of way. Said agreement shall also provide for the maintenance and replacement of

any payment, curb or other structure constructed on the right of way by the Newbridge Park Realty Company and later damaged by the City and County of San Francisco in the course of the construction or maintenance of the City's pipe lines or other srtuctures, at the expense of the Newbridge Park Realty Company. Said agreement shall also provide that the same shall be binding upon the Newbridge Park Realty Company, its successors in interest and/or assigns, including any municipality or other political subdivision that may at any future time accept for street purposes any portion of the City and County of San Francisco's 80-foot right of way.

Section 1. Pursuant to the provisions of Section 8 of Article I of the Charter of the City and County of San Francisco, added to said Charter as an amendment, duly ratified and adopted at the general election held on the 2d day of November, 1926, and approved by the Legislature of the State of California on the 10th day of January, 1927, the City and County of San Francisco does hereby grant to the United States the right to construct, maintain and operate in perpetuity a spur track railroad, extending from Fort Mason Military Reservation to the Presidio Reservation, in said City and County, over and along the following streets and property in said City and County of San Francisco, to-wit:

Along Beach street from the east line of Laguna street to the west line of Webster street; along Webster street from the south line of Beach street to the north line of

Tonquin street; along Tonquin street from the east line of Webster street to the west line of Lyon street.

Section 2. The right hereby granted shall include the right to construct, maintain and operate a switch into the United States Army Supply Depot at Fort Mason from a point on Beach street, approximately seventy (70) feet west of the west line of Leguna street, as shown on blueprint filed December 2, 1915, in the office of the Clerk of the Board of Supervisors of the City and County of San Francisco.

Section 3. This ordinance shall become effective upon the conveyance by the Secretary of War of the United States to the City and County of San Francisco of the hereinafter described real property, in accordance with the provisions of an act of Congress entitled: "An act authorizing the Secretary of War to convey certain portions of the Military Reservation of the Presidio of San Francisco to the City and County of San Francisco for educational, art, exposition and park purposes," approved March 3, 1925. The real property to be conveyed by said Secretary of War to the City and County of San Francisco is that portion of the Presidio Reservation in said City and County, described as follows, to-wit:

Commencing at a point on the westerly line of Lyon street, distant thereon 5.17 feet southerly from the northerly line of Bay street if extended and produced westerly, and running thence northerly along the westerly line of Lyon street 1196.80 feet; thence southwesterly on a curve to the left of 612-foot radius, central angle 155 deg. 47 min. 50 sec., tangent to a line deflected 102 deg. 6 min. 5 sec. to the left from the preceding course a distance of 1664.13 feet to the westerly line of Lyon street and the point of commencement; containing 9.93 acres, more or less.

Intention to Change Grades.

Supervisor Badaracco presented:

Resolution No. 26793 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base, as hereinafter stated, in accordance with Resolution No. 95744 (Second Series) of the Board of Public Works, adopted January 28, 1927, and written recommendation of said Board filed January 31, 1927, to-wit:

Report of Finance Committee on Salary Increases.

San Francisco,
December 20, 1926.

Honorable Board of Supervisors,
City and County of San Francisco.

Gentlemen:

In the last municipal campaign the people of San Francisco, by overwhelming vote, declared for strict economy in the conduct of the business of this City and County. In compiling the budget for the present fiscal year your Finance Committee complied with that mandate for economy, and submitted an estimate of expenditures totaling $33,284,382, which represented a reduction of $1,776,127 from the nominal budget total of the previous fiscal year. As a matter of fact the previous year's budget had been erroneously compiled, with the result that a deficit of $1,400,000 occurred, so that the actual reduction in authorized expenditures for the present year amounts to $3,176,127.

This year's budget was unanimously adopted by the Board of Supervisors and signed by the Mayor, without the change of a single item in the report of the Finance Committee. A tax rate 47 cents less than that of the previous year was adopted, and 72,000 taxpayers of this City and County are now enjoying an average reduction of 12 per cent in their tax bills for the current year.

When the budget was compiled your Finance Committee took the position that the people's mandate for economy was intended to apply not only to elected officials, but to all employees of the City and County as well, and not a single salary raise or reduction was included in the budget. Half of the fiscal year has now elapsed and a survey of the City and County finances shows that a moderate surplus will accumulate in the treasury by the end of the year. Your Finance Committee has therefore taken under consideration various requests for salary increases for City and County employees who now receive small incomes, and for certain others who have not enjoyed a raise for a number of years. After a careful investigation of these requests your Finance Committee, on November 29 last, recommended small increases of salary for about 640 employees, which will aggregate an expenditure of about $70,000 in next year's budget, representing approximately one cent in the tax rate.

Certain members of your Honorable Board have seen fit to recommend additional increases for about 187 employees, 102 of whom were included in the recommendations already submitted by the Finance Committee. These additional increases would amount to $37,104, and would entail a further advance of ½ cent in the tax rate.

During the past three weeks your Finance Committee has been approached personally, and by petition, by no less than one thousand city employees, all asking for salary increases. If these requests were allowed they would necessitate an increase of approximately a quarter of a million dollars in the next budget. Your Finance Committee recognizes the fact that all employees would like to have a salary raise, but it is obviously impossible to increase the entire City and County payroll, and your committee has endeavored to confine its recommendations chiefly to those employees who are now receiving what may be characterized as a minimum wage. The first year of the new economy regime is only half over and your Finance Committee believes that a faithful adherence to its obligation to the people's demand for economy will not justify any further increases at this time.

In the face of these facts as herein stated the Finance Committee recommends that all requests for raises of salaries made on November 29, 1926, be disapproved and that the Civil Service Commission be requested to report as soon as possible their recommendations on the standardization of positions as provided for by the Charter.

Respectfully submitted,
FINANCE COMMITTEE.
JAS. B. McSHEEHY,
Chairman.
F. R. HAVENNER.

be favorably passed upon, the same to be effective as of July 1, 1927.

Point of Order.

Supervisor McSheehy raised the point of order that "We cannot legally commit ourselves to an expenditure out of next year's budget."

Point of order *sustained* by the chair.

Supervisor Shannon appealed from the decision of the chair.

Whereupon, the question being put, "Shall the decision of the Chair be the decision of the Board," the roll was called and the chair *sustained* by the following vote:

Ayes—Supervisors Byington, Colman, Gallagher, Harrelson, Havenner, Kent, Powers, Schmidt, Stanton—9.

Noes — Supervisors Badaracco, Deasy, Hayden, Roncovieri, Shannon, Todd—6.

Absent—Supervisors Bath, Marks —2.

Excused from voting—Supervisor McSheehy—1.

Supervisor Shannon moved that resolution lettered "A" be amended by striking out the word "January" and inserting the word "July."

Selection of Mills Field Site.

Thereupon, the following resolution was presented by Supervisor Kent and read by the Clerk:

Resolution No. 26816 (New Series), as follows:

Whereas, the United States Government is desirous that the City and County of San Francisco acquire an airport, and there appearing to be a need and a demand for an airport for the handling of air mail and other purposes for which airports are used; and

Whereas, there is not a sufficiently large area of land within the confines of the City and County of San Francisco suitable for airport purposes, and as a proper survey of sites suitable for a permanent airport is not practical at this time by reason of the necessity of observation of climatic conditions of proposed permanent airport sites for a period of at least one year, and it is estimated that it will take approximately two years to put in condition for the use of an airport any of the proposed permanent sites, and there has been provision made in the budget for the present fiscal year for the acquisition of an airport, and the people having at the recent election made known their desire to acquire an airport, and it further appearing that the hereinafter described parcel of land, situate in the County of San Mateo, State of California, may be put in condition for the uses of a temporary airport and in a shorter space of time than any other available site; now, therefore, be it

Resolved, That the Committee on Airports negotiate with the owners of the following described property situate in San Mateo County, California, and described as follows:

Sections 34 and 35 of Township 3 South, Range 5 West, and Section 2

of Township 4 South, Range 5 West, M. D. B. and M., which property is owned by the Mills Estate, Incorporated, for the purpose of leasing the said property for a temporary airport site and to lease the said property for a period of three (3) years at a rental not to exceed ten ($10) dollars per acre per year, and the additional sum of twenty-five ($25) dollars per acre at the termination of the lease to allow the lessor to recondition the land used as a temporary airport and providing for such other terms as are equitable to the owners of the land and the City and County of San Francisco, and that the City Attorney prepare such a lease and submit the same for approval of this Board.

Privilege of the Floor.

Jos. Phillips, right of way agent, explained the advantages of the proposed site and what he expected could be done to have the land donated for airport purposes.

Mr. Berensen, representing Varney Field, was also heard with reference to the advantages of Varney Field and the terms upon which it could be purchased.

RECESS.

Whereupon, at the hour of 12:30 p. m., the Board took a recess until 2:30 p. m.

J. S. DUNNIGAN,
Clerk.

SPECIAL ORDER—2:30 P. M.

Garbage Incinerator Permit.

The following matter was, on motion of Supervisor McSheehy, *laid over two weeks and made a Special Order for 2 p. m.*:

Resolution No. ——— (New Series), as follows:

Whereas, the garbage incinerator located at Eighth and De Haro streets and owned by the City and County of San Francisco has been operated by the Scavengers' Protective Union from November 14, 1918, to date, on a revocable day to day agreement, without said City and County deriving any revenue therefrom; and

Whereas, the City and County of San Francisco has had an investment of $400,000 in this incinerator and no revenues have been received, and reports show that during the last two and one-half months the Scavengers' Protective Union has received $39,401.81, with an expenditure of $16,296.81, showing a profit of $23,105; and

Whereas, an offer has been made by the City Garbage Removal Company, Inc., to take over the operation of said incinerator and pay the City and County a daily rental of $137 for this privilege, said daily rental being based on an annual rental of $50,000; and

Whereas, the Finance and Health Committee of the Board of Supervisors, sitting in joint session Thursday, January 27, 1927, by unanimous consent, recommends to said Board of Supervisors that pending definite arrangements, etc., for the disposal of garbage by other means, for which plans are under way, it is deemed reasonable that the City and County of San Francisco should receive whatever revenue it is possible to secure from the operation of the said incinerator until such time as it is abandoned; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco will give a revocable day to day permit to occupy the above-mentioned incinerator and to dispose of the garbage of the City therein, to the person, firm or corporation offering the highest bid for said privilege, at the open session of said Board to be held on Monday, February 7, 1927, commencing at 10 o'clock a. m. The person, firm or corporation to whom said privilege is granted must within three days after the granting of same enter into a written contract with the City and County to carry out the terms of said permit, and file with this Board a bond in the sum of $10,000 for the faithful performance of said contract.

SPECIAL ORDER—4 P. M.

David Supple, attorney representing E. Ravn, was granted the privilege of the floor and heard at length in opposition to the resolution and in favor of rezoning Lombard street for commercial purposes.

E. Ravn, applicant, was also heard to the same effect.

David Bohn favored the resolution denying the proposed change. He declared that the building was now rented to colored tenants, depreciating adjoining property and that the shop was frequently operated until midnight to the annoyance and discomfort of the neighbors.

John Cheregino spoke in favor of Ravn's application.

Adopted.

Thereupon, the following resolution was *adopted* by the following vote:

Resolution No. 26806 (New Series), as follows:

Resolved, That the application of E. Ravn to change the north side of Lombard street, commencing 141 feet 3 inches west of Octavia street, thence westerly 50 feet, from the Second Residential to the Commercial District, be denied.

Minority Report of Supervisor Deasy on Lease of 333 Kearny Street.

The following matters were, on motion, *continued one week*:

December 29, 1926.

Hon. Board of Supervisors, City Hall, City.

Gentlemen:

Your minority of the Building Committee beg leave to report to your Honorable Board a resolution passed unanimously by the Board of Supervisors July 17, 1926, No. 25899, requesting the Board of Public Works to confer with the Chief of Police to determine the amount of additional space required in the Hall of Justice for the growing needs of the Police Department and

to report to the Board their findings.

On August 28, 1926, the Chief of Police advised the Board in the following letter:

"Please be advised that the Police Department can occupy all the rooms vacated by the District Attorney, Public Defender, Probation Officer and their respective staffs, which are located in the Hall of Justice, at Kearny and Washington streets.

"Said premises can be utilized and occupied immediately without any alterations for some time, therefore I would respectfully request that proper authorization be granted to this department for the occupancy of the above mentioned space."

I therefore recommend to the Board of Supervisors that the vacant space now existing in the Hall of Justice be assigned to the Police Department in accordance with their letter to the Board of August 28, 1926.

Yours truly,
C. J. DEASY.

Supervisor Deasy's Resolution.

Whereas, the certain rooms situate in the Hall of Justice heretofore occupied by the District Attorney, the Public Defender and the Adult Probation Officer have been vacant since the removal of the said offices and officials to premises at No. 333 Kearny street and are still vacant and unoccupied; and

Whereas, the Chief of the Police Department, by communication heretofore filed, set forth that the said vacated premises, if made available, could be occupied and utilized by the Police Department without any alterations being made therein; therefore, be it

Resolved, That the said vacated rooms in the Hall of Justice, situated mainly on the third and fourth floors and to be more specifically specified by their respective numbers be and the same are hereby assigned to the Police Department for its use and purposes.

Majority Report.

San Francisco,
December 27, 1926.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your majority committee on Public Buildings and Lands, to which was referred the resolution terminating the lease by the City of premises known as 333 Kearny street, now occupied by the District Attorney, Public Defender, the Adult Probation Officer and the Grand Jury, on the 1st day of May, 1927, and directing the said herein named officials to be reinstated in the Hall of Justice, would respectfully report that careful consideration has been given to the subject matter expressed in the resolution, taking into consideration that the alterations heretofore ordered and now under progress in the Hall of Justice will be completed within a period of about 90 days, and will, in the opinion of your committee, more adequately accommodate the hereinbefore referred to officials of the City and County.

Your committee has realized the inconvenience to the public by reason of the removal of the said officials from the Hall of Justice, with the thought of remedying such conditions at the earliest opportunity.

Your committee feels that it is a necessity, by reason of the duties of the District Attorney, the Public Defender and the Adult Probation Officer, that such offices should be in the Hall of Justice, contiguous to the court located therein. With this aim in view your committee would respectfully report in favor of the passing of the resolution cancelling the present lease of the premises No. 333 Kearny street, to take effect the 1st day of May, 1927, and of directing the removal of the hereinbefore mentioned offices and respective officials to the Hall of Justice, and to occupy the certain rooms hereinafter to be designated and assigned to them by the Public Buildings and Lands Committee of your Board.

Very respectfully,
CHAS. J. POWERS.
LEWIS F. BYINGTON.

Supervisor Powers Presents:

Whereas, in the month of ——— a resolution was introduced by a Special Committee and passed by a majority vote of the Board of Supervisors, directing the District Attorney, Public Defender, Adult Probation Officer and the County Grand Jury to move from their rooms in the Hall of Justice to No. 333 Kearny street; and

Whereas, this committee recommended that a lease be entered into between the Board of Supervisors and Louis T. Samuels for said property at a rental of 15 cents per square foot, amounting to $74,081.25, for a term of five (5) years, with a stipulation that the lease can be

cancelled by giving ninety (90) days' notice to said owner; and

Whereas, since entering into this lease alterations have been made in the Hall of Justice which will provide for 7591 square feet of floor space, together with 4870 square feet now unoccupied, making a total of 12,461 square feet, which is more than sufficient to take care of the needs of the Police Department and of the other departments now occupying temporary quarters at No. 333 Kearny street; and

Whereas, the service rendered to the public has been very inadequate, owing to the distance of several blocks between the Hall of Justice and No. 333 Kearny street, and numerous complaints have been made; and

Whereas, the expenditure of $74,081.25 for the rental of these offices is a direct wastage of public funds and should terminate as soon as possible; and

Whereas, these alterations will be completed in about ninety (90) days from date and far better offices and accommodations will be provided for the District Attorney, the Public Defender, the Adult Probation Officer and the County Grand Jury in the Hall of Justice than they now have at No. 333 Kearny street; therefore, be it

Resolved, That the cancellation clause in the lease between the City and County of San Francisco and the owner of the building known as No. 333 Kearny street, entered into on the 2d day of June, 1926, be terminated on the 1st day of May, 1927, and that the District Attorney, Public Defender, Adult Probation Officer and the County Grand Jury be directed to move from their offices at No. 333 Kearny street to the Hall of Justice and occupy rooms as designated by the Public Buildings and Lands Committee of this Board, and that proper furnishings and equipment be placed in said rooms.

Proposed Change in Time of Meetings of Board of Supervisors.

Supervisor Todd presented:

Resolution No. ——— (New Series), as follows:

Resolved, That from and after February 14, 1927, the regular meetings of the Board of Supervisors shall commence at 1 p. m. each Monday instead of 10 a. m. as at present.

Referred to Special Rules Committee.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Accepting Offer of Chas. V. Miller to Sell Certain Land Required for School Purposes.

Supervisor Powers presented:

Resolution No. 26814 (New Series), as follows:

Whereas, an offer has been received from Chas. V. Miller to convey to the City and County of San Francisco certain land situate east line of Twenty-fourth avenue, distant 225 feet northerly from Rivera street, required for school purposes; and

Whereas, the price at which said parcel of land is offered is the reasonable value thereof; therefore, be it

Resolved, That the offer of the said owner to convey to the City and County of San Francisco a good and sufficient fee simple title the following described land, free of all encumbrances, for the sum of $1,900 be and the same is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point on the easterly line of Twenty-fourth avenue, distant thereon 225 feet northerly from the northerly line of Rivera street, running thence northerly along said easterly line of Twenty-fourth avenue 50 feet; thence at a right angle easterly 120 feet; thence at a right angle southerly 50 feet; thence at a right angle westerly 120 feet to the easterly line of Twenty-fourth avenue and point of commencement. Being a portion of Outside Land Block 1049, also known as Block 2194 on Assessor's Map Book.

The City Attorney is hereby directed to examine the title to said land, and if the same is found to be vested in the aforesaid owner, free of all encumbrances, and that the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon payment of the agreed purchase price as aforesaid. And the said deed to said land is hereby accepted.

Mayor to Execute Lease with Mills Estate for Lands Required for Airport Purposes.

On motion of Supervisor McSheehy:

Bill No. 7914, Ordinance No. —— (New Series), as follows:

Authorizing and directing the Mayor and Clerk of the Board of Supervisors to execute a lease in behalf of the City and County of San Francisco with the Mills Estate Incorporated for certain lands situated in the County of San Mateo, State of California, required for airport purposes.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Resolution No. 26816 (New Series), the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to enter into the following lease with the Mills Estate Incorporated for land situated in the County of San Mateo, State of California, required for airport purposes; said lease to read as follows:

This lease, made and entered into this ..... day of March, 1927, by and between Mills Estate Incorporated, a corporation duly organized and existing under and by virtue of the laws of the State of California, and hereinafter called the "lessor", and City and County of San Francisco, a municipal corporation, hereinafter called the "lessee".

Witnesseth: That the lessor has lease, demised and let, and does by these presents hereby lease, demise and let unto the lessee all of that certain real property situate in the County of San Mateo, State of California, described as follows, to-wit:

A portion of Sections 34 and 35, Township 3 S, R. 5 W., and Sections 2 and 3, Township 4 S., R. 5 W., M. D. B. & M.

and containing an area of one hundred and fifty (150) acres, more or less, the location and dimensions of said property being more definitely shown on the print hereto attached, marked "Exhibit A", and made a part of this lease.

To have and to hold the same unto the said lessee for the term of three (3) years from the 15th day of March, 1927, at the annual rental of fifteen hundred ($1500) dollars, payable in advance on the 15th day of March of each year during the said term. That the lessee agrees to pay the rental hereinbefore reserved, at the time and in the manner hereinbefore set forth, and to have, hold, use and enjoy said premises upon the terms and conditions herein contained.

1. That the lessee shall have the right to construct and maintain a water pipe line and water tank on the lands belonging to the lessor and adjacent on the west to the premises herein demised, it being the intention of the lessee to connect the said water tank and pipe line with the mains of the Spring Valley Water Company or such other water company as may be most convenient for the said lessee for the purpose of supplying water for all necessary uses upon the land herein demised, and that upon the expiration of the term of this lease, or the sooner termination thereof, the lessee shall have the right to remove said pipe line and water tank from the said lands upon which the same may have been constructed or erected. That said lessor shall have the right, at its own cost, to make connections with said water pipe line to obtain such metered water service therefrom as will not interfere with the use of water required by the lessee.

2. That, subject to the provisions hereinafter contained, the lessee shall have the right to extend this lease for a further period of one (1) year or two (2) years upon the same terms and conditions as are herein contained, provided that the lessee shall give to the lessor notice of its intention to extend said lease at least ninety (90) days prior to the date of the expiration thereof. That said extension may be cancelled by said lessor as to the first or second or first and second years thereof, provided said land is sold by said lessor and written notice thereof is given by the lessor to the lessee to that effect at least nine (9) months prior to the beginning of any extended tenancy year or years according to this lease, as to which said extension is to be cancelled.

3. That the lessee shall have the right and privilege of terminating this lease on the 15th day of March during any year of the term hereof, provided that the lessee gives to the lessor at least ninety (90) days' notice in writing of its intention to terminate the same, and that upon the termination of said lease the

said lessor shall be released from all further obligation to pay rental for said premises.

4. That the said above described premises shall be used by the lessee for and as an airport and as a landing place for airplanes and flying machines of all descriptions, and that the lessee shall have the right to erect on said premises all necessary buildings and equipment for the handling and landing of said airplines, and may in addition thereto, erect and maintatin on said premises suitable buildings for the housing of any and all employees of the lessee in and about the said premises, and may in addition thereto, sub-let a portion of said premies to be used by the sub-lessees for the supplying of any and all articles necessary or proper to be used in and about the said premises, or by the persons frequenting the same, and that the lessee shall withtin ninety (90) days after the date of the expiration or termination of this lease, or any extension thereof, remove said buildings and equipment from said premises.

5. That upon the expiration of the term of this lease, or the sooner termination thereof, the lessee shall remove all foreign substances, such as cinders, gravel, concrete, and building foundations, from and off said flying field, it being agreed that the lessee, in making such removals, shall be permitted to dump the said materials in the old Borrow Pit or sloughs on the property herein demised. And that in addition to the removal of said foreign substances, the lessee shall on the expiration of the term of this lease or on the sooner termination thereof, pay to the lessor the sum of thirty-seven hundred and fifty ($3750) dollars, in lawful money of the United States, which said sum shall be paid to the lessor for the purpose of enabling the lessor to recondition the land herein demised and make it fit for the purposes for which the same is now being used; and on the removal of said foreign substances, and the payment of said sum of thirty-seven hundred and fifty ($3750) dollars, the lessee shall be released from the payment of all further amounts by reason of any damage done to said premises by reason of placing said foreign substances upon said premises.

6. The lessee shall have the privilege of seeding such portion of the above demised premises as it shall deem proper, but the consent of the lessor must be secured for such seeding that may be done by the lessee, in order that no deletrious grasses or weeds shall be grown on said premises.

7. That the lessor shall during the term of this lease, or any extension thereof, maintain and operate the pumping plant now on said premises, and to that end shall at all times have free access to and from said pumping plant, but should the lessee demand additional pumping over and above the pumping which is required by the lessor, the cost of such additional pumping will be borne by the lessee.

8. The lessor shall, during the term of this lease, or any extension thereof, maintain the levees now surrounding the above demised property, in good order and condition, and will not be responsible for any damage that may be sustained by the lessee or by any person occupying the said premises with the consent of the lessee, for the breaking of said levees. That the lessee shall pay to the lessor the reasonable cost of the restoration or repair of said levees because of any damage occasioned thereto by said lessee, its agents, employees or any person or persons using said premises with the permission of said lessee.

9. That the lessee shall have the privilege, should it desire to do so, of constructing and maintaining a roadway over the property of the lessor adjoining the above described premises on the west, which said roadway shall lead from the said demised premises to the steam and electric railways west of said premises, and should the said lessee desire to avail himself of the privilege of building said roadway, the same shall be located as designated by the lessor.

10. That the lessee shall, during the term of this lease, or any extension thereof, have the right to remove material from the portions of the abandoned levees designated by the lessor on the adjoining land of the lessor, for the purpose of filling in and leveling the depressions on the land herein demised.

11. That the lessee shall be permitted to construct and operate suitable flood-gate controls in the drainage canals on said property at places to be agreed upon between the parties hereto for the purpose of keeping the water level down upon said premises.

12. That upon the termination of this lease, the said lessee will yield up and surrender the above described premises unto the lessor, in the manner hereinbefore set forth.

13. That should the lessee make

default in any of the covenants herein contained, or permit any rental to remain due or unpaid for more than thirty (30) days after the same become due and payable according to the terms of this lease, then in that event the lessor may terminate this lease, re-enter the said premises and remove all parties therefrom.

14. That any notices to be given by either of the parties of this lease, one to the other, shall be given in writing, and transmitted by United States mail, said notices to the lessor to be addressed to the said lessor at Mills Building, San Francisco, California, and said notices to the lessee to be addressed to the Mayor of the City and County of San Francisco, City Hall, San Francisco, California.

In witness whereof, the lessor has caused this lease to be executed by its duly authorized officials, and the lessee has caused the same to be executed by its Mayor and by the Clerk of the Board of Supervisors pursuant to a resolution of the said Board of Supervisors, all the day and year first hereinabove written.

C. F. Pratt Building and Materials Co. Spur Track.

Supervisor Marks moved that the application of Chas. F. Pratt Building and Material Company for permission to construct a spur track be taken from Streets Committee and placed on today's calendar for consideration.

Supervisor Stanton presented the following proposed amendment to the Spur Track Ordinance and moved as an amendment that action on Supervisor Marks' motion be deferred until this proposed amendment is heard and considered, to-wit:

Amendment to Spur Track Ordinance.

Bill No. 7929, Ordinance No. —— (New Series), as follows:

Ordinance No. 69 (New Series), entitled "Providing for and regulating the construction, maintenance and use of spur tracks on and over public streets within the City and County of San Francisco, and fixing penalties for violation thereof," is hereby amended as follows:

Section 2a. In every permit hereafter granted for spur tracks on any public street in the City and County of San Francisco there shall be incorporated express provisions that the right thereby granted shall not be used for purposes of creating, promoting or maintaining any agreement or combination in restraint of trade; and that the said right is granted upon the distinct understanding that the holder of such permit, in the sale and delivery of goods, materials and supplies transported over such tracks, will sell and deliver such goods, materials or supplies without requiring from the purchaser any promise, agreement or understanding, or evidence of any kind thereof, that such purchaser is or will become a party to any agreement or combination in restraint of trade, or to employ a certain class of labor. All spur or side tracks laid down and in use under permits issued from and after November 23, 1907, and until the taking effect of this section, shall be deemed to be subject to the pro-

visions hereof, and all such permits shall be deemed to have incorporated therein the stipulations contained in this section.

Section 3. This ordinance shall take effect immediately.

Supervisor Schmidt moved as an amendment to the amendment that the matter go over one week and remain on the calendar.

Dear Mayor:

In reference to the matter of certain dealers in building materials refusing to furnish materials to the contractors engaged in the construction of certain municipal buildings, I desire to present the following:

While I believe that the phase of the matter which we discussed yesterday, that is, the right of the City to purchase materials from those with whom it has contracts for these materials and to then deliver said materials to the contractors engaged in the construction of our buildings, is possibly the quickest and most effective way of obtaining the necessary materials, still, there are certain legal phases of the situation that I deem it advisable to call to your attention.

The act of the Legislature, approved March 23, 1907, and commonly known as the "Cartwright Act," regulates trade combinations and provides for penalties to be visited upon those who violate the terms of the act. While the act was primarily passed to prevent unlawful combinations for the purpose of discriminating in the prices of materials, I think that it may be broad enough to cover the situation which now confronts the City. The following is the language of the act which I deem pertinent to the present situation:

"Section 1. A trust is a combination of capital, skill or acts by two or more persons, firms, partnerships, corporations or associations of persons, or of any two or more of them, for either, any or all of the following purposes:

"1. To create or carry out restrictions in trade or commerce."

It would appear to me that the actions of those who refuse to furnish materials to the contractors upon the City work, are combined together to create and carry out restrictions in both trade and commerce.

The Supreme Court of this State has held that any manufacturer has the right to fix prices for the commodities which it sells or manufactures, and even to select its own customers, and to sell to one and to refuse to sell to another, but when such discrimination is the result of a combination or agreement or conspiracy between any particular manufacturer and others, which agreement tends to monopolize or restrict trade or commerce, then the combination becomes unlawful. Therefore, it would be necessary in the present case to show that the refusal of the materialmen to sell to those who were not conducting their business under the American Plan, was the result of an agreement between the different materialmen or industrial association, a fact which I presume would not be hard to establish.

Section 7 of the Cartwright Act also provides that any firm, person, partnership or corporation who shall in any manner violate any of the provisions of the act shall for each and every day that such violations shall be committed or continued, after due notice given by the Atttorney-General or any District Attorney, forfeit any pay the sum of fifty dollars, which may be recovered in the name of the People of the State of California in any county where the offense is committed, and it shall be the duty of the Attorney-General, or the District Attorney of any county, on the order of the Attorney-General, to prosecute for the recovery of the same.

It might be possible that we could interest the Attorney-General and the District Attorney to give a notice to some of the material dealers under this section, and I would be pleased to cooperate in this regard should you deem it advisable. Of course, in addition to the penalty last mentioned, there is the additional penalty of fine and imprisonment provided by the act for those who violate its provisions.

I quite agree with you that the methods which you are pursuing will possibly be more efficacious in obtaining the materials necessary for our buildings than would any legal proceedings commenced under the Cartwright Act, and I am giving you the information herein contained merely to the end that you may be advised as to the possibility of taking further action should your present efforts prove unsuccessful. In other words, I realize that litigation has many delays, and the needs of the City are such that these materials must be obtained in the shortest possible time.

Assuring you of the desire of my

office to cooperate with you in any way that you may deem advisable in the present difficulties, I am,

Sincerely,
JOHN J. O'TOOLE,
City Attorney.

Resolution of San Francisco Labor Council.

Supervisor Stanton presented:

Whereas, under the provisions of Subdivision 3, Section 1, Chapter 2, Article II of the Charter of the City and County of San Francisco, the Board of Supervisors has express power and authority to grant permits for the laying down and operation of spur tracks for industrial purposes "subject to such regulations and conditions as may be prescribed from time to time by said Board of Supervisors", and likewise expressly made "revocable at the pleasure of the Board of Supervisors"; and

Whereas, according to all political, legal and economic authorities it is in the granting of such a concession or privilege to a designated person or company, the opportunity is afforded of providing the requisite public control and regulation of the business using such privilege, particularly as regards the conduct thereof in conformity with public policy; and

Whereas, it is the policy of the law to promote freedom of market and the right of conducting all kinds of business which are beneficial to the public, and it is against public policy to foster or encourage monopoly, restraints of trade and discrimination; and

Whereas, it is the peculiar province of the legislative branch of a government, under our American system of jurisprudence, to declare and establish the public policy in matters affecting commerce and industry within its particular field of juisdiction, and in that behalf to adjust a regulation or law to meet changes in conditions, check growing evils and maintain industrial peace and general welfare; and

Whereas, since the month of October, 1926, there has been pending before the Board of Supervisors, without any decisive action thereon, a resolution, which, if adopted, would declare it to be the public policy of the City and County to revoke any spur track privilege granted to any person, firm or corporation, "upon satisfactory proof" that such person, firm or corporation is a party to any combination or agreement with the Industrial Association and others, not to sell or deliver building materials to any person or company, unless he or it shall conduct his or its business in accordance with the dictates of the Industrial Association, and shall employ only the class of labor prescribed by said association; and

Whereas, there is now pending before the Supervisors an application for a spur track permit, and other such applications may be expected to be made in the future, and it would appear to be reasonable, wise and necessary to incorporate in the ordinance granting any such permit a proviso or condition that the party receiving such permit agrees to sell or deliver materials and supplies to all citizens without discrimination; and

Whereas, the great public wrong, as aforesaid, cannot be righted, nor industrial peace prevail in a community where such wong is permitted to flourish without interference or regulation by the constituted law-making authority; and an efficacious and speedy remedy is necessary to insure industrial peace and prosperity to the people of San Francisco; therefore, be it

Resolved, by the San Francisco Labor Council, in regular meeting assembled this twenty-eighth day of January, 1927, that this Council earnestly and emphatically goes on record against the Board of Supervisors granting any future spur track privilege, except upon express condition that such track is to be used and operated in conformity with public policy of freedom from all restraints of trade, combinations and restrictions upon competition; further

Resolved, That this Council most earnestly appeals to the Board of Supervisors and the Mayor to take action along the lines hereinabove suggested; and thereby put an end to the present uncertain and noncommittal attitude of our city government, and by such action merit and restore public confidence in their will and endeavor to establish and promote industrial peace and prosperity; and, further

Resolved, That copies of this resolution be transmitted to the Honorable Mayor and the Board of Supervisors; and that the officers and delegates of the Council be and are hereby directed to support this declaration of policy, and work for its adoption.

Adopted by San Francisco Labor Council January 28, 1927.

Attest:
W. P. STANTON,
President.
JNO. A. O'CONNELL,
Secretary.

Privilege of the Floor.

Frank McDonald, representing the Building Trades Council, was heard

in favor of the proposed amendment offered by Supervisor Stanton.

Sylvester McAtee, attorney for the Down Town Association, was heard in opposition to the proposed amendment.

RECESS.

Whereupon, the Board at 12:15 p. m. took a recess until 2:30 p. m.

J. S. DUNNIGAN,
Clerk.

REASSEMBLED—2:30 P. M.

The Board of Supervisors reassembled at 2:30 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrison, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—17.

Absent—Supervisor Bath—1.

His Honor Mayor Rolph being absent, Supervisor McSheehy was elected to preside.

Consideration of Pratt Spur Track Permit.

The matter of the proposed spur track permit to Pratt Building Material Company and proposed amendment to Ordinance No. 69 (New Series), regulating spur tracks, was taken up for consideration.

Statement of Supervisor Marks.

The following statement was made by Supervisor Marks as to why the amendment of the ordinance should not be approved:

The determination by the Streets Committee of the Board of Supervisors and by the Board itself of whether or not a spur track privilege should be granted involves the consideration of five elements alone. These are as follows:

1. Is the industry desirable and free from physical characteristics which would be deleterious to the vicinity in which it is sought to be located?

2. Is the construction and operation of a spur track necessary, essential and useful in the conduct of such industry?

3. Will such spur track be installed in a district where industries are properly located, so that the public will not be inconvenienced?

4. Will such spur track be physically installed and maintained in accordance with existing regulatory law?

5. Is the applicant for such spur track of good repute and possessed of integrity?

If these five queries are answered in the affirmative, it seems to me to be the clear duty of the Board of Supervisors to grant an application for a spur track promptly, graciously and in a sense, with elation at the prospect of assisting a new industry to locate in San Francisco. The City is fundamentally an industrial community. Its progress and growth are predicated upon the attraction to our midst of new industries, new factories, new pay rolls, new enterprises, contributing collectively to our municipal well-being and prosperity. Any untoward action by the Board of Supervisors, any impediment or hindrance, any forewarning to new industries seeking this field that they will not be welcomed unless they submit to official scrutiny as to their economic point of view, must inevitably result in investors looking upon our City askance and avoiding us for fear that official groups may step outside of their legitimate spheres and interfere in purely private affairs. It seems too clear to me to need elaboration that this City would present a sorry spectacle in the efforts of various civic organization which, by means of national advertising, are seeking to induce new industries to come to San Francisco, were to be entirely negatived by the announcement that before such enterprises could build their plants here they would be subjected to an official inquisition by the Board of Supervisors to ascertain the nature of their internal economic structure and the point of view of their owners and operators on sociology, politics and kindred subjects.

I refuse to put out of my mind the fact that the Streets Committee of the Board of Supervisors is charged affirmatively with the duty of encouraging new industries to be established in San Francisco. This is not a committee on impediments and I do not propose to engage myself officially in the very unsatisfactory and not very worthy task of inviting industries to shun San Francisco. My desire is to attempt, so far as may be within my power, to represent all of the people of this City in furtherance of the general progress and industrial development of the municipality.

It cannot be gainsaid that a spur track privilege carries with it the implication that the licensee will obey all federal, state and municipal laws having relation to the op-

eration of such spur track. Further, it is to be conceded that established guilt of violation of such law is proper ground for the denial of a new privilege sought to be conferred or the revocation of one already existing. But the presumption of innocence attaches in such matters. I refuse to pervert the purpose of the Streets Committee to mete out punishment to holders of spur track permits upon mere accusation, in advance of a finding of guilt, or to an applicant for a new permit upon the basis that some law may hereafter be violated. The committee of which I am the chairman is merely a subdivision of an official body having legislative functions alone, and is not a grand jury, trial jury, prosecuting attorney and trial court combined. Proper tribunals exist for the determination of such questions, namely, the national, state and municipal courts, and the final judgment of a court of competent jurisdiction upon the issues involved would, obviously, be binding upon the Board of Supervisors. It is not, however, justifiable for me, or for this Board, to attempt to usurp such functions.

The Board has presented to it the issue of whether it can be considered a legislative body, voluntarily confining itself to such functions, and striving eagerly to participate in the general effort to develop our industrial life, or an official body arrogating to itself powers which are otherwise vested, and endeavoring to harass, deter and discourage industries which might, but for official intermeddling, locate in San Francisco. So far as I am concerned, I decline to misuse the official position which I hold by the grace of the people of this City by informing prospective investors that new industries are not thoroughly welcome in San Francisco.

Privilege of the Floor.

Frank McDonald, representing the Building Trades Council, was again heard in reference to the foregoing matters. Also, *Sylvester McAtee*, representing the Down Town Association.

Passed for Printing.

Whereupon, the roll was called on Bill No. 7929, Ordinance No. —— (New Series), amending Ordinance No. 69 (New Series), and the same was *passed for printing* by the following vote:

Ayes — Supervisors Badaracco, Gallagher, Havenner, Kent, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd—10.

Noes—Supervisors Byington, Colman, Deasy, Harrelson, Hayden, Marks, Shannon—7.

Absent—Supervisor Bath—1.

Thereupon, Supervisor Marks changed his vote from *no* to *aye* and gave notice of reconsideration, which notice was subsequently withdrawn and the following bill was taken up:

Spur Track Permit, Pratt Building Material Company.

Bill No. 7930, Ordinance No. —— New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Pratt Building Material Company to construct, maintain and operate spur tracks in Berry street between De Haro and Seventh streets, as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Pratt Building Material Company to construct, maintain and operate spur tracks as follows:

1. Beginning at a point in the existing track in Berry street, 350 feet southwesterly from the southwesterly line of Seventh street, said point being 41.9 feet, more or less, measured perpendicularly from the southeasterly line of Berry street; thence southwesterly through a number six switch a distance of 55 feet to a point; thence on a curve to the left with a radius of 230 feet for a distance of 33 feet to a point; thence tangent to last mentioned curve for a distance of 109 feet, more or less, to a point on the southeasterly line of Berry street, said point being 540 feet, more or less, from the southwesterly line of Seventh street.

2. Beginning at a point in the above described proposed spur track 437 feet southwesterly from the southwesterly line of Seventh street, said point being 29 feet, more or less, measured perpendicularly from the southeasterly line of Berry street; thence southwesterly through a number eight switch to the left for a distance of 75 feet, more or less, to a point on the southeasterly line of Berry street, said point being 505 feet, more or less, from the southwesterly line of Seventh street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are

hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage to be paid for by Pratt Building Material Company.

Provided, that Pratt Building Material Company shall erect and maintain all-night lighted arc lamps where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Passed for printing by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—16.

Communication From War Department in re Modification of Policy.

The following was read and ordered spread in record:

Honorable Albert E. Carter, House of Representatives, Washington, D. C.

Dear Mr. Carter:

Reference is made to your letter of the 10th inst., addressed to the Chief of Engineers, requesting, in behalf of the Supervisors of Alameda County and other interested parties, action on the pending application for a modification of the policy announced by the War Department in 1921, in regard to bridges across San Francisco Bay.

In reply I beg to advise you that for six months the Department has been holding in abeyance action on the application at the request of the San Francisco Board of Supervisors and other local interests to afford an opportunity for the presentation of additional supporting data. However, it may be stated that after careful consideration of all the facts brought out at the public hearing, and those that have been presented so far since the hearing, the Department is still unconvinced that it would be justified in changing the existing policy.

Sincerely yours,

DWIGHT F. DAVIS,

Secretary of War.

Passed for Printing.

The following resolution was *passed for printing*:

On motion of Supervisor Kent:

Resolution No. —— (New Series), as follows:

Resolved, That the sum of $1,000 be and the same is hereby set aside and appropriated out of Publicity and Advertising, Appropriation 55, and authorized in payment to Rudolph Theurkauf and William A. ROLL CALL FOR PETITIONS FROM MEMBERS.

Parkside Car Line Through Tunnel.

Communication, from the Parkside Realty Company, of San Francisco, requests the establishment of a car line operating from the Ferry out Market street through the Twin Peaks Tunnel, over Sloat boulevard to the Ocean Beach and the Fleischhacker Playground. Also, that the Market Street Railway Company be permitted to operate through the Twin Peaks Tunnel, in order to serve the people who helped to pay for the tunnel and are entitled to service.

Referred to the Public Utilities Committee.

County Recorders' Letter of Thanks.

Communication, from County Recorders' Association, transmitting resolution of thanks for courtesies extended during recent session.

Ordered *filed*.

Bridge Legislation.

Supervisor Havenner moved that the Legislative Committee of the Board of Supervisors, at our next meeting, make a report concerning bridge legislation pending before the State Legislature, particularly as it may affect proposed bay bridge between San Francisco and Alameda counties.

So ordered.

Supervisor Marks, in conection with foregoing, stated that he had already requested the San Francisco delegation to take no action amending present statutes relating to bridge franchises without consulting with the Board of Supervisors.

Report of Finance Committee on Gas Rate Litigation Compromise.

The Finance Committee presented a comprehensive report in reference to a proposed compromise in settlement of the rate litigation which has been pending for so many years between the City, on behalf of the ratepayers, against the Pacific Gas and Electric Company.

Under the new offer of compromise the gas company offers to return to the ratepayers the same amount of principal as in their previous offer, but have increased the period of time for which they will pay interest on this amount, and the additional amount of interest amounts to $67,543, making the total amount to be returned to the ratepayers of $1,059,443. In addition to that the City will receive the sum of $31,000 which it expended as costs in the litigation.

In order to give the members of the Board an opportunity to study the report of the Finance Committee, further consideration was continued until next Monday at 11 o'clock a. m.

Excess Rates to Escheat to State.

Supervisor McSheehy introduced a resolution which provides that when rates are collected in excess of the fixed price pending a decision in regard thereto, and in the event amounts which should be

returned to ratepayers cannot be so returned because they cannot be located, that after five years the amount not returned to the ratepayers should escheat to the State of California.

Over one week.

Endorsing Salary Increases for Superior Court Judges.

Supervisor Marks presented:

Resolution No. 26874 (New Series), as follows:

Whereas, there are now pending before the Legislature of the State of California Senate Bill No. 208 and Assembly Bill No. 75, the same providing for an increase in the salaries of the judges of the Superior Court of San Francisco, Los Angeles and Alameda counties; and

Whereas, the great growth of population and industry in the State of California has resulted in a very substantial increase in the business of these courts, and justifying an increase of the compensation paid to these judges; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby endorse Senate Bill No. 208 and Assembly Bill No. 75 and urge their passage; and be it

Further Resolved, That a copy of this resolution be forwarded to the members of the Senate and Assembly and to the Governor of the State of California.

Adopted by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—15.

Absent—Supervisors Badaracco, Bath, Gallagher—3.

Intention to Change Grades.

Supervisor Badaracco presented:

Resolution No. 26878 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets at the points hereinafter specified and at the elevations above city base as hereinafter stated, in accordance with Resolution No. 96049 (Second Series) of the Board of Public Works adopted February 18, 1927, and written recommendation of said Board filed February 18, 1927, to-wit:

Fitzgerald Avenue.

On a line at right angles to the southwesterly line of, 330.75 feet southeasterly from Charter Oak avenue, 36 50 feet.

On a line at right angles to the southwesterly line of, 188.79 feet southeasterly from Charter Oak avenue, 40.20 feet. (The same being the present official grade.)

On Fitzgerald avenue between lines at right angles to the southwesterly line of and respectively 330.75 feet and 188.79 feet southeasterly from Charter Oak avenue, be changed and established to conform to true gradients between the grade elevations above given therefor.

The Board of Supervisors hereby declares that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Pistol Practice for Police Department.

Supervisor Kent presented:

Resolution No. —— (New Series), as follows:

Whereas, the Police Department of the City and County of San Francisco, State of California, is armed with the pistol; and

Whereas, proficiency in the use of the pistol is realized from practice; and

Whereas, practice in the use of the pistol is best had at fixed times and places under reasonable conditions of comfort, contentment, isolation and ability to concentrate at and from the firing point; and

Whereas, practice and proficiency in the use of the pistol secures the dual resultant of confidence and high morale in the individual police officer and impresses the community wherein the police officer functions with a well-founded sense of security, freedom from undue molestation of gun-men, and tends to maintain civic pride in the performance of this phase of the police officer's duty; and

Whereas, it appears that better satisfaction and economy can be had with such practice, when the same functions under authority and organization; and

Whereas, the National Rifle Association of America is organized under authority of the War Department at Washington, D. C., and is committed to the mission of promoting marksmanship among American citizens and to confer upon such American citizens the regular insignia of the Regular Army in recognition of the grade of proficiency attained by the marksman with rifle, pistol and revolver, and in addition thereto, it provides for the purchase of required firearms and ammunition at an attractive price; now, therefore, be it

Resolved, That the Police Commission of the City and County of

San Francisco be requested to secure for the personnel of the Police Department of this City and County such firearms, ammunition and facilities to engage in pistal firing as may be available for the best interests of said Police Department; and be it

Further Resolved, That the Police Commission ask an appropriation in the next budget proper and consistent with the requirements of the Police Department to develop marksmanship among its personnel.

Referred to Police Committee.

Ernst Otto Semerau, $7,250—Lot 6a, Block 6661, as per Assessor's Block Book of the City and County of San Francisco.

Whereas, the City Attorney has recommended the acceptance of the said offers and the acquisition of the property owned by said persons and offered to the City and County of San Francisco for the prices set forth opposite their names, which said prices are in accordance with the City's appraisement of the property; now, therefore, be it

Resolved, That the said offers of sale be accepted, and the City Attorney is hereby authorized and directed to examine the titles of said properties, and if the same are found in satisfactory condition, to accept in behalf of the City and County of San Francisco deeds conveying title thereto, and file the same for record with a copy of this resolution attached thereto, as evidence of acceptance by the City and County of San Francisco, upon payment of the agreed purchase prices.

Referred to Finance Committee.

SPECIAL ORDER—2:30 P. M.

Garbage Incinerator Permit.

The following matter was taken up:

Resolution No. ——— (New Series), as follows:

Whereas, the garbage incinerator located at Eighth and De Haro streets and owned by the City and County of San Francisco has been operated by the Scavengers Protective Union from November 14, 1918, to date, on a revocable day to day agreement, without said City and County deriving any revenue therefrom; and

Whereas, the City and County of San Francisco has had an investment of $400,000 in this incinerator and no revenues have been received, and reports show that during the last two and two-thirds months the Scavengers Protective Union has received $39,401.81, with an expenditure of $16,296.81, showing a profit of $23,105; and

Whereas, an offer has been made by the City Garbage Removal Company, Inc., to take over the operation of said incienrator and pay the City and County a daily rental of $137 for this privilege, said daily rental being based on an annual rental of $50,000; and

Whereas, the Finance and Health Committees of the Board of Supervisors, sitting in joint session Thursday, January 27, 1927, by unanimous consent, recommends to said Board of Supervisors that pending definite arrangements, etc., for the disposal of garbage by other means, for which plans are under way, it is deemed reasonable that the City and County of San Francisco should receive whatever revenue it is possible to secure from the operation of the said incinerator until such time as it is abandoned; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco will give a revocable, day to day permit to occupy the above mentioned incinerator and to dispose of the garbage of the City therein, to the person, firm or corporation offering the highest bid for said privilege, at the open session of said Board to be held on Monday, February 14, 1927, commencing at 10 o'clock a. m. The person, firm or corporation to whom said privilege is granted must within three days after the granting of same enter into a written contract with the City and County to carry out the terms of said permit, and file with this Board a bond in the sum of $10,000 for the faithful performance of said contract.

Privilege of the Floor.

Mr. Ashe, representing the Finance Committee, presented his report, showing that there is considerable profit in the operation of the incinerator. He stated a competitor has made an offer to pay the City $50,000 a year or $137 a day for the privilege of operating the incinerator.

Mr. Edward McKenzie, representing the present operators of the incinerator, urged that they be permitted to continue. He said they are not making the money it is alleged they are, but even if they were making it they offer to turn over to the City all profit made from operation of the incinerator. Incidentally, he mentioned the fact that any salvage in the garbage rightfully belongs to the garbage men and not to the operators of the incinerator.

Mr. Chauncey Tramutolo, on behalf of the Scavengers' Protective Association, also urged that the present system be continued.

Mr. Jos. Callaghan, representing the City Engineer's office, stated that plans and specifications will be ready in two weeks and negotiations are now being made with reference to a site regarding the disposal of garbage by dumping at sea.

Jas. Hanley, attorney representing the City Garbage Company, was

heard in favor of the adoption of the resolution.

On motion of Supervisor McSheehy the matter was *continued until next Monday and made a Special Order for* 2:30 *p. m.*

Notice of Reconsideration—Ocean Palace Amusement Permit.

Supervisor Powers gave notice at last meeting that he would move for a reconsideration of the vote whereby the following resolution was *finally passed*, to-wit:

Resolution No. 26839 (New Series), as follows:

Resolved, That the Ocean Palace Amusement Company be granted permission to construct, maintain and operate an amusement park as defined in Ordinance No. 5240 (New Series), in and upon so much of the block bounded by Wawona street, Forty-sixth and Forty-seventh avenues and Sloat boulevard as is now permitted or hereafter may be permitted by Ordinance No. 5464 (New Series), known as the Zoning Ordinance.

Finally Passed—Board of Supervisors, San Francisco, February 21, 1927.

Ayes — Supervisors Badaracco, Byington, Deasy, Gallagher, Hayden, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd —12.

Noes—Supervisors Colman, Harrelson, Havenner, Kent, McSheehy —5.

Absent—Supervisor Bath—1.

Motion.

Supervisor Powers, seconded by Supervisor McSheehy, moved for a reconsideration of the vote whereby the foregoing resolution was *adopted.*

Communications—Ocean Amusement Palace Permit Favored.

The following was presented and read by the Clerk:

Communication, from Building Trades Council of San Francisco, favoring the granting of a permit for the construction and operation of Ocean Palace Amusement Company's park in block bounded by Forty-sixth and Forty-seventh avenues, Sloat boulevard and Wawona street.

Ordered *filed.*

Also, *communication*, from the San Francisco Labor Council to the same effect.

Ordered *filed.*

Park Commission to Be Present at Hearing, Ocean Palace Amusement Park Permit.

The following was presented and read by the Clerk:

Communication, from B. P. Lamb, Secretary Park Commission, regarding application of the Ocean Palace Amusement Company for permission to construct an amusement palace at Sloat boulevard and Forty-seventh avenue, and advising that in accordance with the request of the Board of Supervisors a member of the Board will be in attendance at the meeting of the Board of Supervisors February 28, 1927.

Ordered *filed.*

Protest Against Ocean Palace Amusement Park Permit.

The following was presented and read by the Clerk:

Communication, from J. H. Morris and Cecilia B. Morris, requesting that the Board reconsider its action in the matter of granting a permit for an amusement park near the Fleishhacker Pool.

Ordered *filed.*

Also, *communication*, from Rosalie M. Stern, vice-president Playground Commission, opposing the granting of a permit for an amusement park to the Ocean Palace Amusement Company opposite the Fleishhacker Pool.

Ordered *filed.*

Also, *communication*, from Wilhelmina C. Keil, corresponding secretary, City and County Federation of Women's Clubs, opposing Ocean Palace Amusement Company's permit.

Ordered *filed.*

Also, *communication*, from Mabel G. Francis, corresponding secretary, San Francisco Congress of Parents and Teachers, opposing Ocean Palace Amusement Company's permit.

Ordered *filed.*

Privilege of the Floor.

Wm. F. Humphrey, on behalf of the Park Commission, was granted the privilege of the floor and stated that the Commission does not object to an amusement park but it does object to one at the proposed location, because: "It believes that the Beach should be the most attractive part of San Francisco, and it has directed its energies to making it the most attractive place."

He also thinks it will increase the hazard to children in crossing the street at that point.

Mr. Lewis, the applicant, in whom various Supervisors expressed the most implicit confidence, stated there would be no dance hall or games of chance permitted in the park and all concessions would be of a high-class.

Mrs. Gerberding, representing the Garden Club; *Adolph Uhl*, repre-

senting the City Efficiency League; *Mrs. Pomeroy*, representing Congress of Parents and Teachers; *C. Marks*, representing Protestant Orphan Asylum, and *Mrs. Mary Schainman*, Civic Committee, Western Addition Improvement Club, opposed the proposed permit.

Aaron Cohen, attorney for applicant; *John Kalish*, Sunset Transportation Club, and *Mrs. Mulligan* spoke in favor of the permit.

Motion Lost.

Whereupon, the roll was called and Supervisor Powers' motion to reconsider was *lost* by the following vote:

Ayes—Supervisors Colman, Harrelson, Havenner, Kent, McSheehy, Powers—6.

Noes — Supervisors Byington, Deasy, Hayden, Marks, Roncovieri, Schmidt, Shannon, Stanton, Todd —9.

Absent — Supervisors Badaracco, Bath, Gallagher—3.

BRIDGE MATTERS—2 P. M.

Extension of Time, Appointment of Engineers, Transbay Bridge.

The following was presented and read by the Clerk:

Communication, from the Board of Public Works, transmitting letter from Robert E. Swain, acting president, Stanford University, advising that Committee of University Presidents will be unable to report recommendations for the appointment of a proposed commission of engineers in the matter of transbay bridge in time for action by the Board of Supervisors on February 28, 1927.

Whereupon, on motion of Supervisor Shannon, the matter was *laid over one week.*

Action Deferred.

Thereupon, the following resolutions and motions were taken up and, on motion, consideration thereof *continued one week, to-wit*:

Presented by Supervisor McSheehy:

Whereas, there are now pending before the Board of Supervisors various applications for franchises to construct and operate toll bridges over and across the Bay of San Francisco, between the City and County of San Francisco and the County of Alameda; and

Whereas, Section 4 of the Act of 1881 provides "That whenever the Supervisors of any county or counties desire to erect a bridge on any public highway, or to grant the privilege so to do, to any individual or corporation, across a navigable stream, said board or boards shall notify the State Engineer of such purpose, and of the precise point where said bridge is to be located,"; and

Whereas, a proper site for a bridge is one the San Francisco terminal of which will be within easy access of the business district of the City, and at the same time sufficiently removed from the main arteries of the City not to unduly congest the same, and the Alameda terminus of which will be easily accessible to traffic of all kinds, especially suburban railway traffic from all parts of the County of Alameda; and

Whereas, the area from and including Rincon Hill on the north, and to and including Sixteenth street on the south, in the City and County of San Francisco, and the area from and including Seventh, Bay, Eighth and Pine streets in the City of Oakland on the north, and to and including Pacific avenue in Alameda on the south, is a district well adapted to and possessing the necessary facilities and conditions for the terminals of a transbay bridge; and

Whereas, in order to meet the requirements of the shipping interests both in San Francisco and Oakland, and to the end that bay navigation shall be interfered with as little as possible, a high level bridge, the structure of which shall have a clearance of at least one hundred and thirty-five feet above the waters of the Bay, is best suited for said transbay bridge; and

Whereas, the City of San Francisco is by its charter committed to public ownership and operation of all public utilities, and that the City of San Francisco should itself construct, own and operate said bridge, if it is possible to do so; now, therefore, be it

Resolved, That the area from and including Rincon Hill on the north and to and including Sixteenth street on the south, in the City and County of San Francisco, and the area from and including the blocks bounded by Seventh, Bay, Eighth and Pine streets in the City of Oakland on the north, and to and including Pacific avenue in Alameda on the south, be and the same is hereby declared to be the area that is best suited for the respective terminals of a transbay bridge between the City and County of San Francisco and the County of Alameda, and that a high level bridge, the structure of which will have a clearance of at least one hundred and thirty-five feet above the navigable waters of the Bay and adequate length of span will least interfere with bay navigation and with the

shipping interests thereon, and is hereby recommended as the type of bridge to be selected.

And be it Further Resolved, That a ruling of the War Department of the United States be forthwith sought as to whether a bridge may be constructed of the type, and with terminals located in the districts above set forth, and for that purpose a committee composed of two members of this Board to be selected by the Chairman of its Finance Committee, and the City Engineer and the City Attorney, or his representative, forthwith proceed to Washington for the purpose of urging the War Department to grant permission for the construction and maintenance of a high level bridge, adequate in height and in length of span, between terminals in the aforesaid area. And be it

Further Resolved, That the City of San Francisco is and by its charter committed to public ownership and operation of all public utilities, and that it should itself construct, own and operate said bridge, if it is possible to do so; and be it

Further Resolver, That pending advice and information from the War Department, that the hearing on all pending applications for franchises for transbay bridges be continued from time to time, to the end that this Board will not lose jurisdiction to pass upon them.

Supervisor Havenner presented:

"Resolved, That the Board of Supervisors of the City and County of San Francisco proceed forthwith to take the necessary legal steps, in accordance with the advice of the City Attorney, to form a bridge district under the State Bridge and Highway District Law, consisting of San Francisco and Alameda Counties, for the purpose of financing, constructing and operating a bridge across San Francisco Bay under public ownership."

Supervisor Roncovieri presented:

"Whereas, financial problems connected with the building of a bridge across the Bay are various and extremely involved, and absolutely fundamental in arriving at a favorable decision of policy as between a bridge built by public funds, or one to be built by private capital; therefore, be it

"Resolved, That the Bridge Committee of this Board be requested and empowered to employ expert financial accountants and actuaries who shall prepare from the records of this Board and other data a complete set-up of figures tabulating in parallel form the more profitable policy to be adopted."

Supervisor Shannon presented:

"Whereas, there are pending before the Board of Supervisors of the City and County of San Francisco various applications for franchises to construct and operate toll bridges over and across the Bay of San Francisco from various points in the City and County of San Francisco to various points in the County of Alameda; and

"Whereas, it appears to the Board of Supervisors that a toll bridge over and across the Bay of San Francisco from Mission Rock to some suitable point in the County of Alameda will best serve the people of San Francisco and that Mission Rock is the most feasible and logical starting point for a transbay bridge between San Francisco and Alameda; and now therefore, be it

"Resolved, That the Board of Supervisors does hereby select Mission Rock as the best and most feasible starting point for a transbay bridge between San Francisco and the County of Alameda and does hereby designate said site as the point in San Francisco from which the first transbay bridge shall be constructed; and be it further

"Resolved, That all persons, firms and corporations who have heretofore made application for a franchise to construct and operate transbay toll bridges between San Francisco and Alameda County, as well as all other persons interested, be invited to present to this Board of Supervisors applications, plans and specifications for a franchise for a transbay toll bridge from Mission Rock in the City and County of San Francisco to some point in the County of Alameda."

Supervisor Shannon presented:

"Whereas, A. McLean Hawks, bridge and mining engineer, has called the attention of this Board to the advantages of Mission Rock as the location for the main bridge pier or bridge-head of the San Francisco Bay Bridge, and without thought of remuneration or reward has suggested that this location be considered by this City for its public bridge location; and

"Whereas, Mission Rock, in this engineer's judgment, has unequaled advantages as regards stability of the bridge, maximum length and height of channel spans, comparative shallowness of water to the east, economy of cost, absence of obstruction to shipping, facility to automobile traffic within San Fran-

cisco and passing through San Francisco; and the handling of interurban and trans-continental trains; and

"Whereas, the Bay bridge plan originally proposed by Hawks, later duplicated by Gustave Lindenthal and embodied in the McSheehy resolution, opens the way for the selection by this Board of a site that shall be the best site, irrespective of whether or not it has been previously proposed by private parties; and

"Whereas, the Mission Rock site has not been proposed by any private group seeking a franchise, but remains open for selection by this Board as the City's site if its apparent advantages be borne out by careful study; therefore, be it

"Resolved, That the City Attorney be and he is hereby instructed to file immediate condemnation proceedings against property known as Mission Rock, in order to protect the City at this time against any private proposal which may seek hereafter to utilize this site; and be it

"Futher Resolved, That the Special Bridge Committee of this Board be and it is hereby instructed to give careful study to this location as the possible choice of the City and County of San Francisco."

Motions.

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

* * *

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times.

(Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Salary Increases for Justices of Peace Endorsed.

Supervisor McSheehy presented:

Resolution No. 26887 (New Series), as follows:

Whereas, there is now pending before the Legislature of the State of California, Assembly Bill No. 841, the same providing for an increase in the salaries of the Justices of the Peace of the City and County of San Francisco, State of California; and

Whereas, the great growth of population and industry in the City and County of San Francisco, State of California, has resulted in a very substantial increase in the business of these courts, justifying an increase of the compensation paid to these judges; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby endorse Assembly Bill No. 841, and urges its passage; and be it

Further Resolved, That a copy of this resolution be forwarded to the Senate and Assembly and to the Governor of the State of California.

Adopted by the following vote:

City and County of San Francisco, City Hall.

Members:

On January 27, 1927, your Board passed Ordinance No. 7387 (New Series), providing for the disposal at private sale of certain land belonging to the City and County of San Francisco, and pursuant to the terms of said ordinance your Clerk advertised the three parcels of land described in said ordinance for sale.

In accordance with the said notice of sale, I have received one bid from Meyer Bros. in the sum of $11,635 for the three parcels of land. As this sum is equal to the appraisals made by the Assessor, the Chairman of the Finance Committee and myself, and is apparently the highest sum obtainable for this property, I have therefore this day sold the same to Meyer Bros., and have received from them a check for $1,200, which sum is in excess of 10 per cent of the sum bid.

I respectfully request that your Board confirm this sale made by me.

Respectfully,
JAMES ROLPH, JR.,
Mayor.

Referred to Public Buildings and Lands Committee.

Relative to Gas Litigation Compromise.

The following was presented and read by the Clerk:

Communication, from Daniel O'Connell, requesting that he be heard before there is any action by the Board of Supervisors on the proposed compromise of the gas rate litigation suits.

Ordered *filed*.

Relative to the Discontinuance of the Garbage Incinerator.

The following was presented and read by the Clerk:

Communication, from City Attorney John J. O'Toole, transmitting copy of letter which he received on the 3d inst. from H. S. Young of the San Francisco Development Company relative to the action pending to abate the operation of the garbage incinerator as a nuisance.

Ordered *filed*.

Invitation to Attend Discussion of Proposed Bond Issues by Civic League of Improvement Clubs.

The following was presented and read by the Clerk:

Communication, from the Civic League of Improvement Clubs and Associations, advising of a meeting by the Board of Governors of said organization at the Civic League offices and committee rooms, 807 Mills Building, Tuesday, March 8, 1927, at 3:30 p. m., extending an invitation to the Board of Supervisors to attend.

Ordered *filed*.

Relative to War Memorial Bond Issue.

The following was presented and read by the Clerk:

Communication, from J. F. Kelly, secretary Central Council of Civic Clubs, advising that H. B. Harpold, delegate to said Council from the United War Veterans, has been appointed chairman of a committee to appear before the Board of Supervisors and indicate the view of the Council in the matter of the proposed War Memorial bond issue.

Ordered *filed*.

Railway Transportation Bond Issue Endorsed.

The following was presented and read by the Clerk:

Communication, from Gene Watts Blood, representing Excelsior People's Improvement Association, informing the Board that the Association has gone on record as favoring the $3,500,000 bond issue proposed by City Engineer O'Shaughnessy for the extension of street railway transportation throughout San Francisco, and also favors the $1,400,000 bond issue for the Bernal Cut.

Ordered *filed*.

Painting of Street Buttons.

The following was presented and read by the Clerk:

Communication, from Thos. Doyle, secretary Building Trades Council of San Francisco, advising that they are of the opinion that galvanized street buttons should be painted instead of galvanized. This method, it is alleged, would reduce the cost considerably and the same results be accomplished.

Ordered *filed*.

Leave of Absence, District Attorney Matthew I. Brady.

The following was presented and read by the Clerk:

San Francisco, Cal.,
March 7, 1927.

Hon. Board of Supervisors, City Hall, San Francisco.

Gentlemen:

Application has been made to me by District Attorney Matthew Brady for a leave of absence, with permission to absent himself from the State of California, for a period of thirty (30) days, commencing March 7, 1927.

Mayor to Execute Lease with Mills Estate for Lands Required for Airport Purposes.

Bill No. 7914, Ordinance No. 7428 (New Series), as follows:

Authorizing and directing the Mayor and Clerk of the Board of Supervisors to execute a lease in behalf of the City and County of San Francisco with the Mills Estate Incorporated for certain lands situated in the County of San Mateo, State of California, required for airport purposes.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Resolution No. 26816 (New Series), the Mayor and the Clerk of the Board of Supervisors are hereby author-

ized and directed to enter into the following lease with the Mills Estate Incorporated for land situated in the County of San Mateo, State of California, required for airport purposes; said lease to read as follows:

This lease, made and entered into this ..... day of March, 1927, by and between Mills Estate Incorporated, a corporation duly organized and existing under and by virtue of the laws of the State of California, and hereinafter called the "lessor", and City and County of San Francisco, a municipal corporation, hereinafter called the "lessee".

Witnesseth: That the lessor has lease, demised and let, and does by these presents hereby lease, demise and let unto the lessee all of that certain real property situate in the County of San Mateo, State of California, described as follows, to-wit:

A portion of Sections 34 and 35, Township 3 S, R. 5 W., and Sections 2 and 3, Township 4 S., R. 5 W., M. D. B. & M.

and containing an area of one hundred and fifty (150) acres, more or less, the location and dimensions of said property being more definitely shown on the print hereto attached, marked "Exhibit A", and made a part of this lease.

To have and to hold the same unto the said lessee for the term of three (3) years from the 15th day of March, 1927, at the annual rental of fifteen hundred ($1500) dollars, payable in advance on the 15th day of March of each year during the said term. That the lessee agrees to pay the rental hereinbefore reserved, at the time and in the manner hereinbefore set forth, and to have, hold, use and enjoy said premises upon the terms and conditions herein contained.

1. That the lessee shall have the right to construct and maintain a water pipe line and water tank on the lands belonging to the lessor and adjacent on the west to the premises herein demised, it being the intention of the lessee to connect the said water tank and pipe line with the mains of the Spring Valley Water Company or such other water company as may be most convenient for the said lessee for the purpose of supplying water for all necessary uses upon the land herein demised, and that upon the expiration of the term of this lease, or the sooner termination thereof, the lessee shall have the right to remove said pipe line and water tank from the said lands upon which the same may have been constructed or erected. That said lessor shall have the right, at its own cost, to make connections with said water pipe line to obtain such metered water service therefrom as will not interfere with the use of water required by the lessee.

2. That, subject to the provisions hereinafter contained, the lessee shall have the right to extend this lease for a further period of one (1) year or two (2) years upon the same terms and conditions as are herein contained, provided that the lessee shall give to the lessor notice of its intention to extend said lease at least ninety (90) days prior to the date of the expiration thereof. That said extension may be cancelled by said lessor as to the first or second or first and second years thereof, provided said land is sold by said lessor and written notice thereof is given by the lessor to the lessee to that effect at least nine (9) months prior to the beginning of any extended tenancy year or years, according to this lease, as to which said extension is to be cancelled.

3. That the lessee shall have the right and privilege of terminating this lease on the 15th day of March during any year of the term hereof, provided that the lessee gives to the lessor at least ninety (90) days' notice in writing of its intention to terminate the same, and that upon the termination of said lease the said lessor shall be released from all further obligation to pay rental for said premises.

4. That the said above described premises shall be used by the lessee for and as an airport and as a landing place for airplanes and flying machines of all descriptions, and that the lessee shall have the right to erect on said premises all necessary buildings and equipment for the handling and landing of said airplines, and may in addition thereto, erect and maintatin on said premises suitable buildings for the housing of any and all employees of the lessee in and about the said premises, and may in addition thereto, sub-let a portion of said premies to be used by the sub-lessees for the supplying of any and all articles necessary or proper to be used in and about the said premises, or by the persons frequenting the same, and that the lessee shall withtin ninety (90) days after the date of the expiration or termination of this lease, or any extension thereof, remove said buildings and equipment from said premises.

5. That upon the expiration of

the term of this lease, or the sooner termination thereof, the lessee shall remove all foreign substances, such as cinders, gravel, concrete, and building foundations, from and off said flying field, it being agreed that the lessee, in making such removals, shall be permitted to dump the said materials in the old Borrow Pit or sloughs on the property herein demised. And that in addition to the removal of said foreign substances, the lessee shall on the expiration of the term of this lease or on the sooner termination thereof, pay to the lessor the sum of thirty-seven hundred and fifty ($3750) dollars, in lawful money of the United States, which said sum shall be paid to the lessor for the purpose of enabling the lessor to recondition the land herein demised and make it fit for the purposes for which the same is now being used; and on the removal of said foreign substances, and the payment of said sum of thirty-seven hundred and fifty ($3750) dollars, the lessee shall be released from the payment of all further amounts by reason of any damage done to said premises by reason of placing said foreign substances upon said premises.

6. The lessee shall have the privilege of seeding such portion of the above demised premises as it shall deem proper, but the consent of the lessor must be secured for such seeding that may be done by the lessee, in order that no deletrious grasses or weeds shall be grown on said premises.

That the lessor shall during the term of this lease, or any extension thereof, maintain and operate the pumping plant now on said premises, and to that end shall at all times have free access to and from said pumping plant, but should the lessee demand additional pumping over and above the pumping which is required by the lessor, the cost of such additional pumping will be borne by the lessee.

8. The lessor shall, during the term of this lease, or any extension thereof, maintain the levees now surrounding the above demised property, in good order and condition, and will not be responsible for any damage that may be sustained by the lessee or by any person occupying the said premises with the consent of the lessee, for the breaking of said levees. That the lessee shall pay to the lessor the reasonable cost of the restoration or repair of said levees because of any damage occasioned thereto by said lessee, its agents, employees or any person or persons using said premises with the permission of said lessee.

9. That the lessee shall have the privilege, should it desire to do so, of constructing and maintaining a roadway over the property of the lessor adjoining the above described premises on the west, which said roadway shall lead from the said demised premises to the steam and electric railways west of said premises, and should the said lessee desire to avail himself of the privilege of building said roadway, the same shall be located as designated by the lessor.

10. That the lessee shall, during the term of this lease, or any extension thereof, have the right to remove material from the portions of the abandoned levees designated by the lessor on the adjoining land of the lessor, for the purpose of filling in and leveling the depressions on the land herein demised.

11. That the lessee shall be permitted to construct and operate suitable flood-gate controls in the drainage canals on said property at places to be agreed upon between the parties hereto for the purpose of keeping the water level down upon said premises.

12. That upon the termination of this lease, the said lessee will yield up and surrender the above described premises unto the lessor, in the manner hereinbefore set forth.

13. That should the lessee make default in any of the covenants herein contained, or permit any rental to remain due or unpaid for more than thirty (30) days after the same become due and payable according to the terms of this lease, then in that event the lessor may terminate this lease, re-enter the said premises and remove all parties therefrom.

14. That any notices to be given by either of the parties of this lease, one to the other, shall be given in writing, and transmitted by United States mail, said notices to the lessor to be addressed to the said lessor at Mills Building, San Francisco, California, and said notices to the lessee to be addressed to the Mayor of the City and County of San Francisco, City Hall, San Francisco, California.

In witness whereof, the lessor has caused this lease to be executed by its duly authorized officials, and the lessee has caused the same to be executed by its Mayor and by the Clerk of the Board of Supervisors pursuant to a resolution of the said Board of Supervisors, all the day and year first hereinabove written.

Amendment to Spur Track Ordinance.

Bill No. 7929, Ordinance No. 7443 (New Series), as follows:

Amending Ordinance No. 69 (New Series), providing for and regulating the construction, maintenance and use of spur tracks on and over public streets within the City and County of San Francisco, and fixing penalties for the violation thereof, by adding a new section to be known as Section 2A, and to read as follows:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 69 (New Series), entitled "Providing for and regulating the construction, maintenance and use of spur tracks on and over public streets within the City and County of San Francisco, and fixing penalties for violation thereof," is hereby amended as follows:

Section 2a. In every permit hereafter granted for spur tracks on any public street in the City and County of San Francisco there shall be incorporated express provisions that the right thereby granted shall not be used for purposes of creating, promoting or maintaining any agreement or combination in restraint of trade; and that the said right is granted upon the distinct understanding that the holder of such permit, in the sale and delivery of goods, materials and supplies transported over such tracks, will sell and deliver such goods, materials or supplies without requiring from the purchaser any promise, agreement or understanding, or evidence of any kind thereof, that such purchaser is or will become a party to any agreement or combination in restraint of trade, or to employ a certain class of labor. All spur or side tracks laid down and in use under permits issued from and after November 23, 1907, and until the taking effect of this section, shall be deemed to be subject to the provisions hereof, and all such permits shall be deemed to have incorporated therein the stipulations contained in this section.

Section 3. This ordinance shall take effect immediately.

Ayes — Supervisors Badaracco, Gallagher, Havenner, Kent, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd—10.

Spur Track Permit, Pratt Building Material Company.

Bill No. 7930, Ordinance No. 7444 (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Pratt Building Material Company to construct, maintain and operate spur tracks in Berry street between De Haro and Seventh streets, as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Pratt Building Material Company to construct, maintain and operate spur tracks as follows:

1. Beginning at a point in the existing track in Berry street, 350 feet southwesterly from the southwesterly line of Seventh street, said point being 41.9 feet, more or less, measured perpendicularly from the southeasterly line of Berry street; thence southwesterly through a number six switch a distance of 55 feet to a point; thence on a curve to the left with a radius of 230 feet for a distance of 33 feet to a point; thence tangent to last mentioned curve for a distance of 109 feet, more or less, to a point on the southeasterly line of Berry street, said point being 540 feet, more or less, from the southwesterly line of Seventh street.

2. Beginning at a point in the above described proposed spur track 437 feet southwesterly from the southwesterly line of Seventh street, said point being 29 feet, more or less, measured perpendicularly from the southeasterly line of Berry street; thence southwesterly through a number eight switch to the left for a distance of 75 feet, more or less, to a point on the southeasterly line of Berry street, said point being 505 feet, more or less, from the southwesterly line of Seventh street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage to

be paid for by Pratt Building Material Company.

Provided, that Pratt Building Material Company shall erect and maintain all-night lighted arc lamps where directed by the Lighting Committee of the Board of Supervisors.

Authorizing the Execution of a Deed by the Mayor and the Clerk of the Board of Supervisors to Affronting and Adjacent Property Owners to Portions of Streets Closed by Resolution No. 26764 (New Series) in Exchange for Property for New Streets to Be Opened and Widened in Lieu of Such Closed Streets.

Supervisor Badaracco presented: Resolution No. 26936 (New Series), as follows:

Whereas, this Board, on the 31st day of January, 1927 (after proceedings theretofore had, pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco), duly adopted Resolution No. 26764 (New Series), closing and abandoning a portion of Clement street and certain portions of Forty-sixth, Forty-seventh and Forty-eighth avenues as in said resolution described; and

Whereas, on the 11th day of February, 1927, said resolution was duly approved by the Mayor of the City and County of San Francisco; and

Whereas, Elizabeth Nussbaum, owner of lands adjacent to or fronting on the aforesaid portions of said streets so closed and abandoned, has offered to convey or cause to be conveyed to the City and County of San Francisco property for the opening and widening of streets in lieu of such portions of streets so closed and abandoned; and

Whereas, said Elizabeth Nussbaum, pursuant to her aforesaid offer, has caused to be made, executed and delivered to said City and County of San Francisco good and sufficient conveyances vesting in said City and County of San Francisco, for street purposes, the title to the parcels of land hereinafter more particularly described in lieu of said portions of said streets so closed and abandoned as hereinbefore recited; and

Whereas, the said parcels of land so conveyed to said City and County of San Francisco as new streets and portions of streets in lieu of those closed and abandoned as aforesaid are more particularly described as follows, to-wit:

Parcel 1. Commencing at a point on the westerly line of Forty-fifth avenue, distant thereon south 3 deg. 19 min. east 34.302 feet from the point of intersection of said westerly line of Forty-fifth avenue with the southerly boundary line of the United States Military Reservation, which line of Forty-fifth avenue is believed and for the purpose of this description is assumed to bear south 3 deg. 19 min. east, and running thence from said point of commencement south 3 deg. 19 min. east 89.875 feet along said westerly line of Forty-fifth avenue; thence northerly and westerly 32.740 feet through an arc of 125 deg. 3 min. 31 sec. on a curve to the left with a radius of 15 feet, the center of which curve bears south 86 deg. 41 min. west from the southerly end of the preceding course; thence tangent to the preceding curve westerly 128.496 feet through an arc of 35 deg. 3 min. 31 sec. on a curve to the right with a radius of 210 feet to a point which is westerly 144.243 feet measured at a right angle from the westerly line of Forty-fifth avenue and 150 feet southerly measured at a right angle from the southerly line of the aforesaid Military Reservation; thence parallel with said southerly line of Military Reservation south 86 deg. 41 min. west 785.757 feet to the westerly line of Forty-eighth avenue produced; thence north 3 deg. 19 min. west 60 feet along said westerly line of Forty-eighth avenue produced; thence north 86 deg. 41 min. east 785.757 feet; thence tangent to the last preceding course easterly 91.783 feet through an arc of 35 deg. 3 min. 31 sec. on a curve to the left with a radius of 150 feet; thence tangent to the preceding curve easterly 64.951 feet through an arc of 17 deg. 52 min. 10.8 sec. on a curve to the right with a radius of 208.254 feet to the westerly line of Forty-fifth avenue and the point of commencement.

Parcel 2. Commencing at a point which is distant 530 feet northerly measured at a right angle from the northerly line of Geary street, said point being also 150 feet southerly measured at a right angle from the southerly boundary line of the United States Military Reservation, and 480 feet westerly measured at a right angle from the westerly line of Forty-fifth avenue, and running thence south 3 deg. 19 min. east 205.960 feet along a line parallel with said Forty-fifth avenue to the northerly line of Point Lobos avenue; thence south 85 deg. 00 min. 46 sec. west 60.024 feet along said northerly line of Point Lobos avenue to a point which is distant 540 feet westerly measured at a right angle from the aforesaid

westerly line of Forty-fifth avenue; thence north 3 deg. 19 min. west 207.708 feet to a point which is distant 530 feet northerly measured at a right angle from the northerly line of Geary street; thence north 86 deg. 41 min. east 60 feet to the point of commencement.

Parcel 3. Commencing at a point which is distant 530 feet northerly measured at a right angle from the northerly line of Geary street, said point being also 150 feet southerly measured at a right angle from the southerly boundary line of the United States Military Reservation, and 740 feet westerly measured at a right angle from the westerly line of Forty-fifth avenue, and running thence south 3 deg. 19 min. east 212.500 feet along a line parallel with said westerly boundary line of Forty-fifth avenue to the northerly line of Point Lobos avenue; thence south 85 deg. 00 min. 46 sec. west 60.024 feet along said northerly line of Point Lobos avenue to a point which is distant 800 feet westerly measured at a right angle from the aforesaid westerly line of Forty-fifth avenue; thence north 3 deg. 19 min. west 214.250 feet to a point which is distant 530 feet northerly measured at a right angle from the northerly line of Geary street; thence north 86 deg. 41 min. east 60 feet to the point of commencement.

Parcel 4. Commencing at a point on the northerly line of Point Lobos avenue where said line is intersected by the easterly line of Forty - eighth avenue produced northerly, which easterly line of Forty-eighth avenue is believed and for the purpose of this description is assumed to bear north 3 deg. 19 min. west, and running thence south 85 deg. 00 min. 46 sec. west 5.324 feet along said northerly line of Point Lobos avenue produced to the northeasterly line of Harding boulevard; thence north 26 deg. 14 min. west 65.347 feet along said northeasterly line of Harding boulevard; thence southeasterly 114.621 feet through an arc of 68 deg. 45 min. 14 sec. on a curve to the left with a radius of 95.519 feet, the center of which curve bears north 63 deg. 46 min. east from the northerly end of the last preceding course, to the northerly line of Point Lobos avenue at a point distant thereon north 85 deg. 00 min. 46 sec. east 60.023 feet from the point of commencement; thence south 85 deg. 00 min. 46 sec. west 60.023 feet along said northerly line of Point Lobos avenue to the point of commencement; and

Whereas, it is deemed advisable by this Board of Supervisors that said parcels of land be opened as new streets and portions of streets in lieu of those so closed and abandoned; and

Whereas, said new streets and portions of streets so conveyed to the City and County of San Francisco for street purposes as aforesaid will and do constitute ample consideration to said City and County for its deed to the portions of said streets closed and abandoned, as hereinbefore recited, and will be of much greater practical value both to the City and County of San Francisco and to the general public; now, therefore, be it

Resolved, That equity requires that the portions of said streets closed and abandoned as aforesaid should be conveyed by the City and County of San Francisco to said Elizabeth Nussbaum; and be it further

Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors of the City and County of San Francisco be and they are hereby authorized and directed, acting for and on behalf of said City and County, in its name and under its corporate seal, to execute, acknowledge and deliver to said Elizto said Elizabeth Nussbaum all of the right, title and interest of the City and County of San Francisco in and to the parcels of land situate in the City and County of San Francisco, State of California, more particularly described as follows, to-wit:

All those portions of Clement street, Forty-sixth, Forty-seventh and Forty-eighth avenues as closed and abandoned by Resolution No. 26764 (New Series). Be it

Further Resolved, That the Clerk of this Board is hereby directed to advertise this resolution as required by law.

SPECIAL ORDER—10:30 A. M.

Declaratory Ordinance, Extensions Municipal Railway System.

The following bid was taken up: Bill No. ——, Ordinance No. —— (New Series), as follows:

Determining and declaring that the public interest and necessity demand the acquisition or construction of a public utility, to-wit:

A number of extensions to the existing Municipal Street Railway System over and along the public streets, private rights of way, and through tunnels being constructed by the municipality, said extensions to be made from the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the ocean beach; from the Municipal Railway tracks on Market street at Duboce avenue, through the Sunset-Duboce tunnel into the Sunset District and through the Sunset District to a terminal near the ocean beach, with connecting cross-town service west of Twentieth avenue between said extension and the existing Municipal Railway line on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut, into the Excelsior District, at or near Excelsior street; thence southerly through the Excelsior District to a terminal at Geneva avenue; an automobile bus service from the vicinity of Eureka street and Market street extension by the most feasible route to the vicinity of Twenty-seventh and Diamond streets; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street; and for such other ex-

tensions and additions to the trackage and facilities of the said Municipal Railway system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and the purchase of necessary lands; and directing the Board of Public Works to procure and file plans and estimates of the cost thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby determined and specifically declared that the public interest and necessity demand the acquisition or construction of extensions to the existing Municipal Street Railway System, to-wit:

Extensions of the Municipal Street Railway tracks and service over and along public streets, rights of way, and through a municipal tunnel as follows:

From the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the ocean beach; from the Municipal Railway tracks on Market street at Duboce avenue, through the Sunset-Duboce tunnel into the Sunset District and through the Sunset District to a terminal near the ocean beach, with connecting cross-town service west of Twentieth avenue between said extension and the existing Municipal Railway tracks on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut, into the Excelsior District, at or near Excelsior street; thence southerly through the Excelsior District to a terminal at Geneva avenue; an automobile bus service from the vicinity of Eureka street and Market street extension by the most feasible route to the vicinity of Twenty-seventh and Diamond streets; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street; and for such other extensions and additions to the trackage and facilities of the said Municipal Railway system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and the purchase of necessary lands.

Section 2. The Board of Public Works is hereby directed to procure, through the City Engineer, and file with the Board of Supervisors plans and estimates of cost of original construction and completion of the extensions to the Municipal street railways as herein described.

Section 3. This ordinance shall be published for two weeks in the official newspaper and shall take effect immediately.

Privilege of the Floor.

His Honor Mayor Rolph called attention to the resolution which the Board adopted in 1924, in which it was stated that the next railway extension to be constructed would be the Eureka Valley extension.

Supervisor Colman read a resolution adopted in 1924, which stated that the Board would, early in 1925, submit a $5,000,000 bond issue to the people for the construction of the Eureka Valley extension and transportation into the Sunset District and other needed railway extensions.

Dr. McGranaghan, Mr. Ostelo and Mr. Becker all contended that a bus line, as proposed in the declaratory ordinance, would not provide the service needed by the Eureka Valley and Noe Valley districts.

Chief Engineer O'Shaughnessy, in response to questions by the Board, still contended that the Eureka Valley line would not be a paying line, at least for a long period of time.

Adolph Uhl, representing the City Efficiency League, called attention to alleged deficits in the Municipal Railway funds and opposed all nonpaying extensions.

RECESS.

Whereupon, the Board at the hour of 12:30 p. m. took a recess until 2:30 p. m.

J. S. DUNNIGAN,
Clerk.

REASSEMBLED—2:30 P. M.

The Board of Supervisors reassembled at 2:30 p. m.

CALLING THE ROLL.

The roll was called and the following members were noted present:

Supervisors Badaracco, Byington, Colman, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri,

Schmidt, Shannon, Stanton, Todd —16.

Absent—Supervisors Bath, Deasy —2.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor McSheehy was elected to preside.

Bond Issue, Municipal Railway Extensions.

The Board proceeded to the consideration of the proposed declaratory ordinance presented in the morning session providing for a bond issue for the construction of certain extensions to the Municipal Railway.

Privilege of the Floor.

Adolph Uhl continued his remarks with respect to alleged deficits in Municipal Railway funds and urged that no unprofitable lines be added.

Theo. Savage spoke for the Market Street Railway Company, that it be permitted to operate cars through the Twin Peaks Tunnel in order to provide transportation to those people who, he stated, paid one-fourth of the cost of the tunnel. He thinks cars should be routed from the Ferry Building out through the tunnel and continue on over Sloat boulevard.

M. Vandeleur, representing the Municipal Carmen's Union, was heard in favor of the proposed legislation and in contradiction of the statement of Mr. Uhl that the Municipal Railway was operating with a deficit.

Mr. Scott, accountant for the Municipal Railway, supported the statement of Mr. Vandeleur and quoted figures as to the condition of the funds of the Municipal Railway, showing the sound financial condition of the road.

Communication from San Francisco Chamber of Commerce.

Supervisor Shannon presented:

February 25, 1927.

Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen:

The Chamber of Commerce has been considering the proposed bond issue of $3,500,000 for certain railway extensions as recommended by the City Engineer.

Included in this total is the sum of $650,000 to provide for part of the cost of widening the proposed Bernal Cut. Recently the Board of Supervisors has initiated proceedings to bring before the people a bond issue to cover the entire cost of widening the Cut. The Chamber of Commerce has always been on record for this very desirable public improvement.

We recommend, therefore, that the $650,000 originally included in the proposed railway bond issue for Bernal Cut purposes be eliminated, inasmuch as this will be provided by separate bond issue. We recommend that the proposed Municipal Railway bond issue, therefore, be reduced to $2,850,000, and that no extensions be added to those proposed in the Engineer's original $3,500,000 program.

After consideration of the proposed railway extensions the Chamber believes that there is a paramount need of providing necessary funds for the Sunset District extension, and that this is a moral obligation on the part of the City by reason of the $1,700,000 assessment that the Sunset District has paid for the Duboce Tunnel. The Chamber favors, also, the proposed Marina and Taraval extensions and appropriations for the proposed garage, car repair shop and busses.

The Chamber of Commerce sees no objection to the proposed Balboa street line as a traffic artery for the Richmond District. We understand, however, that there is a possibility that this may not be built, and that the proposed line may be routed over Cabrillo street.

With regard to an extension on Cabrillo street and the proposed extension of the Church street line thrugh the Bernal Cut and into the Excelsior district, there is the necessity of considering these in relation to existing street railway lines, and from the standpoint of steps under way to unify the two systems. If your committee which has the matter of street railway unification in charge is of the opinion that unification measures can be developed and brought to a successful completion within a relatively short time, might it not be advisable to defer consideration of the proposed Cabrillo and Excelsior extensions until such time?

In the consideration by the Chamber of the proposed railway extension program questions again came up relative to the unbusinesslike organization for the operation of utilities as provided by the Charter. The Chamber of Commerce in 1922, and again in 1924, cooperated in efforts to secure a Charter amendment that would create a Utilities Commission with adequate powers for the businesslike operation of municipally-owned utilities. The Chamber of Commerce is of the opinion that any questions involving the extension of or additions

to municipally-owned utilties must be considered in relation to the admitted need for a Public Utilities Commission.

We hope that in 1928—the earliest date at which Charter amendments may be considered—your Honorable Board will give earnest consideration to a charter amendment creating a Public Utilities Commission.

Yours very truly,

ALFRED RAAS,

Chairman Street Railway Transportation Section, Municipal Affairs Committee.

Bill Considered Seriatim.

Whereupon, the bill was considered seriatim as follows:

1. Sunset extension. No objection.
2. Richmond extension, "B" or "C" streets. No objection.
3. Mid-Sunset District, Twenty-ninth or Thirty-third avenues. No objection.
4. Fleishhacker Pool. No objection.
5. Bernal Cut. No objection.

Mr. Rosenshine spoke in favor of Twenty-ninth avenue or Thirty-third avenue.

Amendment.

Supervisor Schmidt moved as an amendment that provision be made for a line in Eureka Valley.

Amendment *carried.*

Passed for Printing.

Whereupon, on motion of Supervisor Shannon, the following bill as amended was *passed for printing* by the following vote:

Bill No. 7935, Ordinance No. —— (New Series), as follows:

Determining and declaring that the public interest and necessity demand the acquisition or construction of a public utility, to-wit:

A number of extensions to the existing Municipal Street Railway System over and along the public streets, private rights of way and through tunnels being constructed by the municipality, said extensions to be made from the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Market street at Duboce avenue, through the Sunset-Duboce tunnel into the Sunset District and through the Sunset District to a terminal near the Ocean Beach, with connecting cross-town service west of Twentieth avenue between said extension and the existing Municipal Railway line on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut, into the Excelsior District, at or near Excelsior street; thence southerly through the Excelsior District to a terminal at Geneva avenue; from Seventeenth street and Market street in a southwesterly direction to, at or near Euraka street and Market street; thence in a southerly direction on and over Eureka street or other most feasible route to Twenty-third street at or near Eureka street; thence in an easetrly direction on and over Twenty-third street or other most feasible route to Diamond street; thence in a southerly direction on or over Diamond street or other most feasible route to Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street, and for such other extensions and additions to the trackage and facilities of the said Municipal Railway system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and the purchase of necessary lands, and directing the Board of Public Works to procure and file plans and estimates of the cost thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby determined and specifically declared that the public interest and necessity demand the acquisition or construction of extensions to the existing Municipal Street Railway system, to-wit:

Extensions of the Municipal Street Railway tracks and service over and along public streets, rights of way and through a municipal tunnel as follows:

From the existing Municipal Railway track at Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Market

street at Duboce avenue, through the Sunset-Duboce tunnel into the Sunset District and through the Sunset District to a terminal near the Ocean Beach, with connecting cross-town service west of Twentieth avenue between said extension and the existing Municipal Railway tracks on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut, into the Excelsior District, at or near Excelsior street; thence southerly through the Excelsior District to a terminal at Geneva avenue; from Seventeenth street and Market street in a southwesterly direction to, at or near Eureka street and Market street; thence in a southerly direction on and over Eureka street or other most feasible route to Twenty-third street, at or near Eureka street; thence in an easterly direction on and over Twenty-third street or other most feasible route to Diamond street; thence in a southerly direction on or over Diamond street or other feasible route to Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street; and for such other extensions and additions to the trackage and facilities of the said Municipal Railway system as may be deemed necessary, and to include equipment thereof, appurtenances thereto, and the purchase of necessary lands.

Section 2. The Board of Public Works is hereby directed to procure, through the City Engineer, and file with the Board of Supervisors, plans and estimates of cost of original consrtuction and completion of the extensions to the Municipal Street Railways as herein described.

Section 3. This ordinance shall be published for two weeks in the official newspaper and shall take effect immediately.

Soliciting Offer of Existing Street Railways.

Thereupon, the following resolution was presented by Supervisor Shannon and *adopted*:

Resolution No. 26943 (New Series), as follows:

Resolved, By the Board of Supervisors of the City and County of San Francisco as follows:

1. That the Board of Supervisors of the City and County of San Francisco does hereby solicit offers for the sale to the City and County of San Francisco of any existing street railway or system of street railways operated along the route or in the territory described as follaws:

From Scott and Chestnut streets into the Marina Tract, west of Scott srteet and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Market street at Duboce avenue, through the Sunset-Duboce tunnel into the Sunset District and through the Sunset District to a terminal near the Ocean Beach, with connecting cross-town service west of Twentieth avenue between said extension and the existing Municipal Railway line on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal cut, into the Excelsior District, at or near Excelsior street; thence southerly through the Excelsior District to a terminal at Geneva avenue; from Seventeenth street and Market street in a southwesterly direction to, at or near Eureka street and Market street; thence in a southerly direction on and over Eureka street or other most feasible route to Twenty-third street at or near Eureka street; thence in an easterly direction on and over Twenty-third street or other most feasible route to Diamond street; thence in a southerly direction on or over Diamond street or other most feasible route to Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street.

Any owner or owners of any such street railway or system of street railways serving the routes or dis-

tricts above described are hereby invited to submit proposals or offers in writing to the Board of Supervisors for the sale of the same to the City and County, and such proposals shall be filed with the Clerk of the Board of Supervisors at any time prior to the 28th day of March, 1927.

It is hereby announced and declared to be the purpose and intention of the Board of Supervisors to consider any and all proposals or offers that may be made for the sale of any such street railway or system of street railways to the City and County on the said 28th day of March, 1927, and before submitting the propositions to the electors for the acquisition by original construction or condemnation of such railway or system of street railways in order that the electors may have the benefit of acquiring the same at the lowest possible cost thereof.

2. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper for the period of ten (10) days a notice in substantially the following form:

"Notice soliciting offers for the sale of street railways to the City and County.

"To the owner or owners of any railways or system of street railways in the City and County of San Francisco:

"You are hereby solicited and invited to submit to the Board of Supervisors of the City and County of San Francisco prior to the 28th day of March, 1927, an offer or offers in writing, to sell to the said City and County any street railway or system of street railways or any portion thereof, operating over the following routes or described districts:

"From Scott and Chestnut streets into the Marina Tract, west of Scott street and north of Chestnut street; from the Municipal Railway track at Masonic avenue and Turk street into the Richmond District, connecting with the Municipal Railway tracks running to the Ocean Beach; from the Municipal Railway tracks on Market street at Duboce avenue, through the Sunset-Duboce tunnel into the Sunset District and through the Sunset District to a terminal near the Ocean Beach, with connecting cross-town service west of Twentieth avenue between said extension and the existing Municipal Railway line on Taraval street; from the Municipal Railway tracks at Forty-sixth avenue and Taraval street, southerly to a terminal near Wawona street and Forty-seventh avenue; from the Municipal Railway tracks at Thirtieth and Church streets, southwesterly through the Bernal Cut, into the Excelsior District, at or near Excelsior street; thence southerly through the Excelior District to a terminal at Geneva avenue; from Seventeenth street and Market street in a southwesterly direction to, at or near Eureka street and Market street; thence in a southerly direction on and over Eureka street or other most feasible route to Twenty-third street, at or near Eureka street; thence in an easterly direction on and over Twenty-third street or other most feasible route to Diamond street; thence in a southerly direction on or over Diamond street or other most feasible route to Twenty-ninth street; an automobile bus service from the vicinity of Seventeenth street and Potrero avenue by the most feasible route to the vicinity of Twenty-third street and Wisconsin street.

"This notice is given in compliance with the Charter of the City and County of San Francisco and of Resolution No. 26943 (New Series), adopted March 7, 1927, and your attention is called to the said resolution for further particulars.

Dated: March 7, 1927.

J. S. DUNNIGAN,
Clerk.

3. The Clerk of said Board is hereby directed to cause a copy of the aforesaid notice to be mailed to the Market Street Railway Company, addressed to them at their place of business in San Francisco, California.

Ayes — Supervisors Badaracco, Byington, Colman, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—16.

Absent—Supervisors Bath, Deasy —2.

Garbage Incinerator Permit.

Resolution offering to lease garbage incinerator to highest bidder was *continued for one week and made a Special Order of Business for 4 p. m.*

Hetch Hetchy Power Line.

Supervisor Havenner presented his declaratory ordinance with reference to the Hetch Hecthy power transmission line from Newark to San Francisco. The ordinance has been amended to include a step-down station within or without the limits of San Francisco.

Ordered placed on the calendar for next Monday.

Spring Valley Water Company Purchase.

Supervisor Harrelson, who some time ago introduced an ordinance to provide for the purchase of the Spring Valley Water Company, withdrew the ordinance from committee.

He stated that it has been redrafted by the City Attorney and now is approved by him as to form.

Whereupon, the ordinance was *ordered laid over one week and made a Special Order of Business at next meeting after* 11 *a. m. orders are disposed of.*

Gas Rate Litigation.

The following matter heretofore presented by Supervisor McSheehy and laid over one week was taken up and *adopted*:

Resolution No. 26935 (New Series), as follows:

Whereas, ther are pending in the United States District Court for the Northern District of California four suits numbered 27, 32, 97 and 190 on the equity file of said court, in all of which suits the Pacific Gas and Electric Company is plaintiff and the City and County of San Francisco and its officers are defendants; and

Whereas, said suits involve judicial determination of the validity under the United States Constitution of ordinances numbered 2349, 2348, 2814 and 3338 (all New Series) of the City and County of San Francisco, prescribing and fixing respectively rates to be charged by public service corporations in San Francisco for electricity during the fiscal year 1913-14, and for gas during the fiscal years 1913-14, 1914-15 and 1915-16; and

Whereas, the decrees previously rendered by the District Court in the City's favor in said suits numbered 27, 97 and 190 involving gas rates have been reversed on appeal by the Supreme Court of the United States and the suits sent back for retrial; and in case No. 32, involving electric rates, the report of the Master in Chancery recommends issuance of an injunction prohibiting the enforcement of said rates; and

Whereas, the City Attorney has transmitted to the Board of Supervisors a written communication from the Pacific Gas and Electric Company, dated December 16, 1925, offering to compromise and settle all of said suits upon certain terms therein set forth; and

Whereas, both former City Attorney George Lull, who was in office pending the trial and appeal of the foregoing litigation, and the present City Attorney, John J. O'Toole, have recommended in writing that this Board authorize and direct the settlement of said suits upon the terms set forth in said communication from the Pacific Gas and Electric Company dated December 16, 1925; and

Whereas, after a careful examination and consideration of all the facts relating to said suits and the controversies therein involved which have been submitted, the Board of Supervisors believes, in view of the large number of consumers who are interested in the outcome of said suits, of the considerable time which must elapse and the large expense to the taxpayers that must be incurred before the suits could again be tried and a final decision had, of the doubt that the City Attorney expresses as to the eventual outcome of the litigation by reason of the opinion of the United States Supreme Court rendered in the reversal of previous decrees in the City's favor, and in view of the relatively small amounts payable to individual consumers under any outcome of the suits, that the best interests of the City and the ratepayers will be conserved by a compromise along the lines recommended by the City Attorney; now, therefore, be it

Resolved, That the City Attorney be and he is hereby authorized and directed to settle and compromise the gas rate litigation hereinbefore referred to, upon the terms and conditions set forth in the offer of compromise contained in the communication from the Pacific Gas and Electric Company dated December 16, 1925, and as modified by the further offer to extend the interest bearing period on said amounts to be refunded to July 6, 1921. And that said City Attorney be and he is hereby authorized and directed to enter into stipulations with counsel for the Pacific Gas and Electric Company for the entry of decrees in said four actions above mentioned, which shall finally settle and dispose of the same upon the terms and conditions set forth in said communication from said Pacific Gas and Electric Company dated December 16, 1925, and modified as aforesaid, and further that said City Attorney be and he is hereby directed to take all steps necessary to the end that said decrees when entered by the court,

are conditioned so as to protect the interests of the City and the ratepayers in the premises, and that they are executed accordingly.

Excess Rates to Escheat to State.

The following resolution was presented by Supervisor McSheehy and *adopted*:

Resolution No. 26944 (New Series), as follows:

Whereas, in the past various public service corporations serving the people of the City and County of San Francisco and other communities within the State of California, have been dissatisfied with the rates fixed by the Railroad Commission and other rate-fixing bodies relative to the price which said public service corporations should receive for the commodity which they were furnishing or the service which they were rendering to the people of the State of California, and have made application to the courts, both State and Federal, to enjoin the collection of said rates so fixed upon the ground that the same were confiscatory; and

Whereas, in many cases said rate-fixing bodies have been restrained from collecting the rate fixed by them for the commodities furnished or services rendered by said public service corporations, and said public service corporations have, while said restraining order has remained in force, collected a higher and greater rate than that fixed by said rate-fixing body for said commodity or for said service; and

Whereas, said public service corporations, while said restraining orders are in effect, collect a large amount of money over and above the rates fixed by said rate-making body for the commodity furnished or service rendered by said public service corporation; and

Whereas, when said litigation relative to said rates has been concluded, and if the courts do not fully sustain the contention of said public service corporation relative to the merits of said litigation, a large amount of the moneys collected over and above the rate fixed by said rate-making body are never returned to the rate-payers, for the reason that either said rate-payers make no application for said refund or their whereabouts cannot be ascertained, which said sums that are uncalled for by said rate-payers are retained by said public service corporations, and that by reason of this practice said public service corporations have been obtaining a large amount of money to which they are no tentitled; now, therefore, be it

Resolved, That it is the sense of this Board of Supervisors that suitable legislation should be adopted by the Legislature of the State of California, which would provide that every public service corporation collecting any rates over and above the rates allowed and fixed by the Railroad Commission of the State of California, or other rate-fixing body, shall each year make a report of the amount of said excess rates so collected, together with the amount of the refunds of said excess rates made to the payers thereof, which said report shall be filed with the State Board of Control of the State of California, and that said legislation should further provide that any and all amounts of said excess rates not refunded to the rate-payers within a period of five years after the conclusion of the litigation affecting the same, should escheat to the State of California; and be it

Further Resolved, That the Legislative Committee of this Board of Supervisors be and they are hereby directed to present this matter to the Legislature of the State of California, to the end that suitable legislation may be adopted as hereinbefore set forth.

Ayes—Supervisors Byington, Colman, Havenner, Hayden, Kent, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd—11.

BRIDGE MATTERS—2 P. M.

Supervisor McSheehy presented:

Resolution No. 26945 (New Series), as follows:

Whereas, Senate Bill No. 650, introduced by Senator Lyon, if passed, would remove all discretionary powers of this Board of Supervisors and every other board of supervisors in granting franchises for private toll bridge projects; and

Whereas, this would be accomplished by the provision that, if a bridge project merely complies with the various State and Federal laws and regulations, the supervisors of the county on the left-bank "shall grant the application by an order entered in its minutes and particu-

larly describing the bridge"; and

Whereas, under this provision, this Board would be mandated immediately to grant bay bridge franchises for apparently five surface bridges and two subsurface tube projects which claim to comply with existing Federal regulations; thereby creating unbearable financial confusion, engendering litigation, removing all prospect that the existing War Department restrictions would ever be modified, and making it impossible for this Board to select a bridge location properly based upon the advice of consulting engineers; therefore, be it

Resolved, That this Board hereby shall proceed to do its utmost to bring about the defeat of Senate Bill No. 650 and be it

Further Resolved, That to this end this Board's Legislative Committee is hereby instructed to make this a main object of its work at Sacramento; that the delegates of this Board to the State Supervisors' Convention are hereby instructed to seek similar action on the part of that body, and that copies of this resolution shall be sent to the Governor, the presidents of the Senate and the Assembly, the committees of the Senate and Assembly having this matter in hand and the individual members of the Senate and Assembly.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—17.

Absent—Supervisor Bath—1.

Action Deferred.

Supervisor Shannon moved, and it was carried, that the following resolutions and motions be continued one week:

Presented by Supervisor McSheehy:

Whereas, there are now pending before the Board of Supervisors various applications for franchises to construct and operate toll bridges over and across the Bay of San Francisco, between the City and County of San Francisco and the County of Alameda; and

Whereas, Section 4 of the Act of 1881 provides "That whenever the Supervisors of any county or counties desire to erect a bridge on any public highway, or to grant the privilege so to do, to any individual or corporation, across a navigable stream, said board or boards shall notify the State Engineer of such purpose, and of the precise point where said bridge is to be located;" and

Whereas, a proper site for a bridge is one the San Francisco terminal of which will be within easy access of the business district of the City, and at the same time sufficiently removed from the main arteries of the City not to unduly congest the same, and the Alameda terminus of which will be easily accessible to traffic of all kinds, especially suburban railway traffic from all parts of the County of Alameda; and

Whereas, the area from and including Rincon Hill on the north, and to and including Sixteenth street on the south, in the City and County of San Francisco, and the area from and including Seventh, Bay, Eighth and Pine streets in the City of Oakland on the north, and to and including Pacific avenue in Alameda on the south, is a district well adapted to and possessing the necessary facilities and conditions for the terminals of a transbay bridge; and

Whereas, in order to meet the requirements of the shipping interest both in San Francisco and Oakland, and to the end that bay navigation shall be interfered with as little as possible, a high level bridge, the structure of which shall have a clearance of at least one hundred and thirty-five feet above the waters of the Bay, is best suited for said transbay bridge; and

Whereas, the City of San Francisco is by its charter committed to public ownership and operation of all public utilities, and that the City of San Francisco should itself construct, own and operate said bridge, if it is possible to do so; now, therefore, be it

Resolved, That the area from and including Rincon Hill on the north and to and including Sixteenth street on the south, in the City and County of San Francisco, and the area from and including the blocks bounded by Seventh, Bay, Eighth and Pine streets in the City of Oakland on the north, and to and including Pacific avenue in Alameda on the south, be and the same is hereby declared to be the area that is best suited for the respective terminals of a transbay bridge between the City and County of San Francisco and the County of Alameda, and that a high level bridge, the structure of which will have a clearance of at least one hundred and thirty-five feet above the navigable waters of the Bay and adequate length of span will least

interfere with bay navigation and with the shipping interests thereon, and is hereby recommended as the type of bridge to be selected.

February 10, 1927—*Vote on adoption—lost.*

And be it Further Resolved, That a ruling of the War Department of the United States be forthwith sought as to whether a bridge may be constructed of the type, and with terminals located in the districts above set forth, and for that purpose a committee composed of two members of this Board to be selected by the chairman of its Finance Committee, and the City Engineer and the City Attorney, or his representative, forthwith proceed to Washington for the purpose of urging the War Department to grant permission for the construction and maintenance of a high level bridge, adequate in height and in length of span, between terminals in the aforesaid area. And be it

Further Resolved, That the City of San Francisco is and by its Charter committed to public ownership and operation of all public utilities, and that it should itself construct, own and operate said bridge, if it is possible to do so; and be it

Further Resolved, That pending advice and information from the War Department, that the hearing on all pending applications for franchises for transbay bridges be continued from time to time, to the end that this Board will not lose jurisdiction to pass upon them.

To remain on Calendar.

Supervisor Havenner presented:

"Resolved, That the Board of Supervisors of the City and County of San Francisco proceed forthwith to take the necessary legal steps, in accordance with the advice of the City Attorney, to form a bridge district under the State Bridge and Highway District Law, consisting of San Francisco and Alameda Counties, for the purpose of financing, constructing and operating a bridge across San Francisco Bay under public ownership."

Supervisor Roncovieri presented:

"Whereas, financial problems connected with the building of a bridge across the Bay are various and extremely involved, and absolutely fundamental in arriving at a favorable decision of policy as between a bridge built by public funds, or one to be built by private capital; therefore, be it

"Resolved, That the Bridge Committee of this Board be requested and empowered to employ expert financial accountants and actuaries who shall prepare from the records of this Board and other data a complete set-up of figures tabulating in parallel form the more profitable policy to be adopted."

February 8, 1927—*Remain on Calendar until site is selected.*

February 28, 1927—*Over one week.*

Supervisor Shannon presented:

"Whereas, there are pending before the Board of Supervisors of the City and County of San Francisco various applications for franchises to construct and operate toll bridges over and across the Bay of San Francisco from various points in the City and County of San Francisco to various points in the County of Alameda; and

"Whereas, no application has been made to construct or operate a bridge from Mission Rock in the City and County of San Francisco to any point in the County of Alameda; and

"Whereas, it appears to the Board of Supervisors that a toll bridge over and across the Bay of San Francisco from Mission Rock to some suitable point in the County of Alameda will best serve the people of San Francisco and that Mission Rock is the most feasible and logical starting point for a transbay bridge between San Francisco and Alameda; and now, therefore, be it

"Resolved, That the Board of Supervisors does hereby select Mission Rock as the best and most feasible starting point for a transbay bridge between San Francisco and the County of Alameda and does hereby designate said site as the point in San Francisco from which the first transbay bridge shall be constructed; and be it further

"Resolved, That all persons, firms and corporations who have heretofore made application for a franchise to construct and operate transbay toll bridges between San Francisco and Alameda County, as well as all other persons interested, be invited to present to this Board of Supervisors applications, plans and specifications for a franchise for a transbay toll bridge from Mission Rock in the City and County of San Francisco to some point in the County of Alameda."

February 8, 1927—*To remain on Calendar.*

February 28, 1927—*Over one week.*

Supervisor Shannon presented:

"Whereas, A. McLean Hawks, bridge and mining engineer, has

called the attention of this Board to the advantages of Mission Rock as the location for the main bridge pier or bridge-head of the San Francisco Bay Bridge, and without thought of remuneration or reward has suggested that this location be considered by this City for its public bridge location; and

"Whereas, Mission Rock, in this engineer's judgment, has unequaled advantages as regards stability of the bridge, maximum length and height of channel spans, comparative shallowness of water to the east, economy of cost, absence of obstruction to shipping, facility to automobile traffic within San Francisco and passing through San Francisco; and the handling of interurban and trans-continental trains; and

"Whereas, the Bay bridge plan originally proposed by Hawks, later duplicated by Gustave Lindenthal and embodied in the McSheehy resolution, opens the way for the selection by this Board of a site that shall be the best site, irrespective of whether or not it has been previously proposed by private parties; and

"Whereas, the Mission Rock site has not been proposed by any private group seeking a franchise, but remains open for selection by this Board as the City's site if its apparent advantages be borne out by careful study; therefore, be it

"Resolved, That the City Attorney be and he is hereby instructed to file immediate condemnation proceedings against property known as Mission Rock, in order to protect the City at this time against any private proposal which may seek hereafter to utilize this site; and be it

"Further Resolved, That the Special Bridge Committee of this Board be and it is hereby instructed to give careful study to this location as the possible choice of the City and County of San Francisco."

To remain on Calendar.

Motions.

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times.

(Referring to motion set out in full above.)

The Chairman: Any Objection? So ordered.

SPECIAL ORDERS—2 P. M.

Order of Proposed Bond Issues.

Supervisor McSheehy presented:

The following order for the pending bond elections is recommended by the undersigned members of the Board of Supervisors:

1. The bond election for the purchase of the Spring Valley Water Company to take precedence over every other proposal, as its size and importance deserve. The Spring Valley bond election should be held at the earliest possible date, preferably early in May, and no other proposition of any kind should be put upon the ballot for that date.

2. Other bond proposals and propositions, including the War Memorial, Municipal Railway Extension, Bernal Cut and any other necessary bonding projects and referendum proposals should be submitted to the voters jointly at a second election, to be held two weeks after the Spring Valley Water bond election.

3. Bonds for the completion of the Hetch Hetchy transmission system should be submitted later in the year.

Underlying this recommendation is our firm belief that no other improvement now contemplated by the City exceeds or approaches the Spring Valley purchase in importance. This rightly comes first of all projects for the upbuilding of San Francisco and the advancement of successful public ownership. With the passage of Charter Amendment No. 29, exempting water bonds from the bonding limit, the last financial obstacle was removed. Delay will only result in other obstacles being raised. The time for successful action on this long-pending and important issue is now. The tax rate will not be affected as the water system is self-supporting.

The price of Spring Valley today, $38,000,000, is the best price that will ever be obtained by the City. Profits now being earned by this water corporation exceed $2,000,000 a year. These profits, if received by the public treasury, would enable new mains and extensions to be laid all through the City at a rapid rate, without burdening the taxpayer. We call attention to the fact that the Spring Valley corporation at this time has pending before the Railroad Commission an application to expend $2,000,000 in needed extensions. If this be granted, the said $2,000,000 will immediately be added to the purchase price, and the people will buy them

back at interest in the end. It is better to buy now and make the extensions out of what otherwise would be private profits.

Delay in this matter can only have the following effects: To increase the purchase price by $2,000,000 immediately and additionally year by year; to hamper and delay extensions into outlying districts and replacement of mains throughout the City; to lose to the public the profits now being earned by private owners; to postpone the time when water rates can be reduced; and, in time, to forfeit the valuable option which the City holds upon these properties. These costly results can be avoided by buying these properties immediately under the option which now exists.

In eighteen months' time the voters will have the opportunity to establish a Public Utilities Commission to operate this and other publicly-owned utilities. While such a commission should be established as soon as possible, this cannot be an argument for delay in the purchase of Spring Valley; for the actual operation of a going water system is not a complicated task, and its problems are well understood by the City Engineer.

Accordingly we urge this Board to schedule the Spring Valley bond election alone for a date as early as possible in May, and the other bonding and referendum propositions for a joint election on a date two weeks thereafter.

(Signed)

JAS. B. McSHEEHY.
FRANCK R. HAVENNER.
MILO F. KENT.
J. B. BADARACCO.

Motion.

Supervisor Harrelson moved that the foregoing be considered concurrently with his ordinance on purchase of Spring Valley Water Company.

Supervisor Todd, who appeared at the meeting later in the day, declared that he wanted it noted in the record that if he were here he would have vote in favor of the declaratory ordinances for the proposed bond issues.

SPECIAL ORDER—2 P. M.

Hearing of Appeal, Douglass Street.

Appeal of property owners from the assessment issued for the improvement of Douglass street from the southerly line of Twenty-fifth street to the southerly line of Twenty-sixth street, including the easterly and the westerly intersections of Clipper street with Douglass street, and the crossing of Twenty-sixth street and Douglass street; and the improvement of Twenty-sixth street between Diamond and Douglass streets, by grading to official line and grade; by the construction of concrete curbs; by the construction of artificial stone sidewalks of the full official width on the angular corners thereof; by the construction of the necessary catch-basins with accompanying 10-inch ironstone pipe culverts; by the construction of 8-inch and 15-inch ironstone pipe sewers with accompanying Y branches on the 15-inch sewer, and the necessary manholes as may be required; by the construction of a concrete pavement on Douglass street from the southerly line of Twenty-fifth street to a line at right angles with the easterly line of Douglass street at its intersection with the northerly line of Clipper street; by the construction of a concrete pavement on Twenty-sixth street from the westerly line of Diamond street to a line parallel with and 280 feet westerly therefrom, and by the construction of an asphaltic concrete pavement on the remainder of the roadways thereof.

Motion.

Supervisor Schmidt moved that the appeal be sustained and that the Board of Public Works prepare a new assessment.

Supervisor Todd, seconded by Supervisor Powers, moved as an amendment that an adjustment of 25 per cent in favor of the property owners be made.

Action Deferred.

Whereupon, the foregoing matter was, on motion, *laid over two weeks and Clerk instructed to have City Engineer check over each parcel of property.*

SPECIAL ORDER—4 P. M.

Sale of Permit to Operate Garbage Incinerator.

The following matter. laid over from last meeting, was taken up:

Resolution No. ——— (New Series), as follows:

Whereas, the garbage incinerator located at Eighth and De Haro streets and owned by the City and County of San Francisco has been operated by the Scavengers Protective Union from November 14, 1918, to date, on a revocable day to day agreement, without said City and County deriving any revenue therefrom; and

Whereas, the City and County of San Francisco has had an investment of $400,000 in this incinerator and no revenues have been received, and reports show that during the last two and two-thirds months the Scavengers Protective Union has received $39,401.81, with an expenditure of $16,296.81, showing a profit of $23,105; and

Whereas, an offer has been made by the City Garbage Removal Company, Inc., to take over the operation of said incienrator and pay the City and County a daily rental of $137 for this privilege, said daily rental being based on an annual rental of $50,000; and

Whereas, the Finance and Health Committees of the Board of Supervisors, sitting in joint session Thursday, January 27, 1927, by unanimous consent, recommends to said Board of Supervisors that pending definite arrangements, etc., for the disposal of garbage by other means, for which plans are under way, it is deemed reasonable that the City and County of San Francisco should receive whatever revenue it is possible to secure from the operation of the said incinerator until such time as it is abandoned; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco will give a revocable, day to day permit to occupy the above mentioned incinerator and to dispose of the garbage of the City therein, to the person, firm or corporation offering the highest bid for said privilege, at the open ses-

sion of said Board to be held on Monday, March 28, 1927, commencing at 10 o'clock a. m. The person, firm or corporation to whom said privilege is granted must within three days after the granting of same enter into a written contract with the City and County to carry out the terms of said permit, and file with this Board a bond in the sum of $10,000 for the faithful performance of said contract.

Motion to Postpone Lost.

Supervisor Shannon moved that the foregoing resolution be laid over and made a Special Order of Business for 3 p. m. next Monday, and that a further report on the matter be obtained from the City Engineer in the meantime.

Ayes—Supervisor Hayden, Shannon—2.

Noes—Supervisors Gallagher, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd—10.

Absent — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Harrelson—6.

Motion.

Supervisor Schmidt moved that it be provided that the successful bidder shall not charge more than one dollar per ton for the disposal of garbage.

Motion *carried.*

Supervisor Roncovieri moved that it also be provided that there be no increased charge to the property owner.

Supervisor Gallagher stated that rates charged to householders are fixed by ordinance.

Whereupon, on motion duly made and carried, the Clerk was authorized and directed to advertise for bids pursuant to the foregoing resolution, amended and *adopted* as follows:

Resolution No. 26979 (New Series), as follows:

Whereas, the garbage incinerator located at Eighth and De Haro streets and owned by the City and County of San Francisco has been operated by the Scavengers' Protective Union from November 14, 1918, to date, on a revocable day to day agreement, without said City and County deriving any revenue therefrom; and

Whereas, the City and County of San Francisco has had an investment of $400,000 in this incinerator and no revenues have been received and reports show that during the last two and two-thirds months the Scavengers' Protective Union have received $39,401.81, with an expenditure of $23,105.10, showing a profit of $16,296.81; and

Whereas, an offer has been made by the City Garbage Removal Company, Inc., to take over the operation of said incinerator and pay the City and County a daily rental of $137 for this privilege, the daily rental being based on an annual rental of $50,000; and

Whereas, the Finance and Health Committees of the Board of Supervisors, sitting in joint session, Thursday, January 27, 1927, by unanimous consent, recommends to said Board of Supervisors that pending definite arrangements, etc., for the disposal of garbage by other means, for which plans are under way, it is deemed reasonable that the City and County of San Francisco should receive whatever revenue it is possible to secure from the operation of the said incinerator until such time as it is abandoned; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco will give a revocable, day to day permit to occupy the above mentioned incinerator and to dispose of the garbage of the City therein, to the person, firm or corporation offering the highest bid for said privilege, at the open session of said Board, to be held on Monday, March 28, 1927, commencing at ten o'clock a. m. The person, firm or corporation to whom said privilege is granted must within three days after the granting of same enter into a written contract with the City and County to carry out the terms of said permit, and file with this Board a bond in the sum of $10,000 for the faithful performance of said contract.

Ayes—Supervisors Gallagher, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—11.

No—Supervisor Hayden—1.

Absent — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Harrelson—6.

Balboa Street Extension, Municipal Railways.

A large delegation from the Park-Presidio District appeared and voiced their protests against locating the line into the Park-Presidio District on Cabrillo street. They were very emphatic in their request that it be located on Balboa street.

Supervisor Marks moved the privilege of the floor to those who wished to address the Board on the proposed Balboa street extension of the Municipal Railways.

Those who spoke on behalf of Balboa street were R. H. Norton for the Geary Street Merchants' Association; Sol Peiser, president of the Park-Presidio Improvement Association; Mr. Drew and Col. P. T. Robinson, president of the Point Lobos Improvement Club.

Chief Engineer O'Shaughnessy said that the route into the Park-Presidio District has not definitely been determined as yet. That Balboa street is his first choice and if the property owners will meet the City fairly, the line will probably be built on Balboa street.

The present grade on Balboa street between Twenty-second and Twenty-fourth avenues is too steep for a car line, but it is possible a bridge could be constructed or some grading done that would overcome that difficulty. The cost of a line on Balboa or Cabrillo would be approximately the same. A Cabrillo street line would probably bring in more money but Balboa would give more service.

When the representatives of the Park-Presidio District were assured that the declaratory ordinance does not select a definite route and that they would have an opportunity to be heard before it is selected, they no longer protested against the final passage of the ordinance at this time.

The suggestion was made by Mr. Drew that it would provide a splendid outlet for the Park-Presidio District to extend the line on Turk street east of Masonic avenue and on down to the ferry.

Chief Engineer O'Shaughnessy called his attention to the fact that the Market Street Railway Company has a line on Turk street and would not permit such an extension. Mr. Drew then contended that inasmuch as the franchise for the Turk street line called for a double track and the company only built a single track, they had forfeited that franchise.

On the suggestion of Supervisor Shannon the Turk street extension was not included in the declaratory ordinance because even though it might be true that the Turk street franchise has been forfeited, it would invoke a lot of litigation and he thought the present bond issue should be absolutely free from any difficulties of that kind.

The declaratory ordinance was finally passed without any changes.

On motion of Supervisor Todd, the Clerk was instructed to ask the City Attorney to render an opinion to the Board "as to the legality of the franchise of the Market Street Railway on Turk street."

Supervisor Kent presented:

Resolution No. ——— (New Series), as follows:

Resolved, That the City and County of San Francisco accept the offer of Boeing Air Transport, Inc., a corporation, duly organized and existing under and by virtue of the laws of the State of Washington, for approximately 9000 square feet of floor space in hangar No. 1, to be constructed by the City and County of San Francisco at its airport near Millbrae, in San Mateo County, together with a reasonable amount of office space in the proposed administration building to be erected at said airport by the City and County, that the rental for said floor space and office space shall be seventy-five ($75) dollars per month, and the term of said lease shall be for a period of two years, with an option of two additional years at the same rental provided the City renews its present lease with the owners of the property on which said airport is maintained. That the lessee shall abide by all regulations which may be enacted by the City and County relative to the use of said airport, and shall pay for all light and water used in said hangar or adjacent thereto, with the exception of field or flood lights; and said lessee shall hold the City free and harmless from any and all claims for damage occasioned by any act of the lessee; and that the first and last months' rental due under said lease shall be payable in advance at the time of the execution of said lease; it being understood that the lessee shall have exclusive possession of said 9000 feet of floor space; and be it

Further Resolved, That the City Attorney be and he is hereby directed to prepare a lease with said Boeing Air Transport, Inc., in con-

formity with the terms of this resolution.

Declaratory Ordinance, Sunset Boulevard.

Supervisor Marks presented:

Bill No. ——, Ordinance No. —— (New Series), as follows:

Determining and declaring that the public interest and necessity demand the construction and completion of a permanent improvement, to-wit: Provide an improved route for public highway purposes in the City and County of San Francisco, from, at or near the intersections of Nineteenth, Twentieth and Twenty-first avenues with Lincoln way, to run in a general southwesterly direction to connect with the Great Highway at or near the intersections of Santiago street, Taraval street and the Great Highway, or the most feasible route, to be known as the Sunset boulevard, and to make all necessary cuts or excavations, and the acquisition and purchase of all necesary buildings, lands or rights of way over such route, including approaches, pavements, curbs, sidewalks, sewers, drainage facilities and the readjustment of intersecting and adjacent streets.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby determined and specifically declared that the public interest and necessity demand the construction and completion of a permanent improvement, to-wit: Provide an improved route for public highway purposes in the City and County of San Francisco, from, at or near the intersection of Nineteenth, Twentieth and Twenty-first avenues with Lincoln way, to run in a general southwesterly direction to connect with the Great Highway at or near the intersections of Santiago street, Taraval street and the Great Highway, or the most feasible route, to be known as the Sunset boulevard, and to make all necessary cuts or excavations, and the acquisition and purchase of all necessary buildings, lands or rights of way over such route, including approaches, pavements, curbs, sidewalks, sewers, drainage facilities and the readjustment of intersecting and adjacent streets. The boulevard herein described shall be constructed in accordance with plans hereinafter to be adopted and is to begin and end at or near the termini herein described.

Section 2. The Board of Public Works is hereby directed to procure through the City Engineer and to file with the Board of Supervisors general plans and estimates of costs of the original construction and completion of said boulevard and appurtenances as herein described.

Section 3. This ordinance shall be published in the official newspaper for two weeks after its approval and shall take effect immediately.

Referred to Streets Committee.

Declaratory Ordinance, Hall of Justice Extension.

Supervisor Roncovieri presented:

Bill No. ——, Ordinance No. —— (New Series), as follows:

Determining and declaring that public interest and necessity demand the acquisition, construction and equipment of permanent public buildings on the block bounded by Kearny, Clay, Montgomery and Merchant streets, to be annexed to the Hall of Justice, to be used for public offices and other municipal purposes, and directing the Board of Public Works to procure, through the City Engineer and to place on file with the Board of Supervisors, plans and estimates of the cost thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby determined and specifically declared that the public interest and necessity demand the acquisition and construction, completion and equipment of permanent public buildings on the block bounded by Kearny, Clay, Montgomery and Merchant streets, to be annexed to the Hall of Justice, to be used for public offices and other municipal purposes, and the purchase of all equipment and furnishings necessary for said buildings.

Section 2. The Board of Public Works is hereby directed to procure, through the City Engineer and file with the Board of Supervisors, plans and estimates of cost of the original construction, completion and equipment of the public

buildings described in Section 1 of this ordinance.

Section 3. This ordinance shall be published for two weeks in the official newspaper and shall take effect immediately.

Referred to Public Buildings Committee.

City to Purchase Uniform Cloth for Police and Fire Departments at Wholesale.

Supervisor Gallagher presented: Resolution No. ——— (New Series), as follows:

Resolved, That the Superintendent of Supplies is requested to ascertain if it is possible for the City of San Francisco to purchase (in wholesale or carload lots), uniform cloth and other personal equipment for police officers, firemen, municipal motormen and conductors, to be by the Supplies Department retailed to them at the lowest possible cost; be it

Further Resolved, That the Supplies Committee is requested, if said Superintendent's report is favorable, to recommend measures by which the above policy may be put into effect.

Referred to Supplies Committee.

BRIDGE MATTERS.

Communications.

The following matters were presented and read by the Clerk:

War Department, Washington.
March 5, 1927.

The Board of Supervisors, San Francisco County, San Francisco, California.

Gentlemen:

With reference to the pending application for a modification in the War Department policy in regard to bridges across San Francisco Bay I am pleased to forward herewith for your information copies of recent correspondence on the subject between the Department and Honorable Albert E. Carter, Representative in Congress.

Sincerely yours,
DWIGHT F. DAVIS,
Secretary of War.

Congress of the United States,
House of Representatives,
Washington, D. C.
February 10. 1927.

Major General Edgar Jadwin, U. S. A., Chief of Engineers, War Department.

My dear General Jadwin:

The Supervisors of Alameda County and other interested parties in my Congressional District desire to have a ruling made on the application presented by certain interests in San Francisco asking for a modification of the bridge policy of the War Department on San Francisco Bay.

It is believed by them, and I share in their views that this ruling will serve to quiet a great deal of unnecessary agitation on both sides of San Francisco Bay. My constituents believe that the best interests of navigation and commerce will be served by having the former announced policy of not having any bridges north of Hunter's Point affirmed by your Department.

I respectfully request, therefore, a ruling on this matter at as early a date as possible.

Very sincerely yours,
(Sgd.)
ALBERT E. CARTER.

War Department, Washington.
February 21, 1927.

Honorable Albert E. Carter, House of Representatives, Washington, D. C.

Dear Mr. Carter:

Reference is made to your letter of the 10th instant, addressed to the Chief of Engineers, requesting, in behalf of the Supervisors of Alameda County and other interested parties, action on the pending application for a modification of the policy announced by the War Department in 1921, in regard to bridges across San Francisco Bay.

In reply I beg to advise you that for six months the Department has been holding in abeyance action on the application at the request of the San Francisco Board of Supervisors and other local interests to afford an opportunity for the presentation of additional supporting data. However, it may be stated that after careful consideration of all the facts brought out at the public hearing and those that have been presented so far since the hearing, the Department is still unconvinced that it would be justified in changing the existing policy.

Sincerely yours,
DWIGHT F. DAVIS,
Secretary of War.

Application Referred.

The applications of Frank Eldridge Webb to construct a bridge from Hunter's Point to Bay Farm Island and H. S. Herrion to construct a bridge from Berry and Second streets, in San Francisco, to Eighth and Peralta, in Alameda, were *referred to the Public Utilities Committee.*

Report of Law and Legislative Committee.

Supervisor Marks filed with the Clerk copies of more than twenty bills which have been introduced

into the Legislature relating to bridge matters.

On motion of Supervisor Marks, the Clerk was instructed to forward the bills to the City Attorney's office with the request that he prepare an abstract of them for the Board.

Relative to Appointment of Engineers to Select Bridge Site.

In reference to the three eminent engineers to be selected by the Board of Public Works, Mr. Reardon, President of the Board of Public Works, said telegrams had been sent to each person whose name appears on the list submitted by the universities, asking them if they would serve on the committee if appointed, and upon what terms. That upon receipt of replies, a full report would be made to the Board.

Time Extended.

Supervisor Shannon moved that the time be extended for the selection of bridge engineers until 2 p. m next Monday.

So ordered.

Action Deferred.

Thereupon, the following resolutions and motions were taken up and, on motion, consideration thereof *continued one week, to-wit*:

Presented by Supervisor McSheehy:

Whereas, there are now pending before the Board of Supervisors various applications for franchises to construct and operate toll bridges over and across the Bay of San Francisco, between the City and County of San Francisco and the County of Alameda; and

Whereas, Section 4 of the Act of 1881 provides "That whenever the Supervisors of any county or counties desire to erect a bridge on any public highway, or to grant the privilege so to do, to any individual or corporation, across a navigable stream, said board or boards shall notify the State Engineer of such purpose, and of the precise point where said bridge is to be located,"; and

Whereas, a proper site for a bridge is one the San Francisco terminal of which will be within easy access of the business district of the City, and at the same time sufficiently removed from the main arteries of the City not to unduly congest the same, and the Alameda terminus of which will be easily accessible to traffic of all kinds, especially suburban railway traffic from all parts of the County of Alameda; and

Whereas, the area from and including Rincon Hill on the north, and to and including Sixteenth street on the south, in the City and County of San Francisco, and the area from and including Seventh, Bay, Eighth and Pine streets in the City of Oakland on the north, and to and including Pacific avenue in Alameda on the south, is a district well adapted to and possessing the necessary facilities and conditions for the terminals of a transbay bridge; and

Whereas, in order to meet the requirements of the shipping interests both in San Francisco and Oakland, and to the end that bay navigation shall be interfered with as little as possible, a high level bridge, the structure of which shall have a clearance of at least one hundred and thirty-five feet above the waters of the Bay, is best suited for said transbay bridge; and

Whereas, the City of San Francisco is by its charter committed to public ownership and operation of all public utilities, and that the City of San Francisco should itself construct, own and operate said bridge, if it is possible to do so; now, therefore, be it

Resolved, That the area from and including Rincon Hill on the north and to and including Sixteenth street on the south, in the City and County of San Francisco, and the area from and including the blocks bounded by Seventh, Bay, Eighth and Pine streets in the City of Oakland on the north, and to and including Pacific avenue in Alameda on the south, be and the same is hereby declared to be the area that is best suited for the respective terminals of a transbay bridge between the City and County of San Francisco and the County of Alameda, and that a high level bridge, the structure of which will have a clearance of at least one hundred and thirty-five feet above the navigable waters of the Bay and adequate length of span will least interfere with bay navigation and with the shipping interests thereon, and is hereby recommended as the type of bridge to be selected.

And be it Further Resolved, That a ruling of the War Department of the United States be forthwith sought as to whether a bridge may be constructed of the type, and with terminals located in the districts above set forth, and for that purpose a committee composed of two members of this Board to be selected by the Chairman of its Finance Committee, and the City Engineer and the City Attorney, or his representative, forthwith proceed to Washington for the purpose of urging the War Department to grant

permission for the construction and maintenance of a high level bridge, adequate in height and in length of span, between terminals in the aforesaid area. And be it

Further Resolved, That the City of San Francisco is and by its charter committed to public ownership and operation of all public utilities, and that it should itself construct, own and operate said bridge, if it is possible to do so; and be it

Further Resolver, That pending advice and information from the War Department, that the hearing on all pending applications for franchises for transbay bridges be continued from time to time, to the end that this Board will not lose jurisdiction to pass upon them.

Supervisor Havenner presented:

"Resolved, That the Board of Supervisors of the City and County of San Francisco proceed forthwith to take the necessary legal steps, in accordance with the advice of the City Attorney, to form a bridge district under the State Bridge and Highway District Law, consisting of San Francisco and Alameda Counties, for the purpose of financing, constructing and operating a bridge across San Francisco Bay under public ownership."

Supervisor Roncovieri presented:

"Whereas, financial problems connected with the building of a bridge across the Bay are various and extremely involved, and absolutely fundamental in arriving at a favorable decision of policy as between a bridge built by public funds, or one to be built by private capital; therefore, be it

"Resolved, That the Bridge Committee of this Board be requested and empowered to employ expert financial accountants and actuaries who shall prepare from the records of this Board and other data a complete set-up of figures tabulating in parallel form the more profitable policy to be adopted."

Supervisor Shannon presented:

"Whereas, there are pending before the Board of Supervisors of the City and County of San Francisco various applications for franchises to construct and operate toll bridges over and across the Bay of San Francisco from various points in the City and County of San Francisco to various points in the County of Alameda; and

"Whereas, it appears to the Board of Supervisors that a toll bridge over and across the Bay of San Francisco from Mission Rock to some suitable point in the County of Alameda will best serve the people of San Francisco and that Mission Rock is the most feasible and logical starting point for a transbay bridge between San Francisco and Alameda; and now therefore, be it

"Resolved, That the Board of Supervisors does hereby select Mission Rock as the best and most feasible starting point for a transbay bridge between San Francisco and the County of Alameda and does hereby designate said site as the point in San Francisco from which the first transbay bridge shall be constructed; and be it further

"Resolved, That all persons, firms and corporations who have heretofore made application for a franchise to construct and operate transbay toll bridges between San Francisco and Alameda County, as well as all other persons interested, be invited to present to this Board of Supervisors applications, plans and specifications for a franchise for a transbay toll bridge from Mission Rock in the City and County of San Francisco to some point in the County of Alameda."

Supervisor Shannon presented:

"Whereas, A. McLean Hawks, bridge and mining engineer, has called the attention of this Board to the advantages of Mission Rock as the location for the main bridge pier or bridge-head of the San Francisco Bay Bridge, and without thought of remuneration or reward has suggested that this location be considered by this City for its public bridge location; and

"Whereas, Mission Rock, in this engineer's judgment, has unequaled advantages as regards stability of the bridge, maximum length and height of channel spans, comparative shallowness of water to the east, economy of cost, absence of obstruction to shipping, facility to automobile traffic within San Francisco and passing through San Francisco; and the handling of interurban and trans-continental trains; and

"Whereas, the Bay bridge plan originally proposed by Hawks, later duplicated by Gustave Lindenthal and embodied in the McSheehy resolution, opens the way for the selection by this Board of a site that shall be the best site, irrespective of whether or not it has been previously proposed by private parties; and

"Whereas, the Mission Rock site has not been proposed by any private group seeking a franchise, but remains open for selection by this

Board as the City's site if its apparent advantages be borne out by careful study; therefore, be it

"Resolved, That the City Attorney be and he is hereby instructed to file immediate condemnation proceedings against property known as Mission Rock, in order to protect the City at this time against any private proposal which may seek hereafter to utilize this site; and be it

"Futher Resolved, That the Special Bridge Committee of this Board be and it is hereby instructed to give careful study to this location as the possible choice of the City and County of San Francisco."

Motions.

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

* * *

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times.

(Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

SPECIAL ORDERS—2 P. M.

Death of Dr. Chas. A. Clinton, Former Supervisor.

Supervisor Havenner presented:

Resolution No. 26981 (New Series), as follows:

Whereas, death has called Dr. Charles A. Clinton, a pioneer physician of San Francisco for a period of fifty years, who, during an active life in this community, has served this City as a member of the Board of Education, Board of Health and the Board of Supervisors during the best part of his career, and gave to the City conspicuous, faithful and honest service in such capacity; therefore, be it

Resolved, That this Board when it adjourns does so out of respect to the memory of Dr. Charles A. Clinton; and be it

Further Resolved, That the sympathy of the Board be extended to the relatives of the deceased in their sad bereavement.

Adopted unanimously by a rising vote.

John W. Rogers Delegated to Represent San Francisco at Sacramento.

Resolution No. 26980 (New Series), as follows:

Whereas, there are pending in the State Legislature at Sacramento many measures vitally affecting the interests of the City and County of San Francisco; and

Whereas, it is important and necessary that the Board of Supervisors have a representative permanently located at Sacramento to keep in touch with the progress of this legislation and to keep the Board advised from time to time as to the status of the measures that the Board may be favoring or opposing; therefore, be it

Resolved, That John W. Rogers, Chief Assistant Clerk of the Board, be and is hereby delegated to represent the Board of Supervisors at the Legislature during the balance of the session.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Gallagher, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—13.

Absent—Supervisors Bath, Byington, Colman, Deasy, Harrelson—5.

City to Contract for Production of Symphony of Beethoven.

Supervisor Havenner presented:

Resolution No. 26982 (New Series), as follows:

Resolved, That the City and County of San Francisco, a municipal corporation, enter into a contract with the Musical Association of San Francisco to perform and produce the Ninth Symphony of Beethoven on the evening of April 2, 1927, in the Exposition Auditorium, which said performance shall be given under the direction of Alfred Hertz, or, in his absence or disability, under the direction of Michel Penha or Dr. Hans Leschke, and that in consideration of said performance the said Musical Association of San Francisco is to be paid thirty-one hundred ($3,100) dollars for the services of the orchestra, conductor and all necessary musicians, including all rehearsals; and that after all other

expenses are paid and discharged the amount of the proceeds of said performance shall be divided equally between the said Musical Association of San Francisco and the City and County of San Francisco, and if there is any deficit arising out of said performance the said deficit shall be borne equally by the City and County of San Francisco, a munipical corporation, and the said Musical Association of San Francisco; and that the Auditorium Committee of the Board of Supervisors be and they are hereby given full power and authority to agree upon the price of admission to be charged for said performance and all other terms and conditions of said contract. Be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors be and they are hereby authorized, empowered and directed to execute said contract for and on behalf of the City and County of San Francisco.

Adopted by the following vote:

Referred to City Attorney.

Opinion of City Attorney, Turk Street Franchise.

The following was read and ordered *filed*:

March 21, 1927.

Honorable Board of Supervisors,
San Francisco, Cal.

Gentlemen:

At the meeting of your Board, held on Monday, March 14th, you requested from me certain information regarding existing railroad franchises on Turk street. The request for the information has not come to me in writing and I have only the statement of the Clerk of your Board as to what information was requested.

At the present time there are two franchises existing on Turk street; one was granted by Order No. 1524 on November 12, 1879, and provides for the construction of a single or a double track street railroad from the intersection of Taylor and Turk streets westerly to Fillmore street and thence continuing westerly to First avenue. This franchise was for fifty years and, therefore, will expire by limitation in 1929.

The road was constructed on Turk street only as far as Divisadero street, and from Divisadero street westerly to First avenue no construction has ever been attempted, and Mr. Bion J. Arnold in his report has noted the fact that the company has conceded the forfeiture of this franchise by obtaining a new one in 1892 covering Turk street from Fillmore street west to First avenue.

The franchise of 1892 provides for a single or double track line from the intersection of Turk and Fillmore streets westerly along Turk street to and across First avenue. This franchise was granted by Order No. 2541 on May 21, 1892, and therefore will not expire by limitation until May, 1942. The company never availed itself of the privilege of constructing its road from Divisadero street and undoubtedly would not now be permitted to do so.

As to what effect the failure of the company to construct the road west of Divisadero street to First avenue would have upon that portion of the road actually constructed under the franchise, it is difficult at this time to state. The City has undoubtedly acquiesced in this failure, and even if the matter should be referred to the Attorney-General for permission to bring an action on his relation to forfeit the franchise, I am of the opinion that the City's acquiescence in the failure to build the road according to the terms of the franchise would be considered a consent to the construction of the road as it now exists.

I understand that you also desire to be advised as to what effect the building of a single track road on Turk street rather than a double track will have upon the existing franchise.

On this point your attention is called to the case of Workman v. S. P. R. R. Co., 129 Cal. 539. The facts in this case were as follows: In the year 1872 the City of Los Angeles granted to the Southern Pacific Railroad Company a right of way over one of its streets with the permission to construct a single or double track railroad thereon. The company availed itself of the privilege of constructing only a single track road, and many years later proceeded to construct the additional track. Property owners brought an action to enjoin the construction and the Supreme Court held that so far as the company had the privilege of building a single or double track road that it did not forfeit the terms of the grant by constructing only a single track, and that it has the right, when necessity demanded, to construct the additional track.

Under these conditions I am of the opinion that there is no violation of the terms of the franchise in constructing only a single track road on Turk street, and that the failure to construct a double track line is not any cause for the forfeiture of the franchise.

Respectfully,
JOHN J. O'TOOLE,
City Attorney.

Mayor's Veto, Ocean Park Amusement Company, Deferred.

Consideration of the Mayor's veto of Resolution No. 26839 (New Series), granting Ocean Park Amusement Company permission to con-

duct an amusement park bounded by Wawona street, Forty-sixth and Forty-seventh avenues and Sloat boulevard was *continued for one week.*

Mayor's Veto, Spur Track Ordinance Amendment.

The following was presented, read and *laid over one week*:

March 18, 1927.

The Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen:

I return to you herewith, without my approval, Bill No. 7929, Ordinance No. 7443 (New Series), for the following reasons:

This ordinance is objectionable by failing to discriminate between those who are claimed to have abused the spur track privilege and those who have used spur tracks for no other purpose than the benefit of San Francisco, industrially.

This is contrary to all principles of justice.

If the Board of Supervisors has the legal power to revoke a spur track permit, that authority should be exercised only in the specific instances where the rights that have been conferred are being wrongly used. To adopt a general measure, putting a cloud on the many grants that have been made by the City, and on which grants large investments of capital have been made and utilized legitimately, for the development of the City, is not in keeping with good faith of the government.

I have always contended that the powers of the government should never be an instrument for the injury of any element of the community at the hands of any other element.

Should, at any time, it be shown to me that the grants of the City government were being used to oppress labor or any other class, none would go farther than myself in affording a remedy. But I cannot see any excuse whatever for placing San Francisco industrial enterprise under a cloud by a general ordinance, couched in the present terms.

This seems to be contrary to every theory of sound legislation.

There is another very obvious objection to this ordinance: We have had in the past corrupt Boards of Supervisors. Could anybody conceive a greater opportunity for blackmail and corruption than this ordinance offers to an uncrupulous Board to traffic in spur track privileges?

This ordinance, it is pretended, might be a protection to organized labor. Nothing could be more contrary. According to its words, if any person using a spur track should make a contract for the employment of organized labor only, a Board of Supervisors hostile to union labor could revoke the permit.

But regardless of whether this ordinance pretends to favor labor or capital, or is intended merely as a political gesture, its injury to the public is self-evident.

It seems unfortunate that after the prolonged struggle between a large part of organized labor and a large organization of capital, that wrought so much damage to the community, has ended and peace has been established, that the Board of Supervisors should thus endeavor to fan the cooling embers of the controversy.

The government of the City serves the whole community when it promotes industrial peace.

I return this ordinance to your Board without my approval on the ground that there is no benefit to labor or capital in this ordinance, and on the ground that it places San Francisco at a disadvantage in competition with every other city in America, and is thus an injury to the entire community, and on the broad ground that such a measure adopted at this time cannot serve any honest purpose and is mischievous in attempting to stir up industrial animosity where and when peace has been restored.

My investigation of this ordinance establishes to my satisfaction that a very small percentage of the holders of spur track permits in operation in San Francisco are subject to charges of discrimination. These permits are largely adjuncts to the great railroad transportation systems of the country and are employed in the distribution of all forms of merchandise and food products, thus entering into the economy of the life of our people.

One thing the government should always make clear—it will deal with an abuse separately from a use.

Respectfully,

JAMES ROLPH, JR.,
Mayor.

HEARINGS ON APPEAL.

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Lease of Hangar Space, Municipal Airport.

Resolution No. 26983 (New Series), as follows:

Resolved, That the City and County of San Francisco accept the offer of Boeing Air Transport, Inc., a corporation, duly organized and existing under and by virtue of the laws of the State of Washington, for approximately 9000 square feet of floor space in hangar No. 1, to be constructed by the City and County of San Francisco at its airport near Millbrae, in San Mateo County, together with a reasonable amount of office space in the proposed administration building to be erected at said airport by the City and County, that the rental for said floor space and office space shall be seventy-five ($75) dollars per month, and the term of said lease shall be for a period of two years, with an option of two additional years at the same rental provided the City renews its present lease with the owners of the property on which said airport is maintained. That the lessee shall abide by all regulations which may be enacted by the City and County relative to the use of said airport, and shall pay for all light and water used in said hangar or adjacent thereto, with the exception of field or flood lights; and said lessee shall hold the City free and harmless from any and all claims for damage occasioned by any act of the lessee; and that the first and last months' rental due under said lease shall be payable in advance at the time of the execution of said lease; it being understood that the lessee shall have exclusive possession of said 9000 feet of floor space; and be it

Further Resolved, That the City Attorney be and he is hereby directed to prepare a lease with said Boeing Air Transport, Inc., in conformity with the terms of this resolution.

Naming Carl Larsen Park and Playground.

Supervisor McSheehy presented: Resolution No. 27004 (New Series), as follows:

Whereas, Carl Larsen, well-known pioneer of this City and owner of the world-famous Tivoli Cafe on Eddy street near Market street, which is one of the landmarks of old San Francisco, out of the goodness of his heart and as a token of his affection for the City of his adoption, has given two blocks of land bounded by Nineteenth and Twentieth avenues, Ulloa and Wawona streets, and valued at $250,000, for a park and playground in the Sunset District for the pleasure and enjoyment of its people, and where its residents and children might spend their hours of recreation among the flowers and trees that will shortly spring forth under the magic hand of our Superintendent of Parks; therefore, be it

Resolved, That this Board show the appreciation and gratitude of the people of the City and County of San Francisco for the splendid generosity of Carl Larsen and hereby recommends that the new park and playground to be created in the Sunset District be known as the "Carl Larsen Park and Playground," and be it

Further Resolved, That a copy of this resolution, properly engrossed and bearing the great seal of the City of San Francisco, be presented to Carl Larsen as a token of our appreciation.

Solicitation of Bids to Sell Water Supply System.

Supervisor Harrelson presented:

Resolution No. 27007 (New Series), as follows:

Resolved by the Board of Supervisors of the City and County of San Francisco as follows:

1. That the Board of Supervisors

of the City and County of San Francisco does hereby solicit offers for the sale to the said City and County of San Francisco of any existing water works and water distributing system now distributing water within the City and County of San Francisco and all of the property or such portion thereof whether located within or without the City and County of San Francisco as may be deemed necessary, including water rights, rights of way, storage reservoirs, water supply and pumping plants.

Any owner or owners of any such water distributing system or water supply as herein described, distributing water within the City and County of San Francisco are hereby invited to submit proposals or offers, in writing, to the Board of Supervisors for the sale of the same to the City and County, and such proposals shall be filed with the Clerk of the Board of Supervisors at any time prior to the 11th day of April, 1927.

It is hereby announced and declared to be the purpose and intention of the Board of Supervisors to consider any and all proposals or offers that may be made for the sale of any such water distributing system and water supply to the City and County on the said 11th day of April, 1927, and before submitting the proposals to the electors for the acquisition by original construction or condenmation of such water distributing system and water supply, in order that the electors may have the benefit of acquiring the same at the lowest possible cost thereof.

2. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper for the period of ten (10) days a notice in substantially the following form:

"*Notice Soliciting Offers for the Sale of Water Distributing Systems and Water Supply to the City and County of San Francisco.*

"To the owner of owners of any water distributing system or water supply now engaged in distributing water in the City and County of San Francisco:

"You are hereby solicited and invited to submit to the Board of Supervisors of the City and County of San Francisco prior to the 11th day of April, 1927, an offer or offers, in writing, to sell to the said City and County any water distributing system and water supply now distributing water within the City and County of San Francisco to the inhabitants thereof, together with all necessary lands within and without the City and County of San Francisco, storage reservoirs, rights of way, water rights, pumping plants and all appurtenances necessary to the conduct of a water distributing system.

"This notice is given in compliance with the Charter of the City and County of San Francisco and Resolution No. 27007 (New Series), adopted March 21, 1927, and your attention is called to the said resolution for further particulars.

Dated March 22, 1927.

J. S. DUNNIGAN,
Clerk."

3. The Clerk of said Board is hereby directed to cause a copy of the aforesaid notice to be mailed to the Spring Valley Water Company, addressed to them at their place of business in San Francisco, California.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Byington, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—16.

Absent—Supervisors Bath, Colman—2.

BRIDGE MATTERS—2 P. M.

Action Deferred.

Thereupon, the following resolutions and motions were taken up and, on motion, consideration thereof *continued one week, to-wit*:

Presented by Supervisor McSheehy:

Whereas, there are now pending before the Board of Supervisors various applications for franchises to construct and operate toll bridges over and across the Bay of San Francisco, between the City and County of San Francisco and the County of Alameda; and

Whereas, Section 4 of the Act of 1881 provides "That whenever the Supervisors of any county or counties desire to erect a bridge on any public highway, or to grant the privilege so to do, to any individual or corporation, across a navigable stream, said board or boards shall notify the State Engineer of such purpose, and of the precise point where said bridge is to be located,"; and

Whereas, a proper site for a bridge is one the San Francisco terminal of which will be within easy access of the business district of the City, and at the same time sufficiently removed from the main arteries of the City not to unduly congest the same, and the Alameda terminus of which will be easily accessible to traffic of all kinds, especially suburban railway traffic from all parts of the County of Alameda; and

Whereas, the area from and including Rincon Hill on the north, and to and including Sixteenth street on the south, in the City and County of San Francisco, and the area from and including Seventh, Bay, Eighth and Pine streets in the City of Oakland on the north, and to and including Pacific avenue in Alameda on the south, is a district well adapted to and possessing the necessary facilities and conditions for the terminals of a transbay bridge; and

Whereas, in order to meet the requirements of the shipping interests both in San Francisco and Oakland, and to the end that bay navigation shall be interfered with as little as possible, a high level bridge, the structure of which shall have a clearance of at least one hundred and thirty-five feet above the waters of the Bay, is best suited for said transbay bridge; and

Whereas, the City of San Francisco is by its charter committed to public ownership and operation of all public utilities, and that the City of San Francisco should itself construct, own and operate said bridge, if it is possible to do so; now, therefore, be it

Resolved, That the area from and including Rincon Hill on the north and to and including Sixteenth street on the south, in the City and County of San Francisco, and the area from and including the blocks bounded by Seventh, Bay, Eighth and Pine streets in the City of Oakland on the north, and to and including Pacific avenue in Alameda on the south, be and the same is hereby declared to be the area that is best suited for the respective terminals of a transbay bridge between the City and County of San Francisco and the County of Alameda, and that a high level bridge, the structure of which will have a clearance of at least one hundred and thirty-five feet above the navigable waters of the Bay and adequate length of span will least interfere with bay navigation and with the shipping interests thereon, and is hereby recommended as the type of bridge to be selected.

And be it Further Resolved, That a ruling of the War Department of the United States be forthwith sought as to whether a bridge may be constructed of the type, and with terminals located in the districts above set forth, and for that purpose a committee composed of two members of this Board to be selected by the Chairman of its Finance Committee, and the City Engineer and the City Attorney, or his representative, forthwith proceed to Washington for the purpose of urging the War Department to grant permission for the construction and maintenance of a high level bridge, adequate in height and in length of span, between terminals in the aforesaid area. And be it

Further Resolved, That the City of San Francisco is and by its charter committed to public ownership and operation of all public utilities, and that it should itself construct, own and operate said bridge, if it is possible to do so; and be it

Further Resolved, That pending advice and information from the War Department, that the hearing on all pending applications for franchises for transbay bridges be continued from time to time, to the end that this Board will not lose jurisdiction to pass upon them.

Supervisor Havenner presented:

"Resolved, That the Board of Supervisors of the City and County of San Francisco proceed forthwith to take the necessary legal steps, in accordance with the advice of the City Attorney, to form a bridge district under the State Bridge and Highway District Law, consisting of San Francisco and Alameda Counties, for the purpose of financing, constructing and operating a bridge across San Francisco Bay under public ownership."

Supervisor Roncovieri presented:

"Whereas, financial problems connected with the building of a bridge across the Bay are various and extremely involved, and absolutely fundamental in arriving at a favorable decision of policy as between a bridge built by public funds, or one to be built by private capital; therefore, be it

"Resolved, That the Bridge Committee of this Board be requested and empowered to employ expert financial accountants and actuaries who shall prepare from the records of this Board and other data a complete set-up of figures tabulating in parallel form the more profitable policy to be adopted."

Supervisor Shannon presented:

"Whereas, there are pending before the Board of Supervisors of the City and County of San Francisco various applications for franchises to construct and operate toll bridges over and across the Bay of San Francisco from various points in the City and County of San Francisco to various points in the County of Alameda; and

"Whereas, it appears to the Board of Supervisors that a toll bridge over and across the Bay of San

Francisco from Mission Rock to some suitable point in the County of Alameda will best serve the people of San Francisco and that Mission Rock is the most feasible and logical starting point for a transbay bridge between San Francisco and Alameda; and now therefore, be it

"Resolved, That the Board of Supervisors does hereby select Mission Rock as the best and most feasible starting point for a transbay bridge between San Francisco and the County of Alameda and does hereby designate said site as the point in San Francisco from which the first transbay bridge shall be constructed; and be it further

"Resolved, That all persons, firms and corporations who have heretofore made application for a franchise to construct and operate transbay toll bridges between San Francisco and Alameda County, as well as all other persons interested, be invited to present to this Board of Supervisors applications, plans and specifications for a franchise for a transbay toll bridge from Mission Rock in the City and County of San Francisco to some point in the County of Alameda."

Supervisor Shannon presented:

"Whereas, A. McLean Hawks, bridge and mining engineer, has called the attention of this Board to the advantages of Mission Rock as the location for the main bridge pier or bridge-head of the San Francisco Bay Bridge, and without thought of remuneration or reward has suggested that this location be considered by this City for its public bridge location; and

"Whereas, Mission Rock, in this engineer's judgment, has unequaled advantages as regards stability of the bridge, maximum length and height of channel spans, comparative shallowness of water to the east, economy of cost, absence of obstruction to shipping, facility to automobile traffic within San Francisco and passing through San Francisco; and the handling of interurban and trans-continental trains; and

"Whereas, the Bay bridge plan originally proposed by Hawks. later duplicated by Gustave Lindenthal and embodied in the McSheehy resolution, opens the way for the selection by this Board of a site that shall be the best site, irrespective of whether or not it has been previously proposed by private parties; and

"Whereas, the Mission Rock site has not been proposed by any private group seeking a franchise, but remains open for selection by this Board as the City's site if its apparent advantages be borne out by careful study; therefore, be it

"Resolved, That the City Attorney be and he is hereby instructed to file immediate condemnation proceedings against property known as Mission Rock, in order to protect the City at this time against any private proposal which may seek hereafter to utilize this site; and be it

"Further Resloved, That the Special Bridge Committee of this Board be and it is hereby instructed to give careful study to this location as the possible choice of the City and County of San Francisco."

Motions.

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

* * *

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times.

(Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

Report of Committee on Streets and Commercial Development on Reconstruction of California Street Between Franklin and Fillmore Streets.

Supervisor Marks presented the following report, which was read by the Clerk and *referred to the Finance Committee*:

San Francisco, March 28, 1927.

To the Honorable Board of Supervisors:

Your Committee on Streets and Commercial Development reports as follows concerning the reconstruc-

tion of California street between Franklin and Fillmore streets:

The sum of $48,600 to cover the cost of this work was set up in the 1926-1927 Budget (Item No. 135). This amount was appropriated and the work ordered done by Ordinance No. 7312, passed December 6, 1926. This amount provided for the reduction of sidewalk widths from 19 to 15 feet, but the Board of Supervisors, by unanimous vote, passed Ordinance No. 7254 on September 20, 1926, further reducing the sidewalk widths to 12 feet. This increased width to be paved has consequently increased the cost of the work, sufficient money remaining to complete one side of the street only. To complete the entire street will require an addition appropriation of $12,000. This amount was requested by the Board of Public Works in its Resolution No. 95642, passed January 21, 1927, referred to the Finance Committee by this committee on March 3d, with recommendation that appropriation be made. The Finance Committee, on March 4th, re-referred the request to the Streets Committee without approval and with the advice that the amount provided for in the Budget was ample to take care of the work as outlined at that time, and that it was not in accord with practice to increase costs during the current fiscal year.

The change in the plans was made with the approval of the entire Board and the work being under way, cannot be completed until the additional cost is provided for. Therefore this Committee recommends and requests that the sum of $12,000 be appropriated out of the Good Roads Fund to complete the reconstruction of California street as outlined.

Respectfully submitted,

MILTON MARKS,

Committee on Streets and Commercial Development.

Dangerous Condition of Chenery Street.

Supervisor Schmidt called attention of the Committee to the condition of Chenery street, which, he said, on account of the many curves, was exceedingly dangerous.
